know about me is I'm not a writer, and I'm not an expert on self-publishing either. I never worked in the industry, and I don't have any experience working for the big publishers. In fact, the only thing I consider myself an expert in is how to sell on eBay, Amazon, and Fiverr... So why should you listen to me? Like most indie authors, I came into publishing through the back door. I had a story to tell, and one day I just sat down and let it all come out. What I wrote wasn't pretty, or polished...but, it helped a lot of people sell more stuff on eBay. What I couldn't say with fancy prose, I made up for with enthusiasm. Because of that, my books sold. I'm not going to lie to you. It wasn't easy. I read just about every book available on self-publishing. I studied up on KDP Free days, Countdown Deals, price pulsing...

**THE BIBLE: ERRORS! MISTAKES! INCONSISTENCIES! CONTRADICTIONS!** Critics claim that the Bible is filled with so-called errors, mistakes, inconsistencies, and contradictions. Some even speak of thousands of errors. The truth is there is not even one demonstrated error in the original text of the Bible. Of course, we would never say that there are no difficulties in our Bibles. The Bible is loaded with thousands of difficult, challenging passages, many of which become obstacles in the development of our faith. These difficulties arise out of differences in culture, language, religious and political organizations, not to mention between 2,000 to 3,500 years of separation between the Bible author and the modern-day reader. Calling attention to these difficulties and sifting out the misconceptions, Andrews defends the full

inerrancy of the Bible, clarifies the so-called errors or mistakes and what might seem like apparent contradictions. He arms the Christian with what he or she needs to defend their faith in the Bible. Honestly, whenever Christians find a difficulty in the Bible, frankly, acknowledge it. Do not try to obscure it. Do not try to dodge it. Herein is the defense of God's Word that Christians have been waiting for.
