How Much Land Does A Man Need? Routledge
#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories* from the Heart In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the *Freedom Writers*, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. The *Freedom Writers Diary* remains a vital read for anyone who believes in

second chances.

'A beautifully told story of courage, determination and, above all, magnificent defiance' Alan Johnson 'Bracing and inspirational' Nigella Lawson 'A wonderful writer... life-affirming' Jon Snow 'There are lots of reasons to read this book, which has the fineness of detail, sharpness of humour and grace of a novel by Penelope Lively. But it's this business of changing one's mind - the thing most of us least like to do - that I admired the most' Observer 'I am immersed in a new world that feels a long way from my old one. Though I've not been re-invented, what has happened is just as radical and a lot more interesting: I am being re-educated.' Lucy Kellaway had a comfortable life. For years she had the same prestigious job, the same husband, and the same home. To the casual observer, she was both happy and successful. But one day, Lucy began to realise that the life she had built for herself no longer suited her. Was it too late to start again? The answer was no - so she proceeded to tear down both marriage and career, and went back to school. Retraining as a teacher, Lucy discovers there is a world of new possibilities awaiting her - and learns that you can teach an old dog new tricks (providing they are willing to un-learn a few old ones along the way). A witty and moving story of one woman's pursuit of a new life, *Re-educated* is a celebration of education's power to transform our lives at any age, and an essential companion for anyone facing the joy - and pain - of starting again.

While battling bureaucrats, gang members, abusive parents, and her own insecurities, this gifted young woman reveals what it takes to be an exceptional teacher. Heroine to thousands of parents and educators, Esmé now shares more of her ingenious and yet down-to-earth approaches to the classroom in a supplementary guide to help new teachers hit the ground running. As relevant and iconoclastic as when it was first published, *Educating Esmé* is a classic, as is Madame Esmé herself.

She Persisted Around the World The New Press
"Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself." —Howard Zinn A new edition of the national bestseller and American Book Award winner, with a new preface by the author Since its first publication in 1995, *Lies My Teacher Told Me* has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the New York Times. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be "objective." What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls "an extremely convincing plea for truth in education." In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

Educators must both respond to the impact of trauma, and prevent trauma at school. Trauma-informed initiatives tend to focus on the challenging behaviors of students and ascribe them to circumstances that students are facing outside of school. This approach ignores the reality that inequity itself causes trauma, and that schools often heighten inequities when implementing trauma-informed practices that are not based in educational equity. In this fresh look at trauma-informed practice, Alex Shevrin Venet urges educators to shift equity to the center as they consider policies and professional development. Using a framework of six principles for equity-centered trauma-informed education, Venet offers practical action steps that teachers and school leaders can take from any starting point, using the resources and influence at their disposal to make shifts in practice, pedagogy, and policy. Overthrowing inequitable systems is a process, not an overnight change. But transformation is

possible when educators work together, and teachers can do more than they realize from within their own classrooms.
