Please note: This is a companion version & not the original book. Sample Book Insights: #1 The practice of yoga provides many physical benefits, but its core is the integration of all the layers of life. It is a science of balanced living, a path for realizing full human potential. #2 The Seven Spiritual Laws of Yoga program will raise your level of physical vitality, clear emotional blockages from your heart, and awaken your joyfulness and enthusiasm for life. #3 The Western scientific model of a person is primarily physical, and it focuses on the material aspect of life. However, this approach can be extremely effective in the short term relief of symptoms. It rarely promotes a deeper understanding of life, and the side effects of medications are often limiting. #4 The game of hide-and-seek that spirit plays with us is the process of uncovering the layers that mask our essential unbounded nature. These layers are called koshas, and they are divided into three primary divisions: a physical

---

body, a subtle body, and a causal body.

In less than one hour, you can learn the secrets to success that will change your life forever... In this abridged, "One Hour of Wisdom" edition of his classic bestselling book, Chopra gathers his most powerful pearls of wisdom, and offers a life-altering perspective on the attainment of success. Based on natural laws that govern all of creation, this book shatters the myth that success is the result of hard work, exacting plans, or driving ambition. Instead, Chopra reveals a life-altering perspective on the attainment of success: When we understand our true nature and learn to live in harmony with natural law, a sense of well-being, good health, fulfilling relationships, and material abundance spring forth easily and effortlessly.

*Metahuman* Penguin

The Seven Spiritual Laws of Success was a phenomenally successful book--more than 1,600,000 copies were sold--and as copies were passed between friends and loved ones, it touched

millions more lives. Its author, Deepak Chopra, received thousands of letters from readers, many of whom expressed the desire to convey those same principles to their children, along with questions about how to do so. This book, *The Seven Spiritual Laws for Parents*, is Dr. Chopra's answer to those letters and to parents around the world who wish to raise children with values that satisfy spiritual needs as well as create the experience of abundance. After a general discussion of parenting and the gift of spirit, this book explores specific ways to practice the Seven Spiritual Laws as a family, how to convey these laws to children depending on their ages, and how to embody them in age-specific activities each day, beginning on Sundays with the Law of Pure Potentiality. *The Seven Spiritual Laws for Parents* moves us beyond private triumphs and failures to experience the spiritual nature of communion with family, to share with those closest to us the infinite riches of innocence and love.

**Summary of Deepak Chopra & David Simon's The Seven Spiritual Laws of Yoga** Harmony

Is it possible to venture beyond daily living and experience heightened states of awareness? Deepak Chopra says that higher

---

consciousness is available here and now. "Metahuman helps us harvest peak experiences so we can see our truth and mold the universe's chaos into a form that brings light to the world."—Dr. Mehmet Oz, attending physician, New York-Presbyterian, Columbia University New York Times bestselling author Deepak Chopra unlocks the secrets to moving beyond our present limitations to access a field of infinite possibilities. How does one do this? By becoming metahuman. To be metahuman, however, isn't science fiction and is certainly not about being a superhero. To be metahuman means to move past the limitation constructed by the mind and enter a new state of awareness where we have deliberate and concrete access to peak experiences that can transform people's lives from the inside out. Humans do this naturally—to a point. For centuries the great artists, scientists, writers, and many so-called ordinary people have gone beyond the everyday physical world. But if we could channel these often bewildering experiences, what would happen? Chopra argues we would wake up to experiences that would blow open your body, mind, and soul. Metahuman invites the reader to walk the path here and now. Waking up, we learn, isn't just about mindfulness or meditation. Waking up, to become metahuman, is to expand our consciousness in all that we think, say, and do. By going beyond, we liberate ourselves from old conditioning and all the mental constructs that underlie anxiety, tension, and ego-driven demands. Waking up allows life to make sense as never before. To make this as practical as possible,

Chopra ends the book with a 31-day guide to becoming metahuman. Once you wake up, he writes, life becomes transformed, because pure consciousness—which is the field of all possibilities—dawns in your life. Only then does your infinite potential become your personal reality.

[The Seven Spiritual Laws of Success](#) The Seven Spiritual Laws of Success Demonstrates how to navigate life challenges in four common areas including relationships, success, health, and personal growth, providing compassionate recommendations for achieving balance and handling conflicts.

