#### The Thief of Always Harper Perennial

The #1 New York Times – bestselling author's visually stunning story about a magical band of living toys who learn to overcome their fears. Toymaker Isaac Bodkins created the Oddkins, a group of living toys, for very special children who face difficulties in life and need true friends. There's Amos, the brave stuffed bear; Skippy, the rabbit who dreams of being a superstar; Butterscotch, the gentle, floppy-eared pup; Burl the elephant; the wise and scholarly Gibbons; and Patch the cat. The Oddkins are given to children to inspire, support, and love them, especially during times of adversity. Only now, the toys themselves are the ones who need help. Before he dies, Mr. Bodkins delivers a dire warning to Amos the bear: Watch out for an evil toymaker and his dangerous creations! Locked up in the dark sub-basement, another group of toys is climbing out of boxes and crates and coming to life as well. These bad toys—like Rex and Lizzie, the puppets with no strings; Gear, the vicious robot; and Stinger, the

horrid buzzing bumblebee with his knife-sharp stinger—were made to hurt children, not help them. Leering, laughing, and deadly, they are let loose into the world by a terrifying force. Frightening as it may be, the Oddkins must go on a journey to find Colleen Shannon, Mr. Bodkins's chosen successor as a life-giving toymaker and the only person who can save them. The stormy night is perilous and the Oddkins face a danger that threatens not only their magic . . . but the magic in us all.

Clive Barker's Dark Worlds Simon and Schuster  
One quiet spring evening, the animals of the north woods see a great light mushroom up from the human territories. Most ignore it, but Wolf of Shadows, sitting alone on his hill, knows that something is very wrong. The next day dark clouds block out the sun, and an icy black rain comes, washing away the smells of all living things. It gets colder, then colder still. Nuclear winter has begun. As sleet changes to snow in wolf country, a desperate human mother and her daughter appear and join Wolf of Shadows as he leads his pack south. This is the story of their journey through the desolate, frozen wasteland that was once the United States. Always near freezing and starvation, threatened by savage dog packs and marauding humans, the wolves and the two women soon come to depend on one another for survival. Strieber masterfully captures how the wolf interprets the actions of the adopted humans and compares them to the feelings and actions of wolves. As their journey progresses, an unspoken but deeply felt love grows between them. This alone sustains them in their search for a place where life can be reborn. "Wolf of Shadows" is a bold and brutal novel, a compelling tale of survival in the wild, and a unique vision told from the viewpoint of a wolf of the horrors we may bring to every living creature on earth.
