Beguiling the Beauty Courtney Milan
How are signs and symptoms of psychic alienation variously

enfigured in literary texts? And how do readers invariably figure in some form of the 'madness' they attempt to figure out? These are some of the questions addressed by Figuring Madness , a study which employs the insights of current post-structuralist psychoanalysis and semiotic theory to examine the complex interimplication of the subject and object of madness that is always implied by the dynamics of analytic dia-gnosis. In its focus on the implications of writing and reading signs of madness, the study offers new interpretations of both canonical and non-canonical texts by authors spanning the period from Jane Austen and Anthony Trollope to Charlotte Perkins Gilman and Henry James.

A deliciously funny romp of a novel about one overly theatrical and sexually confused New Jersey teenager’s larcenous quest for his acting school tuition It’s 1983 in Wallingford, New Jersey, a sleepy bedroom community outside of Manhattan. Seventeen-year-old Edward Zanni, a feckless Ferris Bueller-type, is Peter Panning his way through a carefree summer of magic and mischief. The fun comes to a halt, however, when Edward’s father remarries and refuses to pay for Edward to study acting at Juilliard. Edward’s truly in a bind. He’s ineligible for scholarships because his father earns too much. He’s unable to contact his mother because she’s somewhere in Peru trying to commune with Incan spirits. And, as a sure sign he’s destined for a life in the arts, Edward’s incapable of holding down a job. So he turns to his loyal (but immoral) misfit friends to help him steal the tuition money from his father, all the while practicing for his high school performance of Grease. Disguising themselves as nuns and priests, they merrily scheme their way through embezzlement, money laundering, identity theft, forgery, and blackmail. But, along the way, Edward also learns the value of friendship, hard work, and how you’re not really a man until you can beat up your father—metaphorically, that is. How I Paid for College is a farcical coming-of-age story that combines the first-person tone of David Sedaris with the byzantine plot twists of Armistead Maupin. It is a novel for anyone who has ever had a dream or a scheme, and it marks the introduction to an original and audacious talent.

Avenging Muse Dell

The latest book in the exciting series featuring woman-on-the-run Elizabeth Miles—from the beloved national bestselling author of the Gaslight Mysteries. Elizabeth Miles knows that honesty is not always the best policy when it comes to finding justice. Elizabeth has discovered that navigating the rules of high society is the biggest con of all. So far, her only success is Priscilla Knight, a dedicated young suffragist recently widowed for the second time. Her beloved first husband died in a tragic accident and left her with two young daughters—and a sizable fortune. While she was lost in grief, Priscilla’s pastor convinced her she needed a man to look after her and engineered a whirlwind courtship and hasty marriage to fellow parishioner Endicott Knight. Now, about nine months later, Endicott is dead in what appears to be another terrible accident. Priscilla had believed Endicott was wealthy, too, but her banker tells her she has no money left and her house has been mortgaged. He also hints at a terrible scandal and refuses to help. Priscilla stands to lose everything, and Elizabeth is determined not to let that happen.

She soon discovers that Endicott’s death was anything but accidental, and revealing the truth could threaten much more than Priscilla’s finances. To save her new friend’s future—and possibly her own—Elizabeth, along with her honest-to-a-fault beau, Gideon, delve into the sinister secrets someone would kill to keep.

The Demon Equilibrium BRILL

This book is Open Access under a CC BY license. It is the first monograph-length study of the force-feeding of hunger strikers in English, Irish and Northern Irish prisons. It examines ethical debates that arose throughout the twentieth century when governments authorised the force-feeding of imprisoned suffragettes, Irish republicans and convict prisoners. It also explores the fraught role of prison doctors called upon to perform the procedure. Since the Home Office first authorised force-feeding in 1909, a number of questions have been raised about the procedure. Is force-feeding safe? Can it kill? Are doctors who feed prisoners against their will abandoning the medical ethical norms of their profession? And do state bodies use prison doctors to help tackle political dissidence at times of political crisis?
