After twelve years trapped in the throat of a serpent, a girl escapes. She returns to her village naked with a monstrous snakeskin trailing behind her. One decision at a time, she reclaims her life. Each character she encounters by land and sea—brute, healer, orphan, mystic, lover—reflects an unhealed aspect of herself and plots her recovery through symbolic milestones. *Serpent's Wake* is intended for adults and young adults exploring how, once fractured, we may mend.

[Cooper's 'Leather-stocking' tales, comprising The Deerslayer, The Pathfinder, The last of the Mohicans, The pioneers, The prairie Aegitas](#)

The Tale of Tales, made up of forty-nine fairy tales within a fiftieth frame story, contains the earliest versions of celebrated stories like Rapunzel, All-Fur, Hansel and Gretel, The Goose That Laid the Golden Egg, Sleeping Beauty, and Cinderella. The tales are bawdy and irreverent but also tender and whimsical, acute in psychological characterization and encyclopedic in description. They are also evocative of marvelous worlds of fairy-tale unreality as well as of the everyday rituals of life in seventeenth-century Naples. Yet because the original is written in the nonstandard Neopolitan dialect of Italian—and was last translated fully into English in 1932—this important piece of Baroque literature has long been inaccessible to both the general public and most fairy-tale

scholars. Giambattista Basile's "The Tale of Tales, or Entertainment for Little Ones" is a modern translation that preserves the distinctive character of Basile's original. Working directly from the original Neopolitan version, translator Nancy L. Canepa takes pains to maintain the idiosyncratic tone of The Tale of Tales as well as the work's unpredictable structure. This edition keeps the repetition, experimental syntax, and inventive metaphors of the original version intact, bringing Basile's words directly to twenty-first-century readers for the first time. This volume is also fully annotated, so as to elucidate any unfamiliar cultural references alongside the text.

Giambattista Basile's "The Tale of Tales, or Entertainment for Little Ones" is also lushly illustrated and includes a foreword, an introduction, an illustrator's note, and a complete bibliography. The publication of The Tale of Tales marked not only a culmination of the interest in the popular culture and folk traditions of the Renaissance period but also the beginning of the era of the artful and sophisticated "authored" fairy tale that inspired and influenced later writers like Charles Perrault and the Brothers Grimm. Giambattista Basile's "The Tale of Tales, or Entertainment for Little Ones" offers an excellent point of departure for reflection about what constitutes Italian culture, as well as for discussion of the relevance that forms of early modern culture like fairy tales still hold for us today. This volume is vital reading for fairy-tale scholars and anyone interested in cultural history.

Tales of the Punjab FriesenPress

The beautiful Averil is heir to the Duchy of Quitaine, in the Kingdom of Lys. She is a powerful mage, trained by the Ladies of the Isle, but when her father calls her home to take up her duties, she must leave that life behind. In her city of Fontevrai, she meets Gereint, raised as a common villager but greatly gifted in magic, a novice of the magical order of the Knights of the Rose. The Knights and their sister order, the Ladies of the Isle, defend a great secret: the means and location of the Serpent's imprisonment a

thousand years ago by the Young God in whose name their order was founded. Quitaine is under subtle attack by the King of Lys, who has secretly become an adept of the hidden order of the Serpent, and he will let nothing and no one stand in the way of his quest to discover how to free his God. But the Knights of the Rose, and the Ladies of the Isle believe that if the Serpent is freed, the world will be enslaved to chaos: humanity will destroy itself, and all that man has made will be corrupted. The War of the Rose and Serpent has begun again, after a thousand years. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Constructing Coherence in the British Short Story Cycle Lulu.com

These early works by Robert E. Howard were originally published in the early 20th century and we are now republishing them with a brand new introductory biography. 'The Tales of Conan the Barbarian' is a compilation of Howard's stories in the Conan series and include 'Beyond the Black River', 'Black Colossus', 'Queen of the Black Coast', and many more. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard - a bookish and somewhat introverted child - was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day, and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece - a short caveman tale titled 'Spear and Fang' - for \$16 to the not-yet-famous *Weird Tales* magazine. Howard's most

famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

Lexington Books

With friends gathered around, the travelling minstrel Valdevo Baudelaire shares some of his most adventurous tales, tales of gallantry, great courage, strife, and woe, of tricks and mischief, heroes and villains, and light and darkness. Dragons, fairies, humans, dwarves, and elves alike come together to fight the deadly, demonic army of a dark lord, while kings contest for rule, powerful wizards help those in need, magical swords empower the brave, and knights vie for love and honour. Full of wisdom and fun, this collection of short stories will bring readers into a high fantasy world of epic portions. So, embrace your mystical side and let your imagination wander as you kickback and enjoy reading The Tales of Rithanon.

Myths and Folk-tales of the Russians, Western Slavs, and the Magyars
Read Books Ltd

Conan is a barbarian warrior from Cimmeria, one of the pioneers of the depths of heroic fantasy, invented by Robert Erwin Howard in a cycle of short stories about the Hyborian Age, published in the magazine Weird Tales. From the works of Howard, he stepped into comics, movies and computer games, becoming one of the most popular fantasy heroes of the 20th century. Conan, as Howard introduced him to readers, is far from perfect and strongly resembles real historical barbarians or even Vikings. At the same time, he is guided by his own code of honor. He also definitely has a peculiar charm and sense of humor. This collection includes works published by Robert Howard in Weird Tales magazine (and not only) from 1932 to 1936. We also bring to the attention of readers the only classic fantasy novel written by him about Conan (no matter how strange it may seem) – The Hour of the Dragon.

