#Obsession: freeing yourself from social media disorder by Seyedeh Tina Sadri, M.A. L.M.F.T. and Randall Frakes There is a real epidemic of social media addiction in this country and abroad - wherever anyone has access to the Internet. When a British youth tries to kill himself because he cannot take the perfect " selfie, " we know humankind has crossed a line into dangerous and toxic territory. Beneath the surface topic of social media disorder, this book is really about self-esteem related disorders that lead to over-reliance on outside validation. Because it is new and pervasive, especially to a young generation raised under its influence and never knowing anything different, social media is the main culprit for behavior disorders plaguing otherwise balanced individuals. This book explores the outer extremes of the disorder and then furnishes several important, yet simple, processes by which to restore psychological balance. Social Media is a positive tool in our lives when used properly. This book serves as a guide on how to interact with social media in a healthy way. People are becoming more and more obsessed with communicating an idealized version of themselves to strangers and creating an electronic ghost personality that exists only because certain facts are edited out. This is one of the first and most enlightening books on this growing epidemic of social media addiction. It is a fascinating exploration of social media, but also a way to see yourself in the many amazing case histories - and decide if you are a victim of this modern malady. #Obsession will appeal to anyone who uses social media, which is nearly everyone on the planet, even people in third world countries.

Terminator Salvation: The Official Movie Novelization Simon and Schuster
Born out of James Cameron ' s fever dream, the relentless Terminator has become a cinematic juggernaut. The original ground-breaking film, The Terminator, and its mighty sequel, Terminator 2: Judgment Day, not only assured the blockbuster career of their director but also turned their star, Arnold Schwarzenegger, into an icon. Movies about the dark side of humanity ' s love affair with technology, they redefined the boundaries between science fiction, horror and action, and set astonishing new standards for special effects. Now, Terminator Vault brings to light the stories behind these two landmark films, drawing on new interviews with James Cameron, producer Gale Anne Hurd and many more cast and crew members – plus a foreword from Arnold Schwarzenegger himself. Featured herein are concept artwork by Cameron, annotated effects storyboards, rare photographs of the miniatures team at work, diagrams of the shape-shifting T-1000 by the late, great Stan Winston ' s makeup and effects studio, and ten meticulously reproduced artefacts enclosed in vellum envelopes for readers to remove and examine. Fully authorized and beautifully illustrated throughout, Terminator Vault is the ultimate celebration of two movies that changed cinema forever.
