Minnesota Historical Society Press
Empires at War, 1911-1923 offers a new perspective on the history of the Great War. It expands the story of the war both in time and space to include the violent conflicts that preceded

and followed the First World War, from the 1911 Italian invasion of Libya to the massive violence that followed the collapse of the Ottoman, Russian, and Austrian empires until 1923. It also presents the war as a global war of empires rather than a European war between nation-states. This volume tells the story of the millions of imperial subjects called upon to defend their imperial governments' interest, the theatres of war that lay far beyond Europe, and the wartime roles and experiences of innumerable peoples from outside the European continent. Empires at War covers the broad, global mobilizations that saw African soldiers and Chinese labourers in the trenches of the Western Front, Indian troops in Jerusalem, and the Japanese

military occupying Chinese territory. Finally, the volume shows how the war set the stage for the collapse not only of specific empires, but of the imperial world order writ large.

The Emigrants Routledge

At the beginning of the twentieth century, in the poverty-stricken Swedish region of Småland, young Valter, the son of a soldier, explores the world around him and watches his older brothers emigrate to America. In this novel of the life of a farm boy, first published in three volumes in 1946, Vilhelm Moberg sensitively explores his own childhood. When Valter, a boy with great imagination, describes the exciting

things he sees so vividly, he is punished for lying, so he learns to write his stories down instead. He willingly leaves school and helps support his family by working in lumber camps and a glass factory. His father's ill health and death bring even harder times. Through all his toil, he debates whether to honor his father's wish and remain in Sweden to support his mother. With gentle irony and a loving knowledge of the landscape, the people, and the larger issue of class struggle, Moberg offers American readers a deeply moving view of the other side of Swedish immigration.

Immigration and Settlement, 1870-1939 includes twenty articles organized under the following topics: the "Opening of the Prairie West," First Nations and the Policy of Containment, Patterns of Settlement, and Ethnic Relations and Identity in the New West. The second volume in the History of the Prairie West Series, Immigration and Settlement

includes chapters on early immigration patterns including transportation routes and ethnic blocks, as well as the policy of containing First Nations on reserves. Other chapters grapple with the various identities, preferences, and prejudices of settlers and their complex relationships with each other as well as the larger polity.

Sessional Papers Walter de Gruyter GmbH & Co KG

Focusing on the intersection between globalization and migration, this powerful text traces a dynamic, contradictory process that has set the world in motion and incorporated millions of migrants into an economic market whose dimensions are unprecedented in human history. Eliot Dickinson emphasizes recent developments in global politics, such as the massive number of refugees from wars in the Middle East who are now seeking asylum in Europe; the "Fortress Europe" mentality illustrated on the Italian island of

Lampedusa; the heart-wrenching humanitarian challenge of Mexican and Central American children arriving alone in the United States; and the effects of climate change and environmental destruction on international migration. Today, with the collaboration of compliant governments and elites in the peripheral countries of the Global South, multinational corporations continue to flout regulations, destroy the environment, and take advantage of the large number of displaced, unemployed workers. While globalization is eliminating barriers between countries and making it easier for goods and capital to move around the world, the industrialized countries of the Global North are simultaneously putting up barriers to people and making it harder for them to migrate. This timely and provocative book explains how we have arrived at this paradoxical point in history and critically examines why governments are enacting policies that protect borders instead of people.

This volume examines the interaction between foreign policy-making and multicultural societies. It analyses the challenges of rapid social change associated with inward migration and increased ethnic and cultural diversity in ten EU Member States.

A Time on Earth University of North Texas Press

A riveting family saga immersed in the gritty, dark side of Swedish immigrant life in America in the early twentieth century When Gustaf and Anna Klar and their three children leave Sweden for New York in 1897, they take with them a terrible secret and a longing for a new life. But their dream of starting over is nearly crushed at the outset: a fire devastates Ellis Island just as they arrive, and then the relentlessly harsh conditions and lack of work in the city make it impossible for Gustaf to support

his family. An unexpected gift allows the Klars to make one more desperate move, this time to the Midwest and a place called Swede Hollow. Their new home is a cluster of rough-hewn shacks in a deep, wooded ravine on the edge of St. Paul, Minnesota. The Irish, Italian, and Swedish immigrants who live here are a hardscrabble lot usually absent from the familiar stories of Swedish American history. The men hire on as poorly paid day laborers for the Great Northern or Northern Pacific railroads or work at the nearby brewery, and the women clean houses, work at laundries, or sew clothing in stifling factories. Outsiders malign Swede Hollow as unsanitary and rife with disease, but the Klar family and their neighbors persevere in this neglected corner of the city—and consider it home. Extensively researched and beautifully written, Ola Larsmo ' s award-winning novel vividly portrays a family and a community determined to survive. There are hardships, indignities, accidents, and harrowing encounters, but also acts of loyalty and kindness and moments of joy. This haunting story of a real place echoes the larger challenges of immigration in the twentieth century and today.