Witchcraft in Europe was believed to be a combination of sorcery and heresy. While sorcery attempts to produce negative supernatural effects through formulas and rituals, heresy is the Christian contribution to witchcraft in which an individual makes a pact with the Devil. In addition, heresy denies witches the recognition of important Christian values such as baptism, salvation, Christ and sacraments. In Early Modern European tradition, witches were stereotypically, though not exclusively, women. European pagan belief in witchcraft was associated with the goddess Diana and dismissed as "diabolical fantasies" by medieval Christian authors. Witch-hunts first appeared in large numbers during the 14th and 15th centuries. It was commonly believed that individuals with power and prestige were involved in acts of witchcraft and even cannibalism. What if Snow White were the real villain and the "wicked queen" just a sadly maligned innocent? What if awakening Sleeping Beauty would be the mistake of a lifetime -- of several lifetimes? What if the famous folk tales were retold with an eye to more horrific possibilities? Only Tanith Lee -- "Goddess-Empress of the Hot Read" (Village Voice) could retell the world-famous tales of the Brothers Grimm (and others) as they might have been told by the Sisters Grimmer! This special edition, put together for the 30th anniversary of the original edition, adds a new Grimmer fairy tale written especially for this volume!

[The Great Book of Witchcraft](#) Lulu.com

The first major collection of essays on the contemporary British short story cycle, this volume offers in-depth explorations of the genre by comparing its strategies for creating coherence with those of the novel and the short story collection, inquiring after the ties that bind individual short stories into a cycle. A section on theory approaches the form from the point of view of genre theory, cognitive literary studies, and book studies. It is followed by investigations of hitherto neglected aspects of the generic tradition of the British short story cycle and how they relate to the contemporary outlook of the form. Readings of individual

contemporary cycles, illustrating the form 's multifaceted uses from the presentation of sexual identities to politics and trauma, make up the third and most substantial part of the volume, placing its focus squarely on the past decades. Unique in its combination of a focus on the literary traditions, politics and markets of the UK with a thorough examination of the genre 's manifold formal and thematic potentials, the volume explores what is at the heart of the short story cycle as a literary form: the constant negotiation between unity and separateness, collective and individual, of coherence and autonomy.

Witchcraft & Second Sight in the Highlands & Islands of Scotland e-artnow

The book "A History of Story-telling studies in the development of narrative" examines the history of narrative and storytelling by focusing on the development of form and techniques in the narrative. The book is divided into two major sections. The first section begins with an examination of the origins of narrative and storytelling, then moves on to an analysis of the medieval poem 'The Romance of the Rose,' as well as works by Chaucer and Boccaccio. This section also looks at the Rogue Novel, the Elizabethans, and the Pastoral, as well as Cervantes and eighteenth-century authors like Fielding, Smollett, and the masculine novel. The second section examines Romanticism to various authors such as Chateaubriand and then moves on to a study of nineteenth-century literature before concluding with a note on Flaubert and De Maupassant and a general conclusion.

The Serpent Pool Routledge

The Essex coastline has endured invasion by plundering and bloodthirsty Romans, Anglo-Saxons and Vikings, and this mysterious landscape is still haunted by their presence. Their spirits, and countless others, have oft been reported – not least by smugglers determined to keep intruders away from their secret hideouts. Even more dramatic stories of the supernatural lurk inland: accusations of witchcraft have been screamed around many picturesque market towns, dragons have terrorised the community, and a violent White Lady has struck at Hadleigh Castle. Indeed, it is the women of Essex who have stirred the imagination most – from brave Boudicca and beautiful Edith Swan-neck to the adulteress Kitty Canham. Amid the county 's infamous pirates, highwaymen and desperados, Essex can even boast a lady smuggler.

Pathfinder Tales: Song of the Serpent e-artnow

For the weary urban dweller, the verdant Mangala valley

near the Bandipur National Park in Karnataka,; would seem like a haven of peace and tranquility. Appearances could not be more deceptive, as Saad Bin Jung discovered after forsaking his life in the city for a stone cottage in the valley. If the surrounding jungles were teeming with wildlife of every variety, the life that the human of the area led was no less wild. Here, he recounts the adventures that he had with some of them: the leopard who moved into 'bison cottage', the dining hall cobra, the magnificent Mangala tiger, Torn Ears, the most-photographed gaur of his time, and the elephants whom he loved with a passion, Colonel Hathi, Jayaprakash and even the Rightchipped Tusker with his bullying ways, amongst them. Not to be outdone were the members of the Kuruba tribe and other humans - Mr B, the family expert, the elderly manager with a raging libido, the gorgeous foreign girls who almost saw him booted out of the family - who came to share his life at Bush Betta, the wildlife resort that he set up in 1991. Hair-raising and hilarious, these are stories that anyone who has had a taste of the wild, or wished that they could, will enjoy, as much for their drama and comedy as for the many fascinating insights into animal behaviour that they provide. No less compelling is the message between the lines, the grandeur and beauty of India's forests, and the need to preserve them at all costs.

[Myths and Folk-Tales](#) Routledge

Melusine the Serpent Goddess in Myth and Literature examines how women were once worshipped as the life force, but later suppressed with the introduction of monotheism and a changing attitude regarding the sexes. It connects the literary conception of the Melusine story to myths and legends of the snake or dragon goddess, from ancient to contemporary times.

Hauff's Tales Asian Educational Services

On his eleventh birthday Thomas Farrell is informed that the deceased father he never knew has provided for his education at Darkledun Manor, a school for gifted children. Thomas, however, feels he's just an ordinary boy, but Darkledun Manor proves to be anything but an ordinary school... In this work of fiction the reader is transported into a world of myth as the young protagonist, Thomas Farrell, seeks to understand who his mysterious father was, and why he left him a strange glass orb containing a serpent. As the story progresses, Thomas and his friends become increasingly caught up in a world they never knew existed - a world beyond the standing stones.
