Adventure was one thing, art another, but the main driver for the trip to Timbuktu was to help raise funds for research at the University of Edinburgh for FragileX. Further details can be found on the website, London to Timbuktu for Fragile X. 50 countries visited and now, along with a group of friendly individuals, I had just driven through the Sahara. With these muckers I had ventured deeply into the dark-continent. In this uncertain world there is no guarantee that you will return from any journey, large or small. Some intrepid adventurers like the Victorian, Alexander Gordon Laing, who made it all the way to Timbuktu, but sadly never made it back to his homeland of Scotland - he was slain en-route. I write this promotional e-book to introduce the e-book From Blackpool Tower to Timbuktu, (and back again). The main thing I have learnt is a guess at the scope of things that are yet to be learned - a big scope. Travelling to Timbuktu was part of that scope. A significant theme of this book is autobiography in order to describe the motive; the attempt to make art. I see no fixed issues, rather developmental journeys. I hope you glean something here and that may inspire your own endeavours and that you enjoy this promotional e-book, an introduction to the larger e-book, From Blackpool Tower to Timbuktu, (and back again). "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians*
Amy Tan's beloved, *New York Times* bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix. Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

A modern classic, *Einstein's Dreams* is a fictional collage of stories dreamed by Albert Einstein in 1905, about time, relativity and physics. As the defiant but sensitive young genius is creating his theory of relativity, a new conception of time, he imagines many possible worlds. In one, time is circular, so that people are fated to repeat triumphs and failures over and over. In another, there is a place where time stands still, visited by lovers and parents clinging to their children. In another, time is a nightingale, sometimes trapped by a bell jar. Now translated into

thirty languages, *Einstein's Dreams* has inspired playwrights, dancers, musicians, and painters all over the world. In poetic vignettes, it explores the connections between science and art, the process of creativity, and ultimately the fragility of human existence.
