A 25th anniversary history and celebration of *The Shawshank Redemption*, one of the most cherished American films of the late twentieth century and one of the finest movies made from a Stephen King story. The movie not only boasts a great story, it has a great backstory, starting with the dollar deal that eventually led King and co-stars Tim Robbins and Morgan Freeman to put their trust in a largely untested director making his first feature film. Although the film received mostly positive reviews on its release in September 1994, the box office was disappointing and it failed to win many awards. But as Andy tells Red in the film, "no good thing ever dies." The movie found new life, reaching an ever-growing audience on cable and home video (through word of mouth, it became one of the top-rented movies of 1995). Each year, *The Shawshank Redemption* rises in polls asking film fans to name their favorite movies. It has become nothing less than this generation's *The Grapes of Wrath*, an inspiring story about keeping hope alive in bleak times and under the most horrendous conditions.

Looking can be an act of empathy or aggression. It can provoke desire or express it. And from the blurry, edgeless world we inhabit as infants to the landscape of screens we grow into, looking can define us. In *The Story of Looking*, filmmaker and writer Mark Cousins takes us on a lightning-bright tour--in words and images--through how our looking selves develop over the course of a lifetime, and the ways that looking has changed through the centuries. From great works of art to tourist

photographs, from cityscapes to cinema, through science and protest, propaganda and refusals to look, the false mirrors and great visionaries of looking, this book illuminates how we construct as well as receive the things we see. Brilliant and eclectic, *The Story of Looking* is a photo album and an art gallery, a road movie and a visual grammar: once you've read it, you'll never see things the same way again.

The inspiration for a major motion picture by Mark Wahlberg: A Navy SEAL's firsthand account of American heroism during a secret military operation in Afghanistan. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left--blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare -- and a tribute to his teammates, who made the ultimate sacrifice for their country.

Bollywood: A History Verso Books

" People will be arguing over Nixon at the Movies as much as, for more than half a century, the country at large has been arguing about Nixon. " —Greil Marcus Richard Nixon and the film industry arrived in Southern California in the same year, 1913, and they shared a long and complex history. The president screened Patton multiple times before and during the invasion of Cambodia, for example. In this unique blend of political biography, cultural history, and film criticism, Mark Feeney recounts in detail Nixon ' s

enthusiastic viewing habits during his presidency, and takes a new and often revelatory approach to Nixon's career and Hollywood's, seeing aspects of Nixon's character, and the nation's, refracted and reimagined in film. Nixon at the Movies is a "virtuosic" examination of a man, a culture, and a country in a time of tumult (Slate). "By Feeney's count, Nixon, an unabashed film buff, watched more than 500 movies during the 67 months of his presidency, all carefully listed in an appendix titled 'What the President Saw and When He Saw It.' Nixon concentrated intently on whatever was on the screen; he refused to leave even if the picture was a dud and everyone around him was restless. He was omnivorous, would watch anything, though he did have his preferences...Only rarely did he watch R-rated or foreign films. He liked happy endings. Movies were obviously a means of escape for him, and as the Watergate noose tightened, he spent ever more time in the screening room." —The New York Times

The Color of Law: A Forgotten History of How Our Government Segregated America SAGE

From the New York Times bestselling author of Fifth Avenue, Five A.M. and Fosse comes the revelatory account of the making of a modern American masterpiece Chinatown is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, The Big Goodbye will take its place alongside classics like Easy Riders, Raging Bulls and The Devil's Candy as one of the great movie-world books ever written. Praise for Sam Wasson: "Wasson is a canny chronicler of old Hollywood and its outsize personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it." - The New Yorker "Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly." - Hilton Als

