Would you like to eat whatever you want and still lose weight? Who wouldn't? Keep dreaming, imbecile. In the meantime, if you'd like to read something that alternates between laugh-out-loud-funny and apocalyptically angry, keep holding this book. Steal it if necessary. In his latest collection of rants, raves, hastily spluttered articles and scarcely literate scrawl, Charlie Brooker proves that there is almost nothing in this universe, big or small, that can't reduce a human being to a state of pure blind hatred. It won't help you lose weight, feel smarter, sleep more soundly, or feel happier about yourself. It WILL provide you with literally hours of distraction and merriment. It can also be used to stun an intruder, if you hit him with it correctly (hint: strike hard, using the spine, on the bridge of the nose). ONLY A PRICK WOULDN'T BUY THIS BOOK. DON'T BE THAT PRICK.

Love Your Lady Landscape is a healing journey through the terrain of what it is to be a woman. When a woman isn't in alignment with her feminine essence, she may experience exhaustion and overwhelm, lack sexual desire or passion for life, and generally feel "out of sync". In this book, Lisa Lister uses a myriad of tools and practices such as Earth based spirituality, shamanic teachings, movement and dance, and breath and sound work to teach women how to reconnect to their feminine wisdom in order to start rebalancing all aspects of their lives. Based on Lisa's own 11-year journey of healing and reconnecting with her body, this book will help you: • release guilt and shame from the past • explore self-pleasure and sensuality • understand, read, and connect with your body's signs and signals • learn about your menstrual cycle and its connection with the rhythms of nature and the universe • discover the sacred art of receiving • express your creativity • find your voice to communicate your needs, wants, and desires Love Your Lady Landscape will move women into a fiercely loving and

healing relationship with their body and will teach them how to use its cycles and signs to create a life of vitality, fulfillment, and creation.

Mr Gum is back in this second hilarious book and he's as nasty as ever! In fact, he's absolutely grimsters. But this book's not just about him. Meet a gingerbread man named Alan Taylor who has electric muscles! Plus, all our favorite characters are also back: the little girl called Polly, the evil butcher called Billy William The Third, and the very wise man, Friday O'Leary. And, who could forget loveable Jake the dog, or the angry fairy who lives in Mr Gum's bathtub and whacks him on the head with a frying-pan?

For readers of Roddy Doyle, Nick Hornby, and Mark Haddon, *The Adulterants* is a piercingly funny—and cringingly poignant—take on how hard it is to grow up and how hard it is when you don't. Ray Morris is a tech journalist with a forgettable face, a tiresome manner, a small but dedicated group of friends, and a wife, Garthene, who is pregnant. He is a man who has never been punched above the neck. He has never committed adultery with his actual body. He has never been caught up in a riot, nor arrested, nor tagged by the state, nor become an international hate-figure. Not until the summer of 2011, when discontent is rising on the streets and within his marriage. Ray has noticed none of this. Not yet. *The Adulterants* would be a coming-of-age story if its protagonist could only forget that he is thirty-three years old. Throughout a series of escalating catastrophes, our deadpan antihero keeps up a merciless mental commentary on the foibles and failings of those around him, and the vicissitudes of modern urban life: internet trolls, buy-to-let landlords, open marriages, and the threat posed by more sensitive men. But the wonder of *The Adulterants* is how we feel ourselves rooting for Ray even as we acknowledge that he deserves everything he gets.

International Relations emerged as a distinct academic discipline in the early twentieth century, but its philosophic foundations draw on centuries of thinking about human nature, power and authority, justice and injustice, and their implications for relations within and between political communities. In this fully revised and updated third edition of her popular text, Stephanie Lawson retains a broad historical and contextual approach in introducing readers to the central themes and theoretical perspectives in IR while also addressing key issues and challenges in the contemporary period. These include the emergence of states and empires, theories ranging from classical realism and liberalism to postcolonial and 'green' theory, twentieth-century international history, security and insecurity, global governance and world order, international political economy, globalization, the future of the sovereign state and the prospects for a 'post-international' world. Written in an accessible narrative style, this book is an ideal primer for students at undergraduate level and beyond, including those undertaking postgraduate study in IR with little or no previous academic training in the field.

