The Sexual Politics  
of Meat shows how a  
process of  
objectification,  
fragmentation, and  
consumption enables  
the oppression of  
animals so that

interconnectedness of various levels of subjugation - racism, sexism, classism - and a relatively niche term to address the hierarchical divide between humans and non-humans - speciesism. Writing in the original edition's preface, Adams introduces how the practice of meat-eating is inherently connected to male dominance, and how animal oppression is linked to women oppression.
