Now a Starz® Original Series

"Utterly convincing and

engrossing---totally thought-

through and frequently

hilarious....Even this aging, jaded, attention-deficit-disordered critic was blown away." --Lev

Grossman, Time Myfanwy

Thomas awakens in a London

park surrounded by dead bodies.

With her memory gone, she must

trust the instructions left by her

former in order to survive. She

quickly learns that she is a Rook,

a high-level operative in a secret

agency that protects the world

from supernatural threats. But

there is a mole inside the

organization, and this person

wants her dead. Battling to save

herself, Myfanwy will encounter

a person with four bodies, a

woman who can enter her

dreams, children transformed into

deadly fighters, and terrifyingly

vast conspiracy. Suspenseful and

hilarious, THE ROOK is an

outrageously imaginative thriller

for readers who like their

espionage with a dollop of purple

slime.

"Frightening and fun!" -Neil Patrick Harris, New York Times bestselling author of *The Magic Misfits Readers*

will be scared silly in this spooky and hilarious middle grade series starter about a town chock-full of monsters and the kids who must unravel centuries of secrets to save it. Will Hunter thought his life couldn't get any worse: His parents just got divorced, His best (and only) friend now is his dog, Fitz, And his mom moved them from New York City to the middle-of-nowhere town called East Emerson. But Will was wrong—things are about to get way worse. Because East

Emerson is filled with a whole lot of monsters, and he's the only person who can see them. When all the town pets (including Fitz) go missing, Will suspects there's something sinister going on. So he joins forces with outcast Ivy and super-smart Linus to uncover the ancient secrets of East Emerson. Besides, nothing bad could happen when three sixth graders team up against monsters, magic, myths, and mad science . . . right? Read all the books in The Supernatural Society series! The

Supernatural are at your fingertips with Supernatural: Mini Guide to Saving People and Hunting Things. This miniature three-inch guide to Sam and Dean Winchester's years on the road includes details about each season as well as facts that every hunter needs to know. Take a look back at over a decade of the brothers' travels as they faced creatures from Heaven, Hell, and everywhere in between with full-color photos, art, and more, making this the perfect collectible gift

for all fans of Supernatural. Saving people, hunting things—it's the Winchester family business! *Supernatural: The Official Coloring Book* Little, Brown In this thrilling follow-up to the best-selling *Supernatural: The Official Coloring Book*, fans can color in line art and patterns inspired by the monsters and deadly creatures from the hit television show. From wraiths and Hellhounds to Leviathan and vengeful spirits, Sam and Dean Winchester have hunted all manner of creatures in their quest to save

innocent people from the supernatural. This stunning coloring book features intricate designs and patterns of the things that go bump in the night. Now you can explore everything, including banshees, demons, and other monsters, in terrifying detail with *The Official Supernatural Coloring Book: Monsters, Demons, and Spirits. Not Even Bones* Wayne State University Press

This immersive in-world guide based on the highly popular Supernatural television show reveals the strengths, weaknesses, secrets out of the deadly ghosts, demons, angels, and creatures that the Winchesters have hunted. An immersive in-world guide to the Supernatural universe, this tome from the Men of Letters' archive features information on the deadliest ghosts, monsters, and creatures ever encountered. The Men of Letters was a secret society dedicated to accumulating knowledge of supernatural and arcane mysteries. Decades after the order was wiped out, Sam and Dean

Winchester inherited their hidden bunker, where Sam compiled the records of the supernatural entities discovered by the Men of Letters into one book. Once assembled, the Winchester brothers themselves included their own additions and annotations. From the Knight of Hell Abaddon to banshees and wendigos, this fully illustrated tome will allow fans to explore the creatures of Heaven, Hell, and Earth from the Winchester brothers' perspective.