The Last Letter Home University of Hawaii Press
Roger McKnight's translation of The

Unknown Swedes is the first English-language book to reveal Moberg's views on emigration, America, and Sweden. In the 1950 edition of The Unknown Swedes, Moberg was guardedly optimistic about the United States. In 1968 Moberg, distraught at America's involvement in the Vietnam War, appended the chapter "Twenty Years Later" to the new edition of The Unknown Swedes. This essay attacks "vulgar patriotism" in America.

Report Rowman & Littlefield
Shows how Japanese anxiety about overpopulation was used to justify expansion, blurring lines between migration and settler colonialism. This title is also available as Open Access.

Brides of Midsummer New Directions Publishing

Robyn Burnett and Ken Luebbering first looked at how immigration has affected Missouri ' s cultural landscape in their popular book German Settlement in Missouri: New Land, Old Ways. Now they tell the stories of women from all across Europe who left the Old World for Missouri. Drawing heavily on the women ' s own stories, Immigrant Women in the Settlement of Missouri illustrates common elements of their lives without

minimizing the diversity and complexity of each individual's experience. The book begins with descriptions culled from diaries, letters, and memoirs documenting preparations for the journey, the perilous Atlantic crossing, and the sometimes equally long and arduous trip from the port of entry to Missouri. Burnett and Luebbering go on to examine how women, once in Missouri, coped with the problems of daily life in an unfamiliar and occasionally hostile environment. Whether it was the hardships of the frontier, the harsh realities of urban life, childbirth, the deaths of family members, isolation, or prejudice, their new lives brought numerous challenges. Many found success and contentment, as well, and the book also documents their joys and triumphs: physical survival, economic prosperity, thriving families, friendships, and community celebrations. Because it examines the lives of women from many social classes and ethnic backgrounds, *Immigrant Women in the Settlement of Missouri* does much to explain the rich cultural diversity Missouri enjoys today. The photographs and narratives relating to Czech, French, German, Hungarian, Irish, Italian, and Polish life will remind descendants of immigrants that many customs and traditions they grew up practicing have roots in their home

countries and will also promote understanding of the customs of other cultures. In addition to the ethnic and class differences that affected these women's lives, the book also notes the impact of the various eras in which they lived, their education, the circumstances of their migrations, and their destinations across Missouri. With their engaging and straightforward narrative, Burnett and Luebbering take the reader chronologically through the history of the state from the colonial period to the Civil War and industrialization. Like all *Missouri Heritage Readers*, this one is presented in an accessible format with abundant illustrations, and it is sure to please both general readers and those engaged in immigrant and women's studies.

Tracing the Jerusalem Code
University of Regina Press

With the aim to write the history of Christianity in Scandinavia with Jerusalem as a lens, this book investigates the image – or rather the imagination – of Jerusalem in the religious, political, and artistic cultures of Scandinavia through most of the second millennium. Volume 3 analyses the impact of Jerusalem on Scandinavian Christianity from the middle of the 18. century in a broad context. *Tracing the Jerusalem Code* in three volumes
Volume 1: *The Holy City Christian Cultures in Medieval Scandinavia* (ca. 1100 – 1536)
Volume 2: *The Chosen People Christian Cultures in Early Modern Scandinavia* (1536 – ca. 1750)
Volume 3: *The Promised Land Christian Cultures in Modern Scandinavia* (ca. 1750 – ca. 1920)

The Unknown Swedes The Settlers
In the wake of World War II, the arts and culture of Europe became a site where the devastating events of the 20th century were remembered and

understood. Exploring one of the most integral elements of the cinematic experience—music—the essays in this volume consider the numerous ways in which post-war European cinema dealt with memory, trauma and nostalgia, showing how the music of these films shaped the representation of the past. The contributors consider films from the United Kingdom, Poland, the Soviet Union, France, Italy, Germany, Sweden, Austria, and the Netherlands, providing a diverse and well-rounded understanding of film music in the context of historical memory. Memory is often underrepresented within scholarly musical studies, with most of these applications found in the disciplines of ethnomusicology, popular music studies, music cognition, and psychology and music therapy. Likewise, trauma has mainly been studied in relation to music in only a few historical contexts, while nostalgia has attracted even less academic attention. In three parts, this volume addresses each area of study as it relates to the music of European cinema from 1945 to 1989, applying an interdisciplinary approach to investigate how films use music to negotiate the precarious relationships we maintain with the past. *Music, Collective Memory, Trauma, and Nostalgia in European Cinema after the Second World War*

