For Writers | Miscellaneous & Recommendations  
Format: Kindle Edition  
The premise of Ellen Allen 's novel, The Sham, is good and the twist is

believable. There was sufficient foreshadowing woven into the story to keep the reader engaged. Overall, the writing was quite strong with only minor typos and one incident of POV switching.

The Sham is an intriguing, exciting debut

novel by Ellen Allen. A true page turner. It 's a psychological and contemporary Young Adult thriller that has just the right amount of mystery and drama to keep you reading...desperately wanting to figure out just who the bad guy is.

Books

The Sham isn't for the faint-hearted, but it isn't gratuitous or explicit. This is a brilliantly written, unsettling book, and I will wait for Ellen Allen's next book with great excitement.
