Damascus Countdown All eyes are on the Middle East. Israel has successfully launched a first strike on Iran, taking out all of their nuclear sites and six of their nuclear warheads—and causing The Twelfth Imam to order a full-scale retaliation. U.S. President William Jackson threatens to support a U.N. Security Council resolution condemning the Jewish State for unprovoked and unwarranted acts of aggression. Meanwhile, CIA operative David Shirazi has infiltrated the Iranian regime and intercepted information

In danger not only from the ongoing missile strikes on Iran but also from the increasingly hostile and suspicious governments of multiple countries, David and his team are in a race against time to find the remaining nuclear warheads before disaster strikes. Over the past three decades, scholars, government analysts and terrorism experts have examined the relationship between Islam and politics. But specialists have tended to limit their analysis to a specific country or focus. Few works have provided a geographically comprehensive, in-depth analysis. Since 9/11, another wave of literature on political Islam and global terrorism has appeared, much of it superficial and sensationalist. This situation underscores the need for a comprehensive, analytical, and in-depth examination of Islam and politics in the post-9/11 era and in an increasingly globalizing world. The Oxford Handbook of Islam and Politics, with contributions

from prominent scholars and specialists, provides a comprehensive analysis of what we know and where we are in the study of political Islam. It enables scholars, students, and policymakers to understand the interaction of Islam and politics and the multiple and diverse roles of Islamic movements, as well as issues of authoritarianism and democratization, religious extremism and terrorism regionally and globally.

This book explores in a comparative perspective two fundamentalist waves that have rolled over the Middle East during the last two decades. Jewish and Muslim extremism have had a profound impact on the culture and politics of this important region. One thinks immediately of the Gush Emunim settlements on the West Bank, the Iranian revolution, and the assassination of President Sadat. The authors highlight various facets of the phenomena, such as Haradi Jewish ultra-orthodoxy, the transformation of secular Israeli nationalism by the

Gush, Iranian attempts to spread the revolutionary gospel to the Sunni world, and fundamentalism as the spearhead of the national uprising in the Gaza. The introduction outlines what the extremist movements in both religions have in common, where they diverge, and how they are shaping the future of the Middle East.
