The Film That Changed My Life W. W. Norton

In the spring of 1934, Hollywood faced what the Los Angeles Times called "the most serious crisis of its history." The film capital was under siege by censorship advocates who launched a boycott, demanding that the film industry enforce the Production Code it had adopted in 1930. For nearly five years, defiant producers had cited artistic freedom and flouted the Code, which forbade vulgarity, profanity, nudity, excessive violence, illegal drugs, adultery, "sex perversion," "white slavery," racial mingling, "lustful kissing," and suggestive dancing. In July 1934, the controversial films were outlawed. Today they are called "pre-Code." *Sin in Soft Focus* showcases a scintillating era in film history and tells how filmmakers sidestepped the Code. Mark A. Vieira draws on extensive research, interviews, and correspondence in the Production Code Administration files to tell the engaging, suspenseful, and often humorous story of the struggle between Hollywood and its reformers, weaving history, politics, and film into a full-blooded narrative. Illustrated with 275 film stills, many of them rare, the book captures the stunning visual artistry of the era.

Welcome to Marwencol tells the story of Mark Hogancamp. Mark is the subject of the movie, *Welcome to Marwen* (December 2018) starring Steve Carrell • *Welcome to Marwencol* is a hybrid art and storybook about Mark Hogancamp and his imaginary World War II—era town of Marwencol. • Learn about Hogancamp's life before and after the attack which left him with no memory of the thirty-eight prior years of his life, including his ex-wife, family, artistic talents, or military service • This astonishing story of the redemptive power of art shows Hogancamp's process with behind-the-scenes photos, capsule biographies of each Marwencol character, descriptions of each miniature building, and Mark's insight into constructing and photographing his world • Includes 100 pages of Hogancamp's photographs and stories laid out as a graphic novel "Fight scenes, dramatic rescues and love triangles are painstakingly arranged to play out before Mr. Hogancamp's camera. The resulting images are startlingly lifelike, poignant and, for him, therapeutic."—The New York Times HarperCollins

Looking can be an act of empathy or aggression. It can provoke desire or express it. And from the blurry, edgeless world we inhabit as infants to the landscape of screens we grow into, looking can define us. In *The Story of Looking*, filmmaker and writer Mark Cousins takes us on a lightning-bright tour—in words and images—through how our looking selves develop over the course of a lifetime, and the ways that looking has changed through the centuries. From great works of art to tourist photographs, from cityscapes to cinema, through science and protest, propaganda and refusals to look, the false mirrors and great visionaries of looking, this book illuminates how we construct as well as receive the things we see. Brilliant and eclectic, *The Story of Looking* is a photo album and an art gallery, a road movie and a visual grammar: once you've read it, you'll never see things the same way again.

A New York Times Editors Choice Selection A global sensation, Kim Jiyoung, Born 1982 "has become...a touchstone for a conversation around feminism and gender" (Sarah Shin, *Guardian*). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, *Kim Jiyoung, Born 1982* follows one woman's psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of

Seoul, millennial "everywoman" Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls' outfits to male coworkers who installed hidden cameras in women's restrooms. But can her psychiatrist cure her, or even discover what truly ails her? "A social treatise as well as a work of art" (Alexandra Alter, *New York Times*), *Kim Jiyoung, Born 1982* heralds the arrival of international powerhouse Cho Nam-Joo.

Horror, *The Film Reader* Wallflower Press

Hollywood may define our idea of movies, but it is the city of Bombay on the west coast of India that is now the centre of world cinema. Every year, the Indian film industry produces more than 1,000 feature films; every day, 14 million Indians go to a movie in the country; a billion more people a year buy tickets for Indian movies than for Hollywood ones. The rise of Bombay as the film capital of the world has been both remarkable and amazing. Bollywood movies themselves are a self-contained world with their multiple song and dance routines, intense melodrama, and plots that contain everything from farce to tragedy, but always produce a happy ending. The men and women who created these movies are even more remarkable; and it is this fantastic, rich, diverse story, a veritable Indian fairyland, that Mihir Bose, a native of Bombay, tells with vivid brilliance in the first comprehensive history of this major social and cultural phenomenon.

