all the fossil fuels run out...It's the near future - the very near future - and the fossil fuels are running out. No gas. No oil. Which means no driving. No heat. Supermarkets are empty. Malls have shut down. Life has just become more local than we ever knew it could be. Nobody expected the end to come this fast. And in the small town of Spring Valley, decisions that once seemed easy are quickly becoming matters of life and death. There is hope - there has to be hope - just there are also sacrifices that need to be made, and a whole society that needs to be rethought.

Future

Dorling Kindersley Ltd
In the Five Hundred Kingdoms, if you can't carry out your legendary role, life is no fairy tale... Elena Klovis was supposed to be her kingdom's Cinderella—until fate took that future away from her, and she set out to

make a new life for herself. But breaking with "The Tradition" that guides the kingdoms comes with a cost—one that could leave her powerless and destitute. Until, that is, her fairy godmother intervenes and offers her a most unexpected job... to become her apprentice, and learn the ways of magic. Now, instead of sleeping in the chimney,

Elena must guide others along their own fated paths. And, of course, deal with arrogant, stuffed-shirt princes who keep trying to rise above their place. But when she finds herself falling for someone completely unexpected, she begins to question where her own path will lead her—and whether she's willing to take fate into her own hands. Sometimes a
