Book Review: The Tomorrow Code by Brian Falkner

KIRKUS REVIEW. As they decipher the clues and race to take the right steps to save lives, readers are swept into visions of ecological disaster and a planet fighting back. With puzzles aplenty, codes, computers and a submarine called Mobius, this technothriller offers gearhead ecowarriors everything, including a hugely satisfying ending.

The Tomorrow code is full of Sci-Fi, Adventure and modern action. Brian Falkner's first U.S. book is one of the best book I have ever read. Brian make you feel like you are with the characters throughout the whole book. The reason I think The Tomorrow code is a great book is because it has a lot of action, adventure, and thrill.