Complete with commentary from Sam and Dean, *Supernatural: The Men of Letters Bestiary* offers a unique and immersive look at the creatures and entities that inhabit the series. *Supernatural: The Men of Letters Bestiary* Insight Editions "Twisty, grisly, genre-bending and immersive, *Not Even Bones* will grab you by the throat and drag you along as it gleefully tramples all of your expectations." —Sara Holland, New York Times best-selling author of *Everless* Dexter meets *This Savage Song* in this

dark fantasy about a girl who sells magical body parts on the black market—until she's betrayed. Nita doesn't murder supernatural beings and sell their body parts on the internet—her mother does that. Nita just dissects the bodies after they've been "acquired." Until her mom brings home a live specimen and Nita decides she wants out; dissecting a scared teenage boy is a step too far. But when she decides to save her mother's victim, she ends up sold in his place—because Nita herself isn't exactly "human." She has the ability to alter her biology, a talent that is priceless on the black market. Now on the other side of the bars, if she wants to escape, Nita must ask herself if she's willing to become the worst kind of monster. Now available as a Webtoon!

The Official Supernatural Coloring Book: Monsters, Demons, and Spirits Robinson

Have you ever wanted to track Bigfoot? Slay a dragon? Introduce yourself to a vampire? From the author of Gods and Goddesses, Monsters and Creatures delves into the legends of some of the world's best-known and most bizarre magical beasts and ghastly

creations, revealing time period, the facts and the including modern fictions. Explore the monsters stalking us real-life origins of today. All of these some of the strangest creatures have creatures ever inspired films, encountered in the books, scientific murky depths and research, poems, and enchanted forests - music, as well as our and even lurking collective dreams and under your bed. nightmares. It's time Discover the real to meet these werewolves of legendary mythical medieval Europe, beasts and find out glimpse the magical the amazing true history of the famed stories behind them. unicorn, and *Portraits of Human encounter the terrifying Renaissance bloodsucking dogs of Chronicle Books Mexico. More than a From the New York bestiary, this Times bestselling carefully researched author of The book documents the Stolen Child comes mythologies, a hypnotic literary sightings, and horror novel about origins of over 100 a young boy trapped weird and wonderful inside his own beasties from every world, whose continent and every*

drawings blur the lines between fantasy and reality. Ever since he nearly drowned in the ocean three years earlier, ten-year-old Jack Peter Keenan has been deathly afraid to venture outdoors. Refusing to leave his home in a small coastal town in Maine, Jack Peter spends his time drawing monsters. When those drawings take on a life of their own, no one is safe from the terror they inspire. His mother, Holly, begins to hear strange sounds in the night coming from the ocean, and

she seeks answers from the local Catholic priest and his Japanese housekeeper, who fill her head with stories of shipwrecks and ghosts. His father, Tim, wanders the beach, frantically searching for a strange apparition running wild in the dunes. And the boy's only friend, Nick, becomes helplessly entangled in the eerie power of the drawings. While those around Jack Peter are haunted by what they think they see, only he knows the truth behind the frightful

occurrences as the outside world encroaches upon them all. In the tradition of *The Turn of the Screw*, Keith Donohue's *The Boy Who Drew Monsters* is a mesmerizing tale of psychological terror and imagination run wild, a perfectly creepy read for a dark night.

Supernatural: John Winchester's Journal
The Supernatural Book of Monsters, Spirits, Demons, and Ghouls
Monsterrific stories by top names in horror writing
Vampires, Werewolves, Zombies, Ghouls . . . these and many other

Creatures of the Night are featured in this bumper collection of stories by such authors as Clive Barker, Harlan Ellison, Ramsey Campbell, Brian Lumley, Tanith Lee, Michael Marshall Smith, Kim Newman, Joe R. Lansdale, Lisa Tuttle, R. Chetwynd-Hayes, Basil Copper and many others. Here you'll discover creatures both unnatural and manmade, as the walking dead rise from their graves, immortal bloodsuckers seek human nourishment, deformed monstrosities pursue their victims across the countryside, and the ugliest of nightmares is revealed to have a

soul. Drawn from the pages of legend and literature, these stories feature Things that slither, stagger, swoop, stomp and scamper. So bolt the doors, lock the windows and shiver in the shadows, because no-one is safe when the Monsters are loose .

