In 1952, W. Clement Stone and Napoleon Hill joined forces and philosophies. Stone added his Positive Mental Attitude (PMA) concept to Hill's principles, resulting in the classic book, *Success Through a Positive Mental Attitude*. The two men spent the next ten years writing and lecturing about achieving success through PMA. Their formula was to become the foundation for virtually all modern motivational writing. Believe and Achieve is not the last word on creating success; that story will continue to evolve as long as the human race

endures. Instead, the Napoleon Hill Foundation hopes that it will be nothing more than the first words in the next chapter of your life: the first of many chapters in which success is the theme. *Chicken Soup for the Soul: Tough Times for Teens* The Success Principles for Teens *Chicken Soup for the Soul: Tough Times for Teens* supports and inspires teenagers during their most challenging times, reminding them they are not alone as they read stories from teens just like them with the same struggles. There are a few people who are truly successful and many others who work hard all of their lives attempting to be successful. As a result, the average person believes that success is hard to obtain and that those who do achieve it are either lucky or extremely brilliant. Most people are so busy attempting to make ends meet that they never take the time to really study the highly successful people. Every person who has made such a study has arrived at the same shocking conclusion: success is merely a decision. You must decide what you want and then begin moving toward it. You decide where you are, and you begin with whatever you have. That's it. "The only limits in our life are those that we impose on ourselves." - BOB PROCTOR
