As they travel down a remote part of the Amazon River on a luxurious yacht, they spend their days indulging in their macabre pastime. Through a haze of pain and pleasure, the lovers are witness to a series of increasingly sinister portents, dreams and visions that haunt their claustrophobic and disturbing world. With Peter Straub's signature, breathtaking twists and an astonishing climax, you'll never forget The Ballad of Ballard and Sandrine.

Peter Mendelsund has enjoyed years as a much-sought-after book cover designer and art director. Among the many recognizable jackets he has created are those for *The Girl with the Dragon Tattoo*; collections of the works of Joyce, Kafka, Dostoevsky, de Beauvoir, and Foucault; the contemporary works of Martin Amis, Tom McCarthy, Ben Marcus, Jo Nesbø, and James Gleick; and many more. All have greatly benefitted from the care and touch Mendelsund gave them. Cover abounds with Mendelsund's completed book jackets along with ephemera from his previously unseen creative method, including jacket sketches, interior art and editorial illustrations, and scores of rejected drafts. These images are punctuated by Mendelsund's reflections on his work and his process, as well as by texts from writers with whom he has worked and designed for. Cover is a compendium of beautiful design and a beautiful design object itself; a profile and celebration of one of the publishing world's most talented and prolific contemporary creators, and a brilliant showcase of his deft touch for balanced and innovative design.

With playfulness and ingenuity in the tradition of Douglas Adams, the Cuban science fiction master Yoss delivers a space opera of intergalactic proportions with *Super Extra Grande*, the winner of the 20th annual UPC Science Fiction Award in 2011.

“What a hilarious ride—the übersurreal meets *The Daily Show*.” —Tim Dorsey, author of *Nuclear Jellyfish* In the bestselling and rightfully cult-inspiring tradition of Kurt Vonnegut and Douglas Adams comes *First Contact*—an hysterically funny satire about Presidential politics and intergalactic misunderstanding. This smart and biting novel by Evan Mandery—an author equally well-versed in the lives of the U.S. presidents, existential philosophy, and the Simpsons—offers much food for intellectual thought along with an all-you-can-eat buffet of laughs, as it chronicles the first close encounters between earthlings and a vastly superior extraterrestrial race from Rigel-Rigel. As the subtitle of *First Contact* so presciently informs us, “It’s Later than You Think.”

HE RAISED AN ARMY AGAINST THOSE WHO TOOK EVERYTHING FROM HIM They should have picked their enemies more carefully. Five centuries from now, on a remarkably Earthlike planet that is mankind's sole colony in space, religious fanatics called the "Salafi Ikhwan" have murdered the uncle of former colonel Patrick Hennessey. That was their first mistake, because uncle was rich and Hennessey was rather a good colonel. But they also murdered Hennessey's wife, Linda, and their three small children, and that was their worst mistake for she was the only restraint Hennessey had ever accepted. From the pile of rubble and the pillar of fire that mark the last resting place of Linda Hennessey and her children arises a new warrior¾Carrera, scourge of the Salafis. He will forge an army of ruthless fanatics from the decrepit remains of failed state's military. He will wage war across half a world. He will find those who killed his family. He will destroy them, and those who support them, utterly, completely, without restraint or remorse. Only when he is finished will there be peace: the peace of an empty wind as it blows across a desert strewn with the bones of Carrera's enemies. At the publisher's request, this title is sold without DRM (Digital Rights Management).
