The Time of the Dark (1982) is the first fantasy novel of the Darwath trilogy. It is set within an alternate timeline where the Dark live underground and come out every few millennia to destroy the current civilization. Unlike our timeline, magic is readily available to those with the proper talents and wizards are rare, yet highly visible.

In the Time of the Dark two very ordinary people have an extraordinary adventure. They are transported to an alternate universe where they find inner strengths and abilities that they didn't know they possessed until they are called upon to use them. This book is well written with a storyline and engaging characters that hold the readers interest.