Imagining Reality Little, Brown

An updated edition — with completely new chapters — of the most accessible and compelling history of the cinema yet published, and complements Mark Cousins' fascinating 15-hour film documentary The Story of Film: An Odyssey. Filmmaker and author Mark Cousins shows how filmmakers are influenced both by the historical events of their times, and by each other. He demonstrates, for example, how Douglas Sirk's Hollywood

melodramas of the 1950s influenced Rainer Werner Fassbinder's despairing visions of 1970s Germany; and how George Lucas's Star Wars epics grew out of Akira Kurosawa's The Hidden Fortress. The Story of Film is divided into three main epochs: Silent (1885 — 1928), Sound (1928 — 1990) and Digital (1990 — Present). Films are discussed within chapters reflecting both the stylistic concerns of the film-makers and the political and social themes of the time. This edition includes new text that encompasses the further-reaching scope of world cinema today, and the huge leaps in technology that have changed cinema screens forever. Film is an international medium, so as well as covering the great American films and film-makers, The Story of Film explores cinema in Europe, Africa, Asia, Australasia and South America, and shows how cinematic ideas and techniques cross national boundaries. Avoiding jargon and obscure critical theory, the author constantly places himself in the role of the moviegoer watching a film, and asks: 'How does a scene or a story affect us, and why?' In so doing he gets to the heart of cinematic technique, explaining how film-makers use lighting, framing, focal length and editing to create their effects. Clearly written, and illustrated with over 400 stills, including numerous sequences explaining how scenes work, The Story of Film is essential reading for both film students and moviegoers alike.

From Cowboy to Mogul to Monster Bloomsbury Publishing The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

The cinematic art of film noir—the dark, fascinating American movie genre that started 75 years ago, was rediscovered in the '70s, and has a worldwide cult following today—is showcased in *Into the Dark*. You know film noir when you see it: the shadowed setting; the world-weary detective; the damsel in distress; and the twist of fate. *Into the Dark* captures this alluring genre with a cavalcade of compelling photographs and a guide to its best films. Author Mark A. Vieira takes readers on a year-by-year tour of the film factories that made these movies, profiling the artists who worked on them, and explaining how they accomplished their moody lighting effects. *Into the Dark* also tells the story of film noir with quotes from the filmmakers and vintage reviews, taking readers to the exciting nights when *Murder My Sweet*, *Out of the Past*, and *The Big Heat* were sprung on an unsuspecting public.

[Kim Jiyoung, Born 1982: A Novel](#) Flatiron Books

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is

autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The Foreign Film Renaissance on American Screens, 1946 – 1973 The Story of Film

If there had been no cover-up of Robert Kennedy's complicity in the murder of Marilyn Monroe in 1962 and he had been prosecuted based on compelling evidence at the time, the assassination of JFK by Bobby's enemies would not have happened—changing the course of history and preventing the murder of media icon Dorothy Kilgallen. In a breakthrough book that is sure to be relevant for years to come, bestselling author (*The Reporter Who Knew Too Much*) and distinguished historian Mark Shaw investigates the connection between the mysterious deaths of motion picture screen siren Marilyn Monroe, President John F. Kennedy, and *What's My Line?* TV star and crack investigative reporter Dorothy Kilgallen. A former noted criminal defense attorney and network legal analyst, Shaw provides an illuminating perspective as to how Robert Kennedy's abuse of power during the early 1960s resulted in the murders of Marilyn, JFK, and Dorothy. Praise for Mark Shaw Books *The Reporter Who Knew Too*

Much “ The compelling story of Dorothy Kilgallen, the celebrated journalist once called ‘ the most powerful female voice in America. ’ ” —Nick Pileggi, author of Wiseguy and Casino Denial of Justice “ A worthy sequel to the mysterious whodunit that snuffed out the brave reporter, Denial of Justice is a true crime thriller that seeks to undo the label attached to Ms. Kilgallen ’ s untimely demise. The first ever publication of Mark E. Smith's supernatural film treatment, co-authored with Graham Duff. In 2015 Mark E. Smith of The Fall and screenwriter Graham Duff co-wrote the script for a horror feature film called The Otherwise. The story involved The Fall recording an EP in an isolated recording studio on Pendle Hill. The Lancashire landscape is not only at the mercy of a satanic biker gang, it's also haunted by a gaggle of soldiers who have slipped through time from the Jacobite Rebellion. However, every film production company who saw the script said it was 'too weird' to ever be made. The Otherwise is weird. Yet it's also witty, shocking and genuinely scary. Now the screenplay is published for the first time, alongside photographs, drawings and handwritten notes. The volume also contains previously unpublished transcripts of conversations between Smith and Duff, where they discuss creativity, dreams, musical loves (from Can to acid house) and favourite films (from Britannia Hospital to White Heat). Smith also talks candidly about his youth and mortality, in exchanges that are both touching and extremely funny.
