The Saint of Dragons Routledge

This collection of essays, published in honour of Professor Georgia Xanthakis-Karamanos, addresses topics which lie at the forefront of current research on the fields of Greek drama and classical reception studies. It brings together internationally distinguished scholars who provide fresh insights into issues pertaining to the origins of Greek tragedy and comedy, their generic identity, the structure, the morality or the divine and human characters emerging from individual plays, the presence of

Greek drama outside Athens in post-classical times, the associations between drama and genres such as epic and oratory or even the reception of Greek drama in operatic works such as Wagner's *Tristan und Isolde*. Related art forms, such as music, receive particular attention. Focusing on either broader topics or specific texts, the essays of this volume provide a wide range of theoretical perspectives often combining modern critical trends such as reception studies, narratology or cultural studies with close and acute readings of individual passages. The volume is of particular interest to scholars and students of Greek drama and its reception as well as to anyone interested in Greek culture and its various manifestations.

Zeros + Ones Simon and Schuster

Trouble is brewing in quiet, pleasant Alypium, and only Erec Rex can make it better. All of the baby dragons have mysteriously disappeared, and King Piter has lost the trust of his people. Worse, the evil Stain brothers will become the

new rulers of the Kingdom of the Keepers unless Erec returns to Alypium and challenges them. but if Erec becomes king, the power of the royal scepter could destroy him completely. As Erec performs deadly quests in pursuit of the throne, he discovers that the right path brings many risks and few rewards -- and when he must delve into the Substance that holds our world together, he must summon all of his strength just to survive.

Atherton #2 Simon and Schuster

The stroke of midnight on 15 August 1947 liberated 400 million Indians from the British Empire. One of the defining moments of world history had been brought about by a tiny number of people, including Jawaharlal Nehru, the fiery prime minister-to-be; Gandhi, the mystical figure who enthralled a nation; and Louis and Edwina Mountbatten, the glamorous but unlikely couple who had been dispatched to get Britain out of India without delay. Within hours of the midnight chimes, however, the two new nations of India and Pakistan would descend into anarchy and terror. INDIAN SUMMER depicts the epic sweep of events that ripped apart the greatest empire the world has ever seen, and reveals the secrets of the most powerful players on the world stage: the Cold War conspiracies, the private deals, and the intense and clandestine love affair between the wife of the last viceroy and the first prime minister of free India. With wit, insight and a sharp eye for detail, Alex von Tunzelmann relates how a handful of people changed the world for ever.

The Monsters of Otherness Little Simon

The first novel in a compelling and original new fantasy trilogy about a girl with the uncanny ability to draw pain with her hands.

In Fury Born New York : F.A. Stokes

The bestselling book for every boy from eight to eighty, covering essential boyhood skills such as building tree houses*, learning how to fish, finding

true north, and even answering the age old question of what the big deal with girls is. In this digital age there is still a place for knots, skipping stones and stories of incredible courage. Theatre World UPNE

Hailed as “ a breakneck, jam-packed roller coaster of an adventure ” by J. K. Rowling, this New York Times bestseller is the first installment in the explosive tween fantasy series by famed Hollywood director Chris Columbus (of Harry Potter fame) and bestselling author Ned Vizzini (It ’ s Kind of a Funny Story). Siblings Brendan, Eleanor, and Cordelia Walker once had everything they could ever want. But everything changed when Dr. Walker lost his job. Now the family must relocate to an old Victorian house, formerly the home of occult novelist Denver Kristoff—a house that simultaneously feels creepy and too good to be true. By the time the Walkers realize that one of their neighbors has sinister plans for them, they ’ re banished to a primeval forest way off the grid. Bloodthirsty medieval warriors patrol the woods around them, supernatural pirates roam the neighboring seas, and a power-hungry queen rules the land. To survive, the siblings will have to be braver than they ever thought possible—and to fight against their darkest impulses. The key may lie in their own connection to the secret Kristoff legacy. But as they unravel that legacy, they ’ ll discover that it ’ s not just their family that ’ s in danger . . . it ’ s the entire world.

But Not the Hippopotamus HarperCollins UK

Book two in the Angelarium series. This artbook is a chronicle of Enoch, a living man wandering the world of Angels. Seeking a path home, Enoch witnesses a rogue order of Angels invading his home and threatening the existence of humanity. The Dragon Princess Little, Brown Books for Young Readers
The Dragon Princess: Being a princess in a magical kingdom isn't easy. Especially if your best friends are a vampire, a troll and a wizard. And if you happen to be a magical princess who turns into a dragon when she gets cross, then things are about to get very interesting. It's hard to find suitors for large fire-breathing reptiles. Join Millie, the Dragon Princess, on one of three enchanting, hilarious and unforgettable adventures. No Place For Magic: Princess Emma (aka The Frog Princess) takes centre stage again in quest to rescue a kidnapped prince. The Salamander Spell: Grassina, Princess Emma's wonderful, magical aunt, is herself a teen in this prequel that tells the story of how she meets her true love.