This Technical Report presents the outcome of a Working Group that was established to determine broadly applicable sound exposure guidelines for fishes and sea turtles. After consideration of the diversity of fish and sea turtles, guidelines were developed for broad groups of animals, defined by the way they detect sound. Different sound sources were considered in terms of their acoustic characteristics

and appropriate metrics defined for measurement of the received levels. The resultant sound exposure guidelines are presented in a set of tables. In some cases numerical guidelines are provided, expressed in appropriate metrics. When there were insufficient data to support numerical values, the relative likelihood of effects occurring was evaluated, although the actual likelihood of effects depends on the received level. These sound exposure guidelines, which are based on the best scientific information at the time of writing, should be treated as interim. The expectation is that with more research the guidelines can be refined and more cells in the tables completed. Recommendations are put forward defining the research requirements of highest priority for extending these interim exposure guidelines.

Mr. Renny's paintings are so good that they almost appear real. But no one seems to pay them any attention-until a strange man offers to make everything that Mr. Renny paints come to life. First there's the painting of the apple, which Mr. Renny can now eat. Then there's a huge hotdog, a new car, a cruise liner... Mr. Renny paints himself a life of luxury-until his friend Rose comes to ask if she can buy one of his paintings. But he doesn't have any real paintings left! The spell must be broken-and soon! A book containing subtle references to the work of Belgian surrealist Ren Magritte, the illustrations are full of clever and amusing details.

"There is usually a fine line between genius and insanity, but in this case it has become very blurred. Some of the funniest and most clever writing I have read in years." (Terrance Fielding, *WIRED* magazine) "I laughed so hard and uncontrollably I could hardly breathe. Reading this on public transport is not a good idea." (Penthouse magazine) "Brilliantly funny." (Jezebel.com) From the notorious Internet troublemaker who brought the world the explosively popular "Next Time I'll Spend the Money on Drugs Instead", in which he attempted to pay his chiropractor with a picture he drew of a spider; "Please Design a Logo for Me. With Pie Charts. For Free," which has been described as one of the most passed-on viral e-mails of all time; and, most recently, the staggeringly popular "Missing Missy", which has appeared everywhere from *The Guardian* to *Jezebel* to Andrew Sullivan's *The Daily Dish*, comes this profoundly funny collection of irreverent Internet mischief and comedy. Featuring all of Thorne's viral success, including "Missing Missy", *The Internet Is a Playground* culls together every article and e-mail from Thorne's wildly popular website 27bslash6.com, as well as enough new material, available only in these pages, to keep you laughing-and, indeed, crying-until Thorne's next stroke-of-genius prank. Or hilarious hoax. Or well-publicized almost-stint in jail (really).

"Genius! Highly entertaining and brilliantly deranged."—Maxim Spam is the plague of the electronic age, comprising 90% of all e-mails and illegally netting millions of dollars each year. Into this frustrating wave of directed marketing steps the brave figure of Bob Servant, a former window cleaner and cheeseburger magnate with a love of wine, women, and song—as well as a devious sense of fair play. In collusion with his "editor" Neil Forsyth, Bob gives spammers a taste of their own medicine. This wickedly funny and original book features the anarchic exchanges between Bob and the hapless spam merchants who unwittingly flood his inbox. As they offer him African fortunes, Russian brides, and get-rich-quick scams, he turns the tables by offering them some outlandish schemes of his own. Upping the ante with the skill of a seasoned pro, Bob demands legal asylum, shoulders to cry on, and gold lions that speak—and almost gets his way. The result is page after page of wacky and hilarious e-mail exchanges—and a cathartic release for anyone whose inbox has been deluged with unwanted e-mail. 22 b/w photographs.
