Owls Abdo Jumbo is

This story is written from the view point of the animals that live in a northwest US forest who are facing the possibility of losing their forest homes due to human encroachment into their world. The animals set out to learn how to communicate with humans. The Snowy Owl has been given the task by the Council of the Owls to find a human to speak to. The story is told through a series of encounters between a little boy named Aaron and the Snowy Owl. The little boy is adventurous and regularly enters the forest to explore. The Snowy Owl tries to protect him from the dangers that exist in the forest. Through the little boys experiences he learns more and more about the animals and the crisis they are facing in losing their forest home. He also learns about the Laws of Nature that determine how the animals relate to each other. He is befriended by a number of animals in the forest who come to his aid when he is faced with danger.

The Snow Womble HarperCollins

A Lakeside Murder The usually quaint town of Snow Falls, Alaska has recently been wracked with a series of crimes. As each one is solved, another one appears. A Park Ranger has been found dead near Diamond Lake. Biological warfare secrets are found buried with him in the snow and have ominous implications for the world. An Overwhelming Task Sarah Garland, Amanda Funnel, and Detective Conrad Spencer are inundated with the task of solving this crime in their cozy town. Not only are the number of suspects overwhelming, but the fate of the world rests in their hands, as the clock ticks towards the release of a biological virus. An Ominous Implication When Amanda is taken hostage by a suspicious newcomer, Sarah and Detective Spencer must make some hard decisions in order to overcome the looming threats. Can the group work fast to solve this mystery, before more innocent lives are put in danger?

Snowy Owl Alaska Cozy Mystery

A historic snowstorm decimated an American Indian tribe in the nineteenth century. Thousands died, some ultimately eating their own in order to survive. Now the snowstorm has returned, and something sinister hides within it. Something detective Jacob Schmidt will witness firsthand.

The Adventures of Sammy the Skunk Pebble

Meg Clark has turned out to be everything her father and the people of her little North Country town of have been saying her whole life: nothin' but a piece of white trash. In an effort to hide her past and turn herself around, she spent her inheritance on the perfect little house with a white picket fence. Then something terrible happened and Meg got sent to county lockup so her fiancé, Jim, wouldn't have to. And then everyone started waking up?dead.Good thing escaping from lockup wasn't hard. Now Meg is running, and the walking dead are following. In a last-ditch effort to find weapons to protect herself, Meg finds Sparrow instead. A tall, strange man with a quirk, Sparrow is obsessed with feathers and the only goal that's on his mind is finding an old barn on Route 37 with a snowy owl in its rafters.Meg's headed to Kingston, where she and Jim agreed to meet if they ever got separated. But sometimes, crossing the border brings more than just freedom and protection and safety. Sometimes it brings questions that someone like Meg would prefer not to answer. And everyone keeps asking questions, including Sparrow. He thinks she's hiding something, and he's not impressed by her stories of the sins she's been committing all her life.While Sparrow's the one who's a bit cracked in the head, it never occurs to Meg that she could be the one who's not

remembering something. Like what really happened that day she killed those seven men.

 A Little Owl on a Big Adventure is based on a feel good New York City news story that resonated with people around the world. This little owl has dreams of courageous adventure and made plans from the calm of the upstate New York forests to the excitement of New York City. The tale is ultimately about resilience, persistence, and learning from missteps as this tiny bird holds onto dreams despite postponed fulfillment in the face of obstacles. "If at first you don't succeed . . . FLY, FLY AGAIN!"  
*The Great Gray Owl* Lulu.com  
 Discover the fascinating and mysterious world of owls with this stunning full-color, encyclopedic visual guide that explores all 225 known species, packed with maps, photographs, illustrations, informative scientific details, and a bonus 35½" x 12" accordion poster illustrated with the true-to-size wing span of the largest owl, overlaid with the wing span of the smallest owl and several owls in-between. Humans have long been fascinated by owls. From prehistoric cave paintings to popular modern children's stories, these magnificent predators have been seen as harbingers of good fortune and impending disaster, as icons of fear and wisdom, and as the powerful sidekicks of magic-makers, including the beloved Harry Potter. Scientists have faced tremendous challenges trying to document the lives of these solitary, nocturnal, and highly elusive creatures. New species are still being discovered, as are new insights into the habits of even the most familiar varieties. Visually spectacular and authoritative, *Owls* includes full descriptions and maps of key viewing locations for all 225 owl species in the world, and is illustrated with drawings and stunning full-color images from some of the leading wildlife photographers from around the world which capture these birds' breathtaking beauty and power. The book also features a special section on the art of hiding—a highly honed skill set of the owl. Throughout, Marianne Taylor provides a wealth of detail on each type of bird's hunting and breeding behavior, habitat, and conservation. Inside, are dozens of fun facts, such as: Only nineteen of the 225 known species of owls are found in North America; Owls can be found on all continents except Antarctica; Owls, like humans, have binocular vision; Owls cannot turn their eyes, but are able to rotate their heads up to 270 degrees; Owls are carnivorous and are known to eat rodents, small mammals, nocturnal insects, fish, and other birds. Lavishly illustrated and educational, this breathtaking volume is essential for readers interested in natural science, devout birders, professional ornithologists, and all owl lovers.

