Amongst British diplomats, there ’ s a poignant joke that ‘ Iran is the only country in the world which still regards the United Kingdom as a superpower ’ . For many Iranians, it ’ s not a joke at all. The past two centuries are littered with examples of Britain reshaping Iran to suit its own ends, from dominating its oil, tobacco and banking industries to removing its democratically elected Prime Minister, Mohammad Mossadegh, in a 1953 US – UK coup. All this, and the bloody experience of the Iran – Iraq War of 1980 – 88, when the country stood alone against an act of unprovoked aggression by Saddam Hussein, has left many Iranians with an unwavering mistrust of the West generally and the UK in particular. Today, ordinary Iranians live with an economy undermined by sanctions and corruption, the media strictly controlled, and a hardline regime seeking to maintain its power by demonising outsiders. With tensions rising sharply between Tehran and the West, former Foreign Secretary Jack Straw unveils a richly detailed account of Britain ’ s turbulent relationship with Iran, illuminating the culture, psychology and history of a much-misunderstood nation. Informed by Straw ’ s wealth of experience negotiating Iran ’ s labyrinthine internal politics, The English Job is a powerful, clear-sighted and compelling portrait of an extraordinary country.

Greta knows two things to be true. The first: trolls don't venture into the forest, especially during the day. The second: kings don't save peddlers' daughters from those trolls, and they certainly don't deposit them atop royal horses and personally escort them home. But sometimes, they do. And sometimes afterward, life gets very complicated... The Queen of Gold and Straw is a romantic fairy tale retelling full of humor, first love, new love, promises, lots of straw, and--of course--gold. Author's note: This is a full-length novel that started as a short story originally published in the Once Upon a Happy Ending anthology. While I was writing the story, I knew there was so much more to tell. Some of the content remains the same, but most of it is brand-new, revised, rewritten, and reimagined.

Growing Vegetables in Straw Bales Grove Press

The British bestseller Straw Dogs is an exciting, radical work of philosophy, which sets out to challenge our most cherished assumptions about what it means to be human. From Plato to Christianity, from the Enlightenment to Nietzsche and Marx, the Western tradition has been based on arrogant and erroneous beliefs about human beings and their place in the world. Philosophies such as liberalism and Marxism think of humankind as a species whose destiny is to transcend natural limits and conquer the Earth. John Gray argues that this belief in human difference is a dangerous illusion and explores how the world and human life look once humanism has been finally abandoned. The result is an exhilarating, sometimes disturbing book that leads the reader to question our deepest-held beliefs. Will Self, in the New Statesman, called Straw Dogs his book of the year: "I read it once, I read it twice and took notes . . . I thought it that good." "Nothing will get you thinking as much as this brilliant book" (Sunday Telegraph).

The Last Straw: Kids Vs. Plastics Chelsea Green Publishing Company

Meet Sippy, the world's last plastic straw Sippy, a plastic straw who was used once and then discarded, worries what will happen to him when he realizes he can't be recycled. As he flies, floats, and flutters around the planet, he meets animals who are struggling with the plastic problem. He chats with a raccoon with a six-pack ring around his neck, a cardinal whose nest is made entirely of junk, turtles who confuse grocery bags with food, a hermit crab forced to live in a plastic cap, and a startled duck who runs around with a chip bag on her head. Finally, Sippy is swallowed by a hungry whale who is dining on ocean

and calls out "Together we can fix this! Let's clean our world--let's try!" Parents and teachers of children 4 to 8 years old can use Sippy's colorful adventure--based on real examples of animals in our environment--to raise awareness about the impacts of plastics on nature and to teach children about alternatives to single-use plastics.

"I encourage everyone to read this book." --Dr. Jane Goodall There's no doubt about it--plastic is in almost everything. From our phones and computers to our toys and utensils, plastic is everywhere. But the amount of plastic we throw away is hurting the health of our planet. With The Last Straw: Kids vs. Plastics, readers will be fascinated as they learn about the growing plastic problem and meet just a few of the young activists who are standing up and speaking out for change. You'll hear about the "Be Straw Free" campaign, started by nine-year-old Milo Cress. You'll discover how scientists are using jellyfish snot and munching, crunching caterpillars to break down plastic pollution faster. You'll meet Xóchitl Guadalupe Cruz López, the eight-year-old girl turning old plastic bottles into solar heaters. And there are many more incredible kids here, not much older than our readers, who will inspire us all to change the way we think about plastic! With an introduction from Milo Cress and bright, colorful illustrations from Christiane Engel, this collection of brilliant, lyrical nonfiction poems by award-winning author Susan Hood highlights the threat of plastic and the kids who are fighting for change to save our planet. Includes extensive backmatter with a timeline, author's note, further resources, and more.
