CreateSpace Academic Paper from the year 2021 in the subject American Studies - Literature, grade:

1,7, University of Tübingen (Englisches Seminar), course: Literary Studies, language: English, abstract: This term paper will analyze Chopin's short story from a different perspective, than how many scholars have analyzed the protagonist's death before, which is as a critique of the patriarchal society she is living in. It will focus on the approach Lawrence I. Berkove treats in his work "Fatal Self-Assertion in Kate Chopin's "The Story of an Hour"" where he proves that this story is neither about patriarchy nor about marriage, but about

the protagonist, Louise Mallard, herself. As she is an unreliable narrator who does not give clear evidence for suppression in her marriage, in fact who does not give much information about her husband at all, it can be suspected that Chopin's story actually centers Louis Mallard's personality. This is why I argue that Louise Mallard is a tragic character who could never be happy, as her understanding of freedom can never be achieved in real life, she loves nobody but herself, and she is physically too weak to face the difficulties of life.

On December 7, 1941, as the great battleships Arizona, Oklahoma, and Utah lie paralyzed and burning in the aftermath of the Japanese attack on Pearl Harbor, a crack team of U.S. Navy salvage divers headed by Edward C. Raymer are hurriedly flown to Oahu from the mainland. The divers have been given a Herculean task: rescue

the sailors and Marines trapped below, and resurrect the pride of the Pacific fleet. Now for the first time, the chief diver of the Pearl Harbor salvage operations, Cmdr. Edward C. Raymer, USN (Ret.), tells the whole story of the desperate attempts to save crewmembers caught inside their sinking ships. Descent into Darkness is the only book available that describes

the raising and salvage operations of sunken battleships following the December 7th attack. Once Raymer and his crew of divers entered the interiors of the sunken shipwrecks—attempting untested and potentially deadly diving techniques—the y experienced a world of total blackness, unable to see even the faceplates of their helmets. By memorizing the ships ' blueprints and using their sense of touch, the divers groped their way hundreds of feet inside the sunken vessels to make repairs and salvage vital war material. The divers learned how to cope with such unseen dangers as falling objects, sharks, the eerie presence of floating human bodies, and the constant threat of Japanese attacks from above. Though many of these divers were killed or seriously injured during the wartime salvage operations, on the whole they had great success performing what seemed to be impossible jobs. Among their credits, Raymer ' s crew raised the sunken battleships USS West Virginia, USS Nevada, USS California, After Pearl Harbor they moved on to other crucial salvage work off Guadalcanal and the sites of

other great sea battles.

and overview."The

Yellow Wallpaper" is

a 6,000-word short

story by American

writer Charlotte

Perkins Gilman, first

published in January

1892 in New England

Magazine. It is

regarded as an

important early work

of American feminist

literature, illustrating

attitudes in the 19th

century toward

women's physical and

mental health.The

story is written in the

first person as a series

of journal entries. The narrator is a woman whose husband -- a physician -- has confined her to the upstairs bedroom of a house he has rented for the summer. She is forbidden from working and has to hide her journal entries from him so that she can recuperate from what he has diagnosed as a "temporary nervous depression -- a slight hysterical tendency;" a diagnosis common to women in that period. The windows of the room are barred, and there is a gate across the top of the stairs, allowing her husband to control her access to the rest of the house. The story illustrates the effect of confinement on the narrator's mental health, and her descent into psychosis.

With nothing to stimulate her, she becomes obsessed by the pattern and color of the room's wallpaper.

Kate Chopin was a nationally acclaimed short story artist of the local color school when she in 1899 shocked the American reading

public with The Awakening, a novel which much resembles Madame Bovary. Though the critics praised the artistic excellence of the book, it was generally condemned for its objective treatment of the sensuous, independent heroine. Deeply hurt by the censure, Mrs. Chopin wrote little more, and she was soon forgotten. For decades the few critics who remembered her concentrated on the regional aspects of her work. In the Literary History of the United States, where Kate Chopin is highly praised as a local colorist, The Awakening is not

even mentioned. In recent years, however, a few critics have given new attention to the novel, emphasizing its courageous realism. In the present book, Mr. Seyersted carries out an extensive re-examination of both the life and work of the author, basing it on her total oeuvre. Much new Kate Chopin material, such as previously unknown stories, letters, and a diary, has recently come to light. We can now see that she was a much more ambitious and purposeful writer than we have hitherto known. From the beginning, her special theme

was female self-assertion. As each new success increased her self-confidence, she grew more and more daring in her descriptions of emancipated woman who wants to dictate her own life. Mr. Seyersted traces the author's growth as an artist and as a penetrating interpreter of the female condition, and shows how her career culminated in *The Awakening* and the unknown story 'The Storm.' With these works, which were decades ahead of their time, Kate Chopin takes her place among the important American realist writers of the 1890's.

Poe ' s preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise

execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe ' s most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural,

mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843). Outliers Random House

Yu-Rhee, a young Korean girl, wants to know how to tell time using a clock. Her mother tells her a tale from her childhood based on the traditional Korean practice of timekeeping, where the 12 animals of the zodiac are assigned to 2-hour sections of the 24-hour clock. Told from the point of view of a mountain, the story follows a child as they climb the mountainside in

search of a plant to heal their ailing mother. The climb is steep, the path wild and the way difficult. The mountain watches the child struggle and calls on the animals that live on the mountainside to help the child, but as sunlight turns to moonlight, each animal claims to be too busy. Ultimately, *Once Upon an Hour* is a story about determination and teamwork that shows young readers the importance of helping others.
