The definitive guide to The Stand miniseries, featuring the new Coda from Stephen King himself. In an apocalyptic vision of a world decimated by plague and embroiled in an elemental struggle between good and evil, the fate of mankind rests on the frail shoulders of the 108-year-old Mother Abigail and a handful of survivors. Their worst nightmares are embodied in a man with a lethal smile and unspeakable powers: Randall Flagg, the Dark Man. In 1979 Stephen King published The Stand, a massive apocalyptic tale that set the standard for all those stories that followed. The book was another King bestseller, leading to the release of The Complete and Uncut version in 1990, a 1994 ABC four-part mini-series and a 31-issue Marvel Comics adaptation in 2009. The new 9-episode series for CBS All Access, which premiered at the end of 2020, revisits King's opus to bring the story into the 21st Century. This new version will feature a brand-new coda written specifically for the new series by Stephen King himself.

One of the very first books to take Stephen King seriously, Landscape of Fear (originally

published in 1988) reveals the source of King's horror in the sociopolitical anxieties of the post-Vietnam, post-Watergate era. In this groundbreaking study, Tony Magistrale shows how King's fiction transcends the escapism typical of its genre to tap into our deepest cultural fears: "that the government we have installed through the democratic process is not only corrupt but actively pursuing our destruction, that our technologies have progressed to the point at which the individual has now become expendable, and that our fundamental social institutions-school, marriage, workplace, and the church-have, beneath their veneers of respectability, evolved into perverse manifestations of narcissism, greed, and violence." Tracing King's moralist vision to the likes of Twain, Hawthorne, and Melville, Landscape of Fear establishes the place of this popular writer within the grand tradition of American literature. Like his literary forbears, King gives us characters that have the capacity to make ethical choices in an imperfect, often evil world. Yet he inscribes that conflict within unmistakably modern settings. From the industrial nightmare of "Graveyard Shift" to the breakdown of the domestic sphere in The Shining, from the techno-horrors of The Stand to the religious fanaticism and adolescent cruelty depicted in Carrie, Magistrale charts the contours of King's fictional landscape in its first decade.

Girl—Lisa Jewell has a way of combining furiously twisty, utterly gripping plots with wonderfully rich characterization—she has such compassion for her characters, and we feel we know them utterly... A triumph! ” —Lucy Foley, New York Times bestselling author The #1 New York Times bestselling author of Then She Was Gone returns with an intricate thriller about a young woman ’ s disappearance and a group of strangers whose lives intersect in its wake. Young Saffyre Maddox spent three years under the care of renowned child psychologist Roan Fours. When Dr. Fours decides their sessions should end, Saffyre feels abandoned. She begins looking for ways to connect with him, from waiting outside his office to walking through his neighborhood late at night. She soon learns more than she ever wanted to about Roan and his deceptively perfect family life. On a chilly Valentine ’ s night, Saffyre will disappear, taking any secrets she has learned with her. Owen Pick ’ s life is falling apart. In his thirties and living in his aunt ’ s spare bedroom, he has just been suspended from his job as a teacher after accusations of sexual misconduct—accusations he strongly denies. Searching for professional advice online, he is inadvertently sucked into the dark world of incel forums, where he meets a charismatic and mysterious figure. Owen lives across the street from the Fours family. The Fours have a bad feeling about their neighbor; Owen is a bit creepy and suspect and their teenaged daughter swears he followed her home from the train station one night. Could Owen be responsible? What happened to the beautiful missing Saffyre, and does her disappearance truly connect them all? Evocative, vivid, and unputdownable, Lisa Jewell ’ s latest thriller is another “ haunting, atmospheric, stay-up-way-too-late read ” (Megan Miranda, New York Times bestselling author).

A Maisie Dobbs Novel Penguin INSTANT NEW YORK TIMES BESTSELLER As Europe buckles under Nazi occupation, Maisie Dobbs investigates a possible murder that threatens devastating repercussions for Britain's war efforts in this latest installment in the New York Times bestselling mystery series. October 1941. While on a delivery, young Freddie Hackett, a message runner for a government office, witnesses an argument that ends in murder. Crouching in the doorway of a bombed-out house, Freddie waits until the coast is clear. But when he arrives at the delivery address, he ’ s shocked to come face to face with the killer. Dismissed by the police when he attempts to report the crime, Freddie goes in search of a woman he once met when delivering a message: Maisie Dobbs. While Maisie believes the boy and wants to help, she must maintain extreme caution: she ’ s working secretly for the Special Operations Executive, assessing candidates for crucial work with the French resistance. Her two worlds collide when she spots the killer in a place she least expects. She soon realizes she ’ s been pulled into the orbit of a man who has his own reasons to kill—reasons that go back to the last war. As Maisie becomes entangled in a power struggle between Britain ’ s intelligence efforts in France and the work of Free French agents operating across Europe, she must also contend with the lingering question of Freddie Hackett ’ s state of mind. What she uncovers could hold disastrous consequences for all involved in this compelling chapter of the “ series that seems to get better with every entry ” (Wall Street Journal).

The Guide to the Worlds of the King of Horror

ABDO

Many academics dismiss Stephen King as a mere genre writer, an over-glorified bestseller who appeals to the masses, but lacks literary merit. This critical analysis of King ' s epic novel The Stand makes a case for the horror master as a literary writer. A careful consideration of The Stand ' s abstract themes, characters, setting, and text reveals how King ' s work brims with the literary techniques that critics expect of a serious writer and the haunting questions that mark enduring literature. A thoughtful deliberation on so-called " escapist " fiction in the world of literature as well as an informed examination of one of King ' s most famous books, this work paves the way for future studies of other King novels.

A Novel Simon and Schuster

" A horror landmark and a work of gory genius. " —Joe Hill, New York Times bestselling author of The Fireman New York Times bestselling author Daniel Kraus completes George A. Romero's brand-new masterpiece of zombie horror, the massive novel left unfinished at Romero's death! George A. Romero invented the modern zombie with Night of the Living Dead, creating a monster that has become a key part of pop culture. Romero often felt hemmed in by the constraints of film-making. To tell the story of the rise of the zombies and the fall of humanity the way it should be told, Romero turned to fiction. Unfortunately, when he died, the story was incomplete. Enter Daniel Kraus, co-author, with Guillermo del Toro, of the New York Times bestseller The Shape of Water (based on the Academy Award-winning movie) and Trollhunters (which became an Emmy Award-winning series), and author of The Death and Life of Zebulon Finch (an Entertainment Weekly Top 10 Book of the Year). A lifelong Romero fan, Kraus was honored to be asked, by Romero's widow, to complete The Living Dead. Set in the present day, The Living Dead is an entirely new tale, the story of the zombie plague as George A. Romero wanted to tell it. It begins with one body. A pair of medical examiners find themselves battling a dead man who won ' t stay dead. It spreads quickly. In a Midwestern trailer park, a Black teenage girl and a Muslim immigrant battle newly-risen friends and family. On a US aircraft carrier, living sailors hide from dead ones while a fanatic makes a new religion out of death. At a cable news station, a surviving anchor keeps broadcasting while his undead colleagues try to devour him. In DC, an autistic federal employee charts the outbreak, preserving data for a future that may never come. Everywhere, people are targeted by both the living and the dead. We think we know how this story ends. We. Are. Wrong. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