The Big Goodbye Chicago Review Press

Spanning several generations—from newcomers to Oscar Award-winning veterans—this volume features a discussion of the movies that shaped the careers of these filmmakers and, in turn, cinema history. Here directors, including Peter Bogdanovich, Kimberly Peirce, Arthur Hiller, and John Waters, explore the film they saw at an especially formative moment, how it influenced their own work—or, in some cases, led them to tell stories through movies themselves—and the effects it had on their thoughts about cinema. Revealing stories include how after watching *Rebel Without a Cause*, John Woo started combing his hair like James Dean and even began talking like him; *Apocalypse Now* inspired Danny Boyle to take risks and make larger-than-life films; and a line in *The Wizard of Oz*—Who could ever have thought a good little girl like you could destroy all my beautiful wickedness?—has become almost a personal mantra or prayer for John Waters.

The Story of Film SAGE

The *Film Handbook* examines the current state of filmmaking and how film language, technique and aesthetics are being utilised for today's 'digital film' productions. It reflects on how critical analysis 'of film underpins practice and story, and how developing an autonomous 'vision' will best aid student creativity. The *Film Handbook* offers practical guidance on a range of traditional and independent 'guerrilla' film production methods, from developing script ideas and the logistics of planning the shoot to cinematography, sound and directing practices. Film professionals share advice of their creative and practical experiences shooting both on digital and film forms. The *Film Handbook* relates theory to the filmmaking process and includes:

- documentary, narrative and experimental forms, including deliberations on 'reading the screen', genre, mise-en-scène, montage, and sound design
- new technologies of film production and independent distribution, digital and multi-film formats utilised for indie filmmakers and professional dramas, sound design and music
- the short film form, theories of transgressive and independent 'guerrilla' filmmaking, the avant-garde and experimental as a means of creative expression
- preparing to work in the film industry, development of specialisms as director, producer, cinematographer, editor, and the presentation of creative work.

How to Write a Master's Thesis Bloomsbury Publishing

An updated edition — with completely new chapters — of the most accessible and compelling history of the cinema yet published, and complements Mark Cousins' fascinating 15-hour film documentary *The Story of Film: An Odyssey*. Filmmaker and author Mark Cousins shows how filmmakers are influenced both by the historical events of their times, and by each other. He demonstrates, for example, how Douglas Sirk's Hollywood

melodramas of the 1950s influenced Rainer Werner Fassbinder's despairing visions of 1970s Germany; and how George Lucas' *Star Wars* epics grew out of Akira Kurosawa's *The Hidden Fortress*. *The Story of Film* is divided into three main epochs: Silent (1885 – 1928), Sound (1928 – 1990) and Digital (1990 – Present). Films are discussed within chapters reflecting both the stylistic concerns of the film-makers and the political and social themes of the time. This edition includes new text that encompasses the further-reaching scope of world cinema today, and the huge leaps in technology that have changed cinema screens forever. Film is an international medium, so as well as covering the great American films and film-makers, *The Story of Film* explores cinema in Europe, Africa, Asia, Australasia and South America, and shows how cinematic ideas and techniques cross national boundaries. Avoiding jargon and obscure critical theory, the author constantly places himself in the role of the moviegoer watching a film, and asks: 'How does a scene or a story affect us, and why?' In so doing he gets to the heart of cinematic technique, explaining how film-makers use lighting, framing, focal length and editing to create their effects. Clearly written, and illustrated with over 400 stills, including numerous sequences explaining how scenes work, *The Story of Film* is essential reading for both film students and moviegoers alike.

The Color of Law: A Forgotten History of How Our Government Segregated America Penguin

From the New York Times bestselling author of *Fifth Avenue, Five A.M.* and *Fosse* comes the revelatory account of the making of a modern American masterpiece *Chinatown* is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, *The Big Goodbye* will take its place alongside classics like *Easy Riders, Raging Bulls* and *The Devil's Candy* as one of the great movie-world books ever written. Praise for Sam Wasson: "Wasson is a canny chronicler of old Hollywood and its outside personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it." - *The New Yorker* "Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly." - Hilton Als *Collateral Damage* Little, Brown