offers compelling arguments as to what makes music such a powerful medium for memory, trauma and nostalgia. Report on Canadian Archives University of Missouri Press
Considered one of Sweden's greatest 20th-century writers, Vilhelm Moberg created Karl Oskar and Kristina Nilsson to portray the joys and tragedies of daily life for early Swedish pioneers in America. His consistently faithful depiction of these humble people's lives is a major strength of the *Emigrant Novels*. Moberg's extensive research in the papers of Swedish emigrants in archival collections, including the Minnesota Historical Society, enabled him to incorporate many details of pioneer life. First published between 1949 and 1959 in Swedish, these four books were considered a single work by Moberg, who intended that they be read as documentary novels. These editions contain introductions written by Roger McKnight, Gustavus Adolphus College, and restore Moberg's bibliography not included in earlier English editions. Book 1 introduces Karl Oskar and Kristina Nilsson, their three young children, and eleven others who make up a resolute party of Swedes fleeing the poverty, religious persecution, and social oppression of Smaland in 1850. "It's

important to have Moberg's *Emigrant Novels* available for another generation of readers." --Bruce Karstadt, American Swedish Institute
Report Minnesota Historical Society Press
A masterwork of W. G. Sebald, now with a gorgeous new cover by the famed designer Peter Mendelsund The four long narratives in *The Emigrants* appear at first to be the straightforward biographies of four Germans in exile. Sebald reconstructs the lives of a painter, a doctor, an elementary-school teacher, and Great Uncle Ambrose. Following (literally) in their footsteps, the narrator retraces routes of exile which lead from Lithuania to London, from Munich to Manchester, from the South German provinces to Switzerland, France, New York, Constantinople, and Jerusalem. Along with memories, documents, and diaries of the Holocaust, he collects photographs—the enigmatic snapshots which stud *The Emigrants* and bring to mind family photo albums. Sebald combines precise documentary with fictional motifs, and as he puts the

question to realism, the four stories merge into one unfathomable requiem. *Sojourners and Settlers, Chinese Migrants in Hawaii* Minnesota Historical Society Press
The Settlers Minnesota Historical Society Press
The Settlers Minnesota Historical Society Press
The Emigrants OUP Oxford
The first English translation of an early and important work by Vilhelm Moberg. For centuries, people have celebrated every Midsummer 's Eve at an ancient spring near a small Swedish village. On that special night, when unmarried men and women dance and some unusual activities are permitted, the Bridal Spring has special powers. Vilhelm Moberg introduces four musicians on the last day that each one will ever know: a curmudgeonly fiddler from the 1930s, a sad and conscientious key-harp player from the plague era of 1711, a ne'er-do-well who plays the flute in 1545, and a goat-horn blower from prehistoric times who, like the others, only seeks happiness with a woman. Binding their stories together is the voice of the Bridal Spring itself, tart and grudgingly compassionate—and slow to reveal its

secret. Each progression backward in time reflects Moberg 's rich knowledge of folklore and shows the changes in everyday life in Sweden 's past. First published in 1946, before the *Emigrants* novels, *The Brides of Midsummer* is a complex, compelling journey through the arc of human life.
The Book of Names, Especially Relating to the Early Palatines and the First Settlers in the Mohawk Valley Minnesota Historical Society Press
This collection of essays by eminent Scandinavists focusses on works and artistic movements prominent towards the ends of the last four centuries. The last decade of each century has seen amazing innovations in Scandinavian arts, especially in literature: the flowering of genres in national languages in the 1600s, the bawdy rococo voice of Carl Michael Bellman in the 1700s, the rise of Scandinavian drama with August Strindberg and Henrik Ibsen and the neoromanticism of the premodernistic novels of Hamsun.

Each essay is a study from the unique perspective of one of the field's foremost European or American scholars and is inspired by the Renaissance interests of the Norwegian scholar Harlad S. Naess. The collection as a whole contributes to the creation of a modern, multilayered view of the beginnings and endings of the seventeenth-, eighteenth-, nineteenth- and twentieth-century worlds in Scandinavia and Scandinavian America.