A Book of Creatures
Independently
Published
Monsters, ghosts, fantastic beings, and supernatural phenomena of all sorts haunt the folklore and popular culture of Japan. Broadly labeled yokai, these creatures come in infinite shapes and sizes, from tengu mountain goblins and kappa water spirits to shape-shifting foxes and long-tongued ceiling-lickers. Currently popular in anime, manga, film, and computer games, many yokai originated in local legends, folktales, and regional ghost stories. Drawing on years of research in Japan, Michael Dylan Foster unpacks the history and cultural context of yokai, tracing their roots, interpreting their meanings, and introducing people who have hunted them through the ages. In this delightful and

accessible narrative, readers will explore the roles played by these mysterious beings within Japanese culture and will also learn of their abundance and variety through detailed entries, some with original illustrations, on more than fifty individual creatures. The Book of Yokai provides a lively excursion into Japanese folklore and its ever-expanding influence on global popular culture. It also invites readers to examine how people create, transmit, and collect folklore,

and how they make sense of the mysteries in the world around them. By exploring yokai as a concept, we can better understand broader processes of tradition, innovation, storytelling, and individual and communal creativity. *Ê The Monster Book Supernatural* Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was

apparently tranquil. was in a superb state

was well worth its to acknowledge that a
cost as a coaling college for the
station. The country training of diplomats

was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine

Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

Living Ghosts and
Mischievous Monsters

Harper Collins

"A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . .

reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty.

Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the

paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of

racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a

subject so lurid that it has probably scared away some of the serious research it merits."—National Review

The Supernatural Book of Monsters, Spirits, Demons, and Ghouls
Picador

At the center of this interdisciplinary study are court monsters--dwarves, hirsutes, and misshapen individuals--who, by their very presence, altered Renaissance ethics vis-a-vis anatomical difference, social virtues, and scientific knowledge. The study traces how these monsters evolved from objects of curiosity, to scientific cases, to legally independent beings. The works examined here point to the intricate

cultural, religious, ethical, and scientific perceptions of monstrous individuals who were fixtures in contemporary courts. *Monsters and Creatures* Yale University Press Stranger Things meets Sideways Stories from Wayside School in this quirky supernatural middle grade novel from New York Times bestselling author Alyson Noël about a boy on an unlikely quest to uncover an enchanted book to defeat an unearthly nemesis. When he first started seeing ghosts, Max mistakenly assumed everyone else could see them, too. Now, after years of being blamed for the pranks of mischievous spirits, Max is determined to do whatever it takes to make himself normal.

But when he's sent to spend the summer with his eccentric grandfather, Ramhart, being normal becomes impossible. Here in Glimmerville, bakeries sell enchanted pies, the lake is infested with mermaids, the town's beloved ghosts roam free, and Ramhart himself is celebrated as the world's most famous monster hunter. At first, all Max wants is to survive the summer, but the more time he spends in Glimmerville, the more he starts to wonder if he's finally found a place where he can truly be himself. But when a supernatural attack steals Ramhart's soul, Max—with the help of a few new friends—must go on a quest to find his grandfather's renowned Field Guide, an enchanted book that

contains all the knowledge Ramhart has gathered about defeating unearthly nemeses. And if they don't find the book fast, Glimmerville will crumble into chaos, and Max will lose the only person who's ever made him feel at home.

The Graveyard Book

Harper Collins

Enter the enchanting world of mythical creatures and explore the history behind them in this beautifully illustrated compendium for kids aged 7 to 9. You'll meet an incredible cast of mind-boggling fictional animals from all around the world. Say hello to Bigfoot in the forests of North America and

learn about the Native American traditions that inspired its story. Voyage to Japan to meet kitsune, supernatural nine-tailed foxes that can turn into humans. And jump onboard an ancient storm-battered ship to learn why mermaids were the last thing a sailor wanted to see... Learn about the societies that spawned these legendary creatures, from Ancient Greece to the indigenous tribes of Australia, and find out what the beasts tell us about the people who created them. From narwhal tusks inspiring the legend of unicorns, to dinosaur bones

creating rumours of dragons, there is an interesting story behind every magical beast. *Mythical Beasts and Magical Creatures* tells you everything you need to know about supernatural animals great and small. Perfect for fans of Harry Potter and other fantasy tales, this is the only kids' e-guide to magical creatures that tells you the history behind the mythology.
