Inspired by Garden & Gun magazine's popular "Good Dog" column, a rich collection of true stories celebrating the unique relationship between humans and their canine companions, penned by some of today's top writers, including Jon Meacham, Roy Blount, Jr, Dominique Browning, and P.J. O'Rourke. When

Garden & Gun magazine debuted a column aptly named "Good Dog," it quickly became one of the publication's most popular features in print. Now, Editor-in-Chief David DiBenedetto (proud owner of a Boykin spaniel) and the editors of G&G have gathered the most memorable stories, as well as original pieces, in this collection of essays written by some of most notable dog owners in literature and journalism. Good Dog offers memorable, beautifully written stories of dog ownership, companionship, friendship, and kinship. From the troublemakers who can't be fenced in to the lifelong companions who won't leave our sides, this poignant anthology showcases man's best friend through all of his most endearing—and sometimes maddening—attributes. By turns inspirational and humorous (just like the dogs we love), Good Dog is a must-have collection for dog lovers everywhere. My Boy, Ben Tristan Publishing

“ A brave, powerful memoir ” (People) that will change the way we look at identity and equality in this country, from the activist elected as the first openly transgender state senator in U.S. history “ The energy and vigor Sarah has brought to the fight for equality is ever present in this book. ” —Vice President Kamala Harris “ If you ’ re living your own internal struggle, this book can help you find a way to live authentically, fully, and freely. . . . Let it show that we are all created equal and entitled to be treated with dignity and respect. ” —President Joe Biden, from the foreword Before she became the first transgender person to speak at a national political convention in 2016 at the age of twenty-six, Sarah McBride struggled with the decision to come out—not just to her family but to the students of American University, where she was serving as student body president. She ’ d known she was a girl from her earliest memories, but it wasn ’ t until the Facebook post announcing her truth went viral that she realized just how much impact her story could have on the country. Four years later, McBride was one of the nation ’ s most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, Andy, a trans man and fellow activist, who complemented her in every way . . . until cancer tragically intervened. Informative, heartbreaking, and profoundly empowering, *Tomorrow Will Be Different* is McBride ’ s story of love and loss and a powerful entry point into the LGBTQ community ’ s battle for equal rights and what it means to be openly transgender. From issues like bathroom access to health care to gender in America, McBride weaves the important political and cultural milestones into a personal journey that will open hearts and change minds. As McBride urges: “ We must never be a country that says there ’ s only one way to love, only one way to look, and only one way to live. ” The fight for equality and freedom has only just begun.

The Smartest Woman I Know Simon and Schuster

Have you ever wondered what a therapist really thinks? Have you ever wondered if a therapist truly cares about her patients? Have you tried to imagine the unimaginable, the loss of the person most dear to you? Is it true that `tis better to have loved and lost, than never to have loved at all? ` Love and loss are a ubiquitous part of life, bringing the greatest joys and the greatest heartaches. In one way or another all relationships end. People leave, move on, die. Loss is an ever-present part of life. In *Love and Loss*, Linda B. Sherby illustrates that in order to grow and thrive, we must learn to mourn, to move beyond the person we have lost while taking

that person with us in our minds. Love, unlike loss, is not inevitable but, she argues, no satisfying life can be lived without deeply meaningful relationships. The focus of *Love and Loss* is how patients' and therapists' independent experiences of love and loss, as well as the love and loss that they experience in the treatment room, intermingle and interact. There are always two people in the consulting room, both of whom are involved in their own respective lives, as well as the mutually responsive relationship that exists between them. Love and loss in the life of one of the parties affects the other, whether that affect takes place on a conscious or unconscious level. *Love and Loss* is unique in two respects. The first is its focus on the analyst's current life situation and how that necessarily affects both the patient and the treatment. The second is Sherby's willingness to share the personal memoir of her own loss which she has interwoven with extensive clinical material to clearly illustrate the effect the analyst's current life circumstance has on the treatment. Writing as both a psychoanalyst and a widow, Linda B. Sherby makes it possible for the reader to gain an inside view of the emotional experience of being an analyst, making this book of interest to a wide audience. Professionals from psychoanalysts and psychotherapists and bereavement specialists through students in all the mental health fields to the public in general, will resonate and learn from this heartfelt and straightforward book.

Dear Life HarperCollins

A New York Times bestseller with an "engaging narrative and array of detail" (The Wall Street Journal), the "intimate and sweeping" (Raleigh News & Observer) untold, true story behind the Biltmore

Estate—the largest, grandest private residence in North America, which has seen more than 120 years of history pass by its front door. The story of Biltmore spans World Wars, the Jazz Age, the Depression, and generations of the famous Vanderbilt family, and features a captivating cast of real-life characters including F. Scott Fitzgerald, Thomas Wolfe, Teddy Roosevelt, John Singer Sargent, James Whistler, Henry James, and Edith Wharton. Orphaned at a young age, Edith Stuyvesant Dresser claimed lineage from one of New York's best known families. She grew up in Newport and Paris, and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society. But none of this prepared her to be mistress of Biltmore House. Before their marriage, the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European-style estate on 125,000 acres of North Carolina wilderness. He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds, collaborated with celebrated architect Richard Morris Hunt to build a 175,000-square-foot chateau, filled it with priceless art and antiques, and erected a charming village beyond the gates. Newlywed Edith was now mistress of an estate nearly three times the size of Washington, DC and benefactress of the village and surrounding rural area. When fortunes shifted and changing times threatened her family, her home, and her community, it was up to Edith to save Biltmore—and secure the future of the region and her husband's legacy. This is the fascinating, "soaring and gorgeous" (Karen Abbott) story of how the

largest house in America flourished, faltered, and ultimately endured to this day.

