Starve the Patriarchy! | Speciesism and The Sexual ...

The Sexual Politics of Meat argues that what, or more precisely who, we eat is determined by the patriarchal politics of our culture, and that the meanings attached to meat eating are often clustered around virility. We live in a world in which men still have considerable power over women, both in public and in private.

In her ground-breaking work *The Sexual Politics of Meat*, Carol J. Adams explicitly addresses the interconnectedness of various levels of subjugation – racism, sexism, classism – and a relatively niche term to address the hierarchical divide between humans and non-humans – speciesism. Writing in the original edition's preface, Adams introduces how the practice of meat-eating is inherently connected to male dominance, and how animal oppression is linked to women oppression.

First published in 1990, *The Sexual Politics of Meat* is a landmark text in the ongoing debates about animal rights. In the two decades since, the book has inspired controversy and heated debate. *The Sexual Politics of Meat* argues that what, or more precisely who, we eat is determined by the patriarchal politics of our culture, and that the meanings attached to meat eating are often clustered around virility.