**The Seven Spiritual Laws of Success** Tate Publishing The anniversary edition of this beloved bestseller is celebrated in Prefaces by Oprah Winfrey and Maya Angelou and contains a new Foreword by the author, website links, and a new Study Guide to help readers find even deeper meaning and fulfillment. The Seat of the Soul encourages you become the authority in your own life. It will change the way you see the world, interact with other people, and understand your own actions and motivations. Beginning with evolution, Gary Zukav takes you on a penetrating exploration of the new phase humanity has entered: we are evolving from a species that understands power as the ability to manipulate and control—external power—into a species that understands power as the alignment of the

---

personality with the soul-authentic power. Our evolution requires each of us to make the values of the soul our own: harmony, cooperation, sharing, and reverence for Life. Using his scientist's eye and philosopher's heart, Zukav shows us how to participate fully in this evolution, enlivening our everyday activities and all of our relationships with meaning and purpose. The Seat of the Soul has sold millions of copies around the globe, and as it changes lives, more and more people begin to live by the values of the spirit. Indeed, a new world is emerging, and this book brings its message to you.

energy that flows in the world. What will you learn? You'll discover that your power to succeed lies in your spirituality. You'll recognize the value of positive thinking, and that everything good you deliver to the universe will return to you increased. You'll experience the power of intention, which eliminates obstacles and helps you move on. You'll learn to enjoy every moment of life and be happy. Content Chapter 01: What Is The First Law Of Pure Potentiality? Chapter 02: What Is The Second Law? Chapter 03: What Does The Third Law Of Karma Consist Of? Chapter 04: How Does The Fourth Law Of The Minimum Effort Work? Chapter 05: How To Apply The Fifth Law Of Intention And Desire To Our Daily Life? Chapter 06: What Does The Law Of Discharge Consist Of? Chapter 07: What Is Life's Purpose? Chapter 08: Which Are The Three Components Of The Law Of Dharma? About Mentors Library Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill

the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

The Seven Spiritual Laws Of Success For Parents Turner Publishing Company

Scientists, physicians and spiritual personalities are coming to the public with the message of initiating a new development of consciousness that connects science and spirituality with ever greater, more frequent and convincing results. In physics, especially in quantum physics, the boundaries between these two areas are often no longer clear. Quantum physics has demonstrated how consciousness can change. Now this knowledge must also be used in a targeted manner. To have success is to realize wishes with very specific intentions. Chopra, in his book "The Seven Spiritual Laws of Success," now shows the way everyone can realize their desires and intentions without difficulty, with consciousness. I will therefore try to describe and comment on these laws so that it is easier for people to implement them. But does not relieve anyone of the discipline of working and apply on a regular basis.

**The Seat of the Soul** Everest Media LLC

Is philosophy obsolete? Are the ancient questions still relevant in the age of cosmology and neuroscience, not to mention crowd-sourcing and cable news? The acclaimed philosopher and novelist Rebecca Newberger Goldstein provides a dazzlingly original plunge into the drama of philosophy, revealing its hidden role in today's debates on religion, morality, politics, and science. At the origin of Western philosophy stands Plato, who got about as much wrong as one would expect from a thinker who lived 2,400 years ago. But Plato's role in shaping philosophy was pivotal. On her way to considering the place of philosophy in our ongoing intellectual life, Goldstein tells a new story of its origin, re-envisioning the extraordinary culture that produced the man who produced philosophy. But it is primarily the fate of philosophy that concerns her. Is the discipline no more than a way of biding our time until the scientists arrive on the scene? Have they already arrived? Does philosophy itself ever make

progress? And if it does, why is so ancient a figure as Plato of any continuing relevance? Plato at the Googleplex is Goldstein's startling investigation of these conundra. She interweaves her narrative with Plato's own choice for bringing ideas to life—the dialogue. Imagine that Plato came to life in the twenty-first century and embarked on a multicity speaking tour. How would he handle the host of a cable news program who denies there can be morality without religion? How would he mediate a debate between a Freudian psychoanalyst and a tiger mom on how to raise the perfect child? How would he answer a neuroscientist who, about to scan Plato's brain, argues that science has definitively answered the questions of free will and moral agency? What would Plato make of Google, and of the idea that knowledge can be crowd-sourced rather than reasoned out by experts? With a philosopher's depth and a novelist's imagination and wit, Goldstein probes the deepest issues confronting us by allowing us to eavesdrop on Plato as he takes on the modern world. (With black-and-white photographs throughout.)
