' Jürgen Habermas ', wrote the American philosopher Ronald Dworkin on the occasion of the great European thinker's eightieth birthday, ' is not only the world's most famous living philosopher. Even his fame is famous. ' Now, after many years of intensive research and in-depth conversations with contemporaries, colleagues and Habermas

himself, Stefan Müller-Doohm presents the first comprehensive biography of one of the most important public intellectuals of our time. From his political and philosophical awakening in West Germany to the formative relationships with Adorno and Horkheimer, Müller-Doohm masterfully traces the major forces that shaped Habermas's intellectual development. He shows how Habermas's life and work were conditioned by the possibilities offered to his generation in the unique circumstances of regained freedom that characterized postwar Germany. And yet Habermas's career is fascinating precisely because it amounts to more than a corpus of scholarly work, however original and influential that may be. For here is someone who continually left the protective space of the university in order to assume the role of a participant in controversial public debates – from the significance of the Holocaust to the future of Europe – and in this way sought to influence the development of social and political life in an arena much broader than the academy. The significance and virtuosity of Habermas's many writings over the years are also fully and

expertly documented, ranging from his early work on the public sphere to his more recent writings on communicative action, cosmopolitanism and the postnational condition. What emerges from this biography is a vivid portrait of one of the great public intellectuals of our time – a unique thinker who has made an immense and lasting philosophical contribution but who, when he perceives that society is not living up to its potential for creating free and just conditions for all, becomes one of its most rigorous and persistent critics.

## Harm's Way Penguin

The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. “ Chilling. ” – Anderson Cooper “ Jaw-dropping. ” – John Berman “ Shocking. ” – John Heilemann “ Explosive. ” – Hallie Jackson “ Blockbuster new reporting. ” – Nicolle Wallace “ Bracing new revelations. ” – Brian Williams “ Bombshell reporting. ” – David Muir The true story of what took place in Donald Trump ’ s White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency ’ s inner workings in

unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump ’ s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and

Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

## Black House The Siege

By the co-writer of the HBO miniseries *The Night Of* Richard Price's New York Times bestseller, *The Whites*, is an electrifying tale of a New York City police detective under siege-by an unsolved murder, by his own dark past, and by a violent stalker seeking revenge. Back in the run-and-gun days of the mid-1990s, when a young Billy Graves worked in the South Bronx as part of an aggressive anti-crime unit known as the Wild Geese, he made headlines by accidentally shooting a ten-year-old boy while struggling with an angel-dusted berserker on a crowded street. Branded as a loose cannon by his higher-ups, Billy spent years enduring one dead-end posting after another. Now in his early forties, he has somehow survived and become a sergeant in Manhattan Night Watch, a small team of detectives charged with responding to all post-midnight felonies from Wall Street to Harlem. Mostly, his unit acts as little more than a set-up crew for the incoming shift, but after years in police purgatory, Billy is content simply to do his job. Then comes a call that changes everything: Night Watch is summoned to the four a.m. fatal

---

slashing of a man in Penn Station, and this time Billy's investigation moves beyond the usual handoff to the day tour. And when he discovers that the victim was once a suspect in the unsolved murder of a twelve-year-old boy—a savage case with connections to the former members of the Wild Geese—the bad old days are back in Billy's life with a vengeance, tearing apart enduring friendships forged in the urban trenches and even threatening the safety of his family. Razor-sharp and propulsively written, *The Whites* introduces Harry Brandt—a new master of American crime fiction.

Dead Time John Wiley & Sons

"Includes the rediscovered part four"—Cover.  
Habermas Penguin

In a riveting new novel of psychological suspense, Stephen White shines a brilliant light on the darkness that hides just beneath the surface of ordinary lives, on the fears that cripple us and the prisons we create—prisons of the body, mind, and spirit. A thriller of runaway tension, taps into our most closely guarded fears, taking us on a harrowing journey into a realm of terror and pain, of love gone wrong and vengeance gone mad. *The Best Revenge* Psychologist Alan Gregory is living through a season of discontent. With a new daughter, a wonderful wife, and a prospering career, he has little to complain

about and lots of regrets: past cases that won't let him go, patients who don't get better, and a growing unease with keeping secrets. But Gregory has two new patients who will drag him out of his introspection—and dare him to enter a storm of injustice and revenge. FBI special agent Kelda James is a hero, a woman who as a rookie agent made a choice, drew her gun, and saved a life, taking another. Now Kelda is hiding from the world a secret pain that is gradually crippling her body—and she has turned to Alan Gregory to help free her from the prison of her pain. Then Kelda refers a patient to Gregory, who is terrifyingly dangerous to them both. Tom Clone served thirteen years on Colorado's death row for a crime he claimed he didn't commit—until an FBI agent dug up evidence that set him free. The agent's name: Kelda James. With both Kelda and Clone telling him their innermost secrets, Alan Gregory becomes the one person who can piece together an extraordinary puzzle—of two unsolved violent deaths of vulnerable women, of a man who may be innocent or may be very lucky, and of the strange, fatal attraction between two people

trapped in a horrific plot to get revenge—at any price. A thriller that delivers a stunning body-blow of a surprise ending, captures lives colliding at unpredictable angles, probing the dangerous lies people tell to each other and themselves. In this astonishing work by a novelist at the height of his powers, Stephen White brilliantly blends thrilling action and breakneck pacing with unrivaled insight into the human mind, heart, and psyche.

Bone Deep Penguin

*The Program* safeguards the truth, but when *The Program* has a hidden agenda, the protected become the hunted. With his nuanced psychological insight, inscrutable plotting, and a captivating lead character that parallels Jonathan Kellerman's Alex Delaware, Stephen White's Alan Gregory novels have become perennial national bestsellers. But, with *The Program*, White has challenged himself and honed his craft with remarkable assurance to create a rare breed of thriller. A dazzling mix of first-person and omniscient voices rewards readers with an irresistible narrative momentum. But the heart and soul of the novel is an indomitable woman reevaluating the seemingly innocuous choices she's made in the past while confronting the

---

horrifying circumstances that threaten her family's future survival. "Every precious thing I lose, you will lose two." The Program begins with a condemned man's last words to New Orleans District Attorney Kirsten Lord. After her husband is gunned down in front of her, Lord has no choice but to flee the wrath of the murderer's vengeance. Lord pulls up stakes, changes her name, and accepts the Witness Protection Program's offer to hide her and her young daughter in Boulder, Colorado. Soon thereafter, they are befriended by Program veteran Carl Luppo, a solitary mob assassin tormented by his former life who has nothing but time for regret. Sensing that someone inside the program has compromised Lord and her daughter's safety, Luppo takes on the role of sentinel, fully realizing that this may be his last shot at redemption. Even though Lord suspects that Luppo's warnings about the Program's dark side are justified and that she should believe the former hit man's instincts, the only people she can really trust are her nine-year-old daughter and perhaps her Program-appointed psychologist Alan Gregory. Fans of White's previous work will applaud the brilliant use of series favorite Alan Gregory in a seemingly secondary role in the novel, and new readers will find themselves compelled to find out what Gregory has encountered before. But all

readers will agree that The Program is a superior thriller; a novel firmly grounded in the realities of three-dimensional characters in crisis and driven with the narrative pace of a guilty pleasure.
