This very beautiful and lyrical extended version of the fairy tale 'The Wild Swans' by Hans Christian Andersen is the much anticipated companion to East of the Sun, West of the Moon. With strong characterization of the heroine and also with more rounded characterisation of the wicked stepmother than in the original version, and with delicate watercolor paintings throughout, this is both a wonderful story and delightful gift. Beautifully presented in a jacketed edition with foiled title.

The elders won’t say why they have promised him to a girl in a neighboring clan, but there are rumors of approaching danger.