**Snow** WestBow Press  
 In a remote part of the Cascade Mountains in Washington State, an owl named Oscar learns about life and befriends a little girl named Madoline, who has just moved to a newly built cabin in the area. The two of them have a unique connection and begin a friendship. A sudden winter storm causes much destruction to the local forest and Oscar begins to worry about the little girl and Olivia, another owl he has recently made friends with. Oscar learns the advantages of being polite and wise with his animal neighbors and with Madoline. Meanwhile, Madoline learns that the forest can have some heartwarming surprises. "The Story of Oscar the Owl" is a bedtime story that provokes a child's imagination and sparks curiosity about the natural world we live in.

**The Snowy Owl** Mountain Press  
 I can't really complain about my life; I have a job I love and a best friend that fills the void of my nonexistent family, but sometimes I'm lonelier than I like to admit. Especially with the holiday season approaching, I can't help but wish I had someone special to share it with. My friend gives me a snow globe with a man and a snowy owl inside, and for some bizarre reason, this man starts showing up every night when I close my eyes. It's... not real, but I can't seem to get the guy out of my head. It probably shouldn't surprise me that my brain conjures up the perfect man in my dreams... well, almost perfect if he'd stop claiming to be a warlock. But the crazy thing is that all of it—that he feels so real. When I start falling for the man, the warlock, I can't help but wish that what we have in my dreams could be a reality. I know it can't, but at least when I'm asleep, I can be with him—with Alaric. Although this book is part of A Snow Globe Christmas series, it is a complete stand alone and it isn't a requirement that you read the previous books to follow along. We wish everyone a happy holiday season.

**Sparrow Man** Page Publishing Inc

Examines the physical characteristics, lifestyles, and the hunting and breeding habits of a variety of species of owls.

Aaron and the Snowy Owl Quintin

“A charming personal account, accompanied by nearly 100 illustrations, that underscores how owls and other birds enrich our lives.”—Kirkus Reviews Winner of the National Outdoor Book Award For a quarter of a century, Tony Angell and his family shared the remarkable experience of closely observing pairs of western screech owls that occupied a nesting box outside the window of their forest home. The journals in which the author recorded his observations, and the captivating drawings he created, form the heart of this compelling book—a personal account of an artist-naturalist’s life with owls. Angell’s extensive illustrations show owls engaged in what owls do—hunting, courting, raising families, and exercising their inquisitive natures—and reveal his immeasurable respect for their secret lives and daunting challenges. Angell discusses the unique characteristics that distinguish owls from other bird species and provides a fascinating overview of the impact owls have had on human culture and thought. He also offers detailed scientific descriptions of the nineteen species of owls found in North America, as well as their close relatives elsewhere. Always emphasizing the interaction of humans and owls, the author affirms the power of these birds to both beguile and inspire. “Endearing...provides a lot of fascinating information about these reclusive creatures.”—The New York Times Book Review “Angell writes (and draws) with the absolute authority of one who has studied, rehabilitated, lived with and loved the animals his whole life.”—The Wall Street Journal “Steeped in the tradition of Alexander Wilson and John James Audubon, it blends taxonomy, ornithology, biogeography and autobiography.”—Times Literary Supplement