Whence the Goddesses Harper Collins

Eugene W. Holland provides an excellent introduction to Gilles Deleuze and Felix Guattari's Anti-Oedipus which is widely recognized as one of the most influential texts in philosophy to have appeared in the last thirty years. He lucidly presents the theoretical concerns behind Anti-Oedipus and explores with clarity the diverse influences of Marx, Freud, Nietzsche and Kant on the development of Deleuze & Guattari's thinking. He also examines the wider implications of their work in revitalizing Marxism, environmentalism, feminism and cultural studies. Equal Justice and the Death Penalty Macmillan
When twelve-year-old Erec Rex learns that his friend

Bethany is in trouble in Alypium, the magical kingdom he is destined to rule, he rushes to try to save her and to find the five Awen in order to protect the Substance.

The Dragon's Eye HarperCollins

From the legendary former Fed Chairman and the acclaimed Economist writer and historian, the full, epic story of America's evolution from a small patchwork of threadbare colonies to the most powerful engine of wealth and innovation the world has ever seen. Shortlisted for the 2018 Financial Times and McKinsey Business Book of the Year Award From even the start of his fabled career, Alan Greenspan was duly famous for his deep understanding of even the most arcane corners of the American economy, and his restless curiosity to know even more. To the extent possible, he has made a science of understanding how the US economy works almost as a living organism--how it grows and changes, surges and stalls. He has made a particular study of the question of productivity growth, at the heart of which is the riddle of innovation. Where does innovation come from, and how does it spread through a society? And why do some eras see the fruits of innovation spread more democratically, and others, including our own, see the opposite? In *Capitalism in America*, Greenspan distills a lifetime of grappling with these questions into a thrilling and profound

master reckoning with the decisive drivers of the US economy over the course of its history. In partnership with the celebrated Economist journalist and historian Adrian Wooldridge, he unfolds a tale involving vast landscapes, titanic figures, triumphant breakthroughs, enlightenment ideals as well as terrible moral failings. Every crucial debate is here--from the role of slavery in the antebellum Southern economy to the real impact of FDR's New Deal to America's violent mood swings in its openness to global trade and its impact. But to read *Capitalism in America* is above all to be stirred deeply by the extraordinary productive energies unleashed by millions of ordinary Americans that have driven this country to unprecedented heights of power and prosperity. At heart, the authors argue, America's genius has been its unique tolerance for the effects of creative destruction, the ceaseless churn of the old giving way to the new, driven by new people and new ideas. Often messy and painful, creative destruction has also lifted almost all Americans to standards of living unimaginable to even the wealthiest citizens of the world a few generations past. A sense of justice and human decency demands that those who bear the brunt of the pain of change be protected, but America has always accepted more pain for more gain, and its vaunted rise cannot otherwise be understood, or its challenges faced, without recognizing this legacy. For now, in our time, productivity growth has stalled

again, stirring up the populist furies. There's no better moment to apply the lessons of history to the most pressing question we face, that of whether the United States will preserve its preeminence, or see its leadership pass to other, inevitably less democratic powers.

The Adventurer's Guide to Dragons (and Why They Keep Biting Me) The Three Furies

Werewolf: The Apocalypse is about anger over the loss of what the shapeshifting Garou hold dearest: Gaia, the Earth itself. Corruption from without and within has caused the destruction not only of the Garou's environment, but also of their families, friends and culture, which extends in an unbroken line to the very dawn of life. No matter how righteously the Garou hold themselves, no matter how they prey on their destroyers, the corruption spreads. Now the time for reconciliation is past. This grave insult against Gaia can end in only one way: blood, betrayal... and rage. Details the werecrocodilians of the World of Darkness.

The Dark Planet Simon and Schuster

Life is not easy for twelve-year-old Erec Rex. His single mother can barely support her six adopted kids. And they've moved into an apartment so tiny that Erec sleeps with the washing machine. Worse, there is a strange force within Erec that is making him do odd things. His urge to obey these thoughts grows -- until it becomes impossible to resist them. Then one morning, Erec's mother is missing. The force inside

Erec commands him to find her, leading him on an adventure that will change him forever. When he arrives in Alypium, a hidden world where old knowledge of magic is kept, Erec learns that his mother and the entire kingdom are in peril. And he might be the only one who can save them.

The Dinosaur Lords Little, Brown Young Readers

With a romance brewing between him and Bethany, the discovery that his brother and sister are secretly king and queen of the Fairy world, plus the Stain brothers growing more and more underhanded, fourteen-year-old Erec is not in the right state of mind for his next two tasks.

The Search for Truth Penguin

The highly anticipated conclusion to the New York Times and USA Today bestselling Charlie Bone series! Charlie and his friends take on a powerful and dangerous magic in Book Eight of this extraordinary series. Wicked forces come to a head at Bloor's Academy, and Charlie and his friends must use all their skills and magic to fight the evil and save Charlie's parents. In his greatest adventure yet, Charlie must discover the fate of his family, the evil intentions of the Bloors, what has become of Septimus Bloor's will, and, most important, the destiny of the Red King's heirs. But are the Children of the Red King strong enough to defeat the darkness and find the answers?

_____ Farrar, Straus and Giroux

The White Goddess is perhaps the finest of Robert Graves's works on the psychological and mythological sources of poetry. In this tapestry of poetic and religious scholarship, Graves explores the stories behind the earliest of European

deities—the White Goddess of Birth, Love, and Death—who was worshipped under countless titles. He also uncovers the obscure and mysterious power of "pure poetry" and its peculiar and mythic language.
