Pale Horse Coming Vintage Crime/Black Lizard

By the co-writer of the HBO miniseries *The Night Of* Richard Price's New York Times bestseller, *The Whites*, is an electrifying tale of a New York City police detective under siege-by an unsolved murder, by his own dark past, and by a violent stalker seeking revenge. Back in the run-and-gun days of the mid-1990s, when a young Billy Graves worked in the South Bronx as part of an aggressive anti-crime unit known as the Wild Geese, he made headlines by accidentally shooting a ten-year-old boy while struggling with an angel-dusted berserker on a crowded street. Branded as a loose cannon by his higher-ups, Billy spent years enduring one dead-end posting after another. Now in his early forties, he has somehow survived and become a sergeant in Manhattan Night Watch, a small team of detectives charged with responding to all post-midnight felonies from Wall Street to Harlem. Mostly, his unit acts as little more than a set-up crew for the incoming shift, but after years in police purgatory, Billy is content simply to do his job. Then comes a call that changes everything: Night Watch is summoned to the four a.m. fatal slashing of a man in Penn Station, and this time Billy's investigation moves beyond the usual handoff to the day tour. And when he discovers that the victim was once a suspect in the unsolved murder of a twelve-year-old boy-a savage case with connections to the former members of the Wild Geese-the bad old days are back in Billy's life with a vengeance, tearing apart enduring friendships forged in the urban trenches and even threatening the safety of his family. Razor-sharp and propulsively written, *The Whites* introduces Harry Brandt--a new master of American crime fiction.

The Siege National Geographic Books

In this rich analysis of the changing ideals of citizenship, Stephen K. White offers a path for the renewal of democratic life in the twenty-first century. Looking beyond passive notions of citizenship defined in terms of voting or passport possession, White seeks a more aspirational portrait, both participatory and inclusive, that challenges citizens, especially in the middle class, to confront power structures to achieve greater justice. Using the Tea Party and followers of Donald Trump as foils, he shows how these groups' resentful and exclusivist conceptions of active citizenship undermine democratic aspirations. White explores how such deleterious influence might be effectively engaged by a robust counter-conception on the democratic left. The book makes this aspirational ideal conceptually clear, normatively compelling and aesthetically attractive.

The Siege

Can Inspector C. D. Sloan find his man when a dismembered appendage appears at a local farm in this mystery by CWA Diamond Dagger winner Catherine Aird? When the Berebury Footpaths Society created their locally infamous motto, “Every walk a challenge,” they couldn’t have known just how apt it would be. Avid hikers Wendy Lamport and Gordon Briggs suffer from a good walk spoiled when, while reclaiming a public footpath from the greedy barbed-wire fences of encroaching farmers, a crow drops a severed human finger at their feet. And where there’s a finger, thinks Detective C. D. Sloan, a body can’t be far behind. It would seem that there are a handful of bodies to whom the finger might belong. There is a suspiciously long list of people gone missing from Great Rooden’s farming country: the tipling son of a local pillar of society, a financier who may have angered the wrong man, and even an old tramp or two who may have thieved one too many apples.
