The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first

scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants--Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes,

including magic, betrayal, revenge, and family. In Act IV, a wedding masque serves as a play-within-the play, and contributes spectacle, allegory, and elevated language.

Shakespeare, which tells the story of Prospero, the former Duke of Milan, who was usurped by his brother Antonio and marooned on an island with his daughter Miranda. When the men who betrayed him sail past the island, Prospero commands Ariel, a nature-spirit he has bound to his will, to raise a mighty tempest and shipwreck them. While he harnesses Ariel's powers to subject the noblemen to a number of trials, a drunken jester and butler encounter Prospero's other slave, Caliban, who tries to convince them to murder him. Over

the course of the play, Shakespeare explores a number of weighty topics and incorporates elements drawn from many genres, creating a play that is as multifaceted as it is timeless. The Tempest is one of Shakespeare's best-known problem plays, and has been performed frequently since it was first published in the early 17th century.