Good Grief Modern Love, Revised and Updated (Media Tie-In) The most popular, provocative, and unforgettable essays from the New York Times "Modern Love" column--now revised and updated, featuring stories from the upcoming anthology series starring Tina Fey, Andy Garcia, Anne Hathaway, Catherine Keener, Dev Patel, and John Slattery.

Now a major motion picture starring Shailene Woodley and Sam Claflin. A compelling, at times devastating, ultimately inspiring account of how much can go wrong on the ocean and how, miraculously, one woman conquered her own fears. Young and in love, their lives ahead of them, Tami Oldham and her fiancé Richard Sharp set sail from Tahiti under brilliant blue skies, with Tami's hometown of San Diego as their ultimate destination. But less than two weeks into their voyage, disaster struck. Despite their best efforts to steer clear of an approaching hurricane, they became trapped in the storm's path, and found themselves battling pounding rain, waves the size of skyscrapers, and 140 knot winds. Richard tethered himself to the boat and sent Tami below to safety, and then all went eerily quiet. Tami's last memory was her fiancé's scream, followed by darkness. She awoke hours later, alone, venturing on deck to discover only Richard's safety line, the clasp meant to hold him broken. Adrift is the story of Tami's miraculous forty-one-day journey to safety on a ravaged boat with no motor and no

masts, sustained by Richard's memory to guide her. It's an unforgettable tale of love, loss, and survival on the high seas, and an inspiring reminder that even in our darkest moments, we are never truly alone.

A Life in Stitches ECCO

Find Me Unafraid tells the uncommon love story between two uncommon people whose collaboration sparked a successful movement to transform the lives of vulnerable girls and the urban poor. With a Foreword by Nicholas Kristof. This is the story of two young people from completely different worlds: Kennedy Odede from Kibera, the largest slum in Africa, and Jessica Posner from Denver, Colorado. Kennedy foraged for food, lived on the street, and taught himself to read with old newspapers. When an American volunteer gave him the work of Mandela, Garvey, and King, teenaged Kennedy decided he was going to change his life and his community. He bought a soccer ball and started a youth empowerment group he called Shining Hope for Communities (SHOFCO). Then in 2007, Wesleyan undergraduate Jessica Posner spent a semester abroad in Kenya working with SHOFCO. Breaking all convention, she decided to live in Kibera with Kennedy, and they fell in love. Their

connection persisted, and Jessica helped Kennedy to escape political violence and fulfill his lifelong dream of an education, at Wesleyan University. The alchemy of their remarkable union has drawn the support of community members and celebrities alike—The Clintons, Mia Farrow, and Nicholas Kristof are among their fans—and their work has changed the lives of many of Kibera's most vulnerable population: its girls. Jess and Kennedy founded Kibera's first tuition-free school for girls, a large, bright blue building, which stands as a bastion of hope in what once felt like a hopeless place. But Jessica and Kennedy are just getting started—they have expanded their model to connect essential services like health care, clean water, and economic empowerment programs. They've opened an identical project in Mathare, Kenya's second largest slum, and intend to expand their remarkably successful program for change. Ultimately this is a love story about a fight against poverty and hopelessness, the transformation made possible by a true love, and the power of young people to have a deep impact on the world.

A heartfelt memoir of motherhood as a spiritual practice by a longtime yoga and dharma teacher. Sutra is the Sanskrit name for a short spiritual teaching, and it comes from the same root as the English word suture, or stitch. This story of motherhood as a path to awakening is, says yoga and meditation teacher Anne Cushman, "an homage to the long threads that run through all human lives, stitching up what's shredded in our hearts." The Mama Sutra spans an eighteen-year journey through motherhood as a spiritual practice, chronicling Cushman's first pregnancy, her daughter's tragic stillbirth, the joyful birth of her son, the "home retreat" of early motherhood, the challenges of parenthood, the diagnosis and gifts of her son's developmental differences, the meltdown of her nuclear family and its reconfiguration into a new and joyful form, and more. This is a powerful story of the rawness and beauty of life.

Love, Loss and Endurance Harper Horizon
Lisa Niemi and Patrick Swayze first met as teenagers at his mother's dance studio. He was older and just a bit cocky; she was the gorgeous waif who refused to worship the ground he walked on. It didn't take long for them to fall in love. Their thirty-four year marriage -- which they explored together in *The Time of My Life* -- was a uniquely passionate partnership. Now, for the first time, Lisa will

share what it was like to care for her husband as he battled Stage IV pancreatic cancer, and will describe his last days when she simply tried to keep him comfortable. She writes searingly about her grief in the aftermath of Patrick's death, and candidly discusses the challenges that the past fourteen months without him have posed. But while this is an emotionally honest and unflinching depiction of illness, death, and loss, it is also a hopeful and life-affirming exploration of the power of the human spirit. Lisa shows that no matter how dark the prospect of another day may seem, there are always reserves of strength to call upon, and the love shared between two people will never truly die.

Love. Loss. Life Crown

Shortlisted for the Costa Biography Award 'What a remarkable book this is; tender, funny, brave, heartfelt, radiant with love and life. It brought me often to laughter and - several times - to tears. It sings with joy and kindness' Robert Macfarlane From the Sunday

Times bestselling author of *Your Life in My Hands* comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer. She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love. And yet, she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. *Dear Life* is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father, to a profession, to life itself.