A 25th anniversary history and celebration of *The Shawshank Redemption*, one of the most cherished American films of the late twentieth century and one of the finest movies made from a Stephen King story. The movie not only boasts a great story, it has a great backstory, starting with the dollar deal that eventually led King and co-stars Tim Robbins and Morgan Freeman to put their trust in a largely untested director making his first feature film. Although the film received mostly positive reviews on its release in September 1994, the box office was disappointing and it failed to win many awards. But as Andy tells Red in the film, "no good thing ever dies." The movie found new life, reaching an ever-growing audience on cable and home video (through word of mouth, it became one of the top-rented movies of 1995). Each year, *The Shawshank Redemption* rises in polls asking film fans to name their favorite movies. It has become nothing less than this generation's *The Grapes of Wrath*, an inspiring story about keeping hope alive in bleak times and under the most horrendous conditions.

NATIONAL BESTSELLER "The *Social Network*, the much anticipated movie...adapted from Ben Mezrich's book *The Accidental Billionaires*." —The New York Times Best friends Eduardo Saverin and Mark Zuckerberg had spent many lonely nights looking for a way to stand out among Harvard University's elite, competitive, and accomplished student body. Then, in 2003, Zuckerberg hacked into Harvard's computers, crashed the campus network, almost got himself expelled, and was inspired to create Facebook, the social networking site that has since revolutionized communication around the world. With Saverin's funding their tiny start-up went from dorm room to Silicon Valley. But conflicting ideas about Facebook's future transformed the friends into enemies. Soon, the undergraduate exuberance that marked their collaboration turned into out-and-out warfare as it fell prey to the adult world of venture capitalists, big money, and lawyers.

Writing about Movies Routledge

If there had been no cover-up of Robert Kennedy's complicity in the murder of Marilyn Monroe in 1962 and he had been prosecuted based on compelling evidence at the time, the assassination of JFK by Bobby's enemies would not have happened—changing the course of

history and preventing the murder of media icon Dorothy Kilgallen. In a breakthrough book that is sure to be relevant for years to come, bestselling author (The Reporter Who Knew Too Much) and distinguished historian Mark Shaw investigates the connection between the mysterious deaths of motion picture screen siren Marilyn Monroe, President John F. Kennedy, and What 's My Line? TV star and crack investigative reporter Dorothy Kilgallen. A former noted criminal defense attorney and network legal analyst, Shaw provides an illuminating perspective as to how Robert Kennedy 's abuse of power during the early 1960s resulted in the murders of Marilyn, JFK, and Dorothy. Praise for Mark Shaw Books The Reporter Who Knew Too Much " The compelling story of Dorothy Kilgallen, the celebrated journalist once called ' the most powerful female voice in America. ' " —Nick Pileggi, author of Wiseguy and Casino Denial of Justice " A worthy sequel to the mysterious whodunit that snuffed out the brave reporter, Denial of Justice is a true crime thriller that seeks to undo the label attached to Ms. Kilgallen 's untimely demise. Mark Shaw has done an admirable and exemplary job in his work. Do not miss! " —San Francisco Book Review

The cinematic art of film noir—the dark, fascinating American movie genre that started 75 years ago, was rediscovered in the '70s, and has a worldwide cult following today—is showcased in Into the Dark. You know film noir when you see it: the shadowed setting; the world-weary detective; the damsel in distress; and the twist of fate. Into the Dark captures this alluring genre with a cavalcade of compelling photographs and a guide to its best films. Author Mark A. Vieira takes readers on a year-by-year tour of the film factories that made these movies, profiling the artists who worked on them, and explaining how they accomplished their moody lighting effects. Into the Dark also tells the story of film noir with quotes from the filmmakers and vintage reviews, taking readers to the exciting nights when Murder My Sweet, Out of the Past, and The Big Heat were sprung on an unsuspecting public.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher 's carefully constructed world falls apart when he finds his neighbour 's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents ' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher 's mind. And herein lies the key to the brilliance of Mark Haddon 's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The instant #1 New York Times bestseller! " It's the best memoir I've ever read. " —Oprah Winfrey " Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma. " —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith 's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it 's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller The Subtle Art of Not Giving a F*ck, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.
