New Zealand native author Brian Falkner makes his American debut with The Tomorrow Code, an engrossing YA thriller about the end of the world (and astrophysics-powered time travel). Ever since I was a kid, I've had a thing for Australian apocalyptic SF (take Isobel Carmody's Obernewtyn books, or John Marsden's Tomorrow When the War Began , for example), and now I can add New Zealand to the list of SF books I love.
