Following a year spent in Berlin on a DAAD cultural scholarship, he completed his memoir of childhood, The Speckled People (2003), which went on to achieve widespread international acclaim. Telling the story through the eyes of his childhood self, it evoked the struggle to make sense of a bizarre 'language war' in which the child perceives going out onto the English speaking street outside as a daily migration.

"...Dead people have the best conversations of all. Lots of people don't really speak until they're dead, because only then can they say all the things to each other in the graveyard that they have been keeping a secret all their lives." Hugo Hamilton, The Speckled People: A Memoir of a Half-Irish Childhood

The Speckled People is a memoir like no other I am aware of. While Hamilton chronicles his childhood and growing up, themes and issues beyond the personal play a fundamental role. In particular his exploration of the complexities of "language" as "home" and "country" gives this book added richness and depth.

Review: The Speckled People by Hugo Hamilton | Books | The ...

Though a memoir, The Speckled People reads like a novel. Everything is seen through the eyes of the author as a young boy. " - Andrew Riemer, Sydney Morning Herald "Hugo Hamilton has written about a complex and painful set of experiences. His memoir could quite easily have degenerated into a "See what I suffered and survived" story, but it never does.
