The Sleeping Beauty and other Fairy Tales. O NCE upon a time there lived a King and a Queen, who lacked but one thing on earth to make them entirely happy. The King was young, handsome, and wealthy; the Queen had a nature as good and gentle as her face was beautiful; and they adored one another, having married for love—which among kings and queens is not always the rule.

The good fairy, realizing that the princess would be frightened if alone when she awakens, uses her wand to put every living person and animal in the palace asleep, to awaken when the princess does. The Sleeping Beauty  
and Other Fairy  
Tales - Edmund  
Dulac

The king had no other child, and when he died, his throne passed to another royal family. Even the story of the sleeping princess was almost forgotten. One day the son of the king who was then reigning was out hunting, and he saw towers rising above a thick wood. He asked what they were, but no one could answer him.
