Cécile Fleury said that she was the body double of Jane March for some nude scenes of this film. But the spokesman of Renn Productions (which produced this film) said to Daily Mail that Cécile Fleury was only a stand-in for technical purposes - a common practice to spare a film's stars from tiring sessions under studio lights while scenes are set up.

The Trivia Lovers Guide to Even More of the World Geography for the Global Generation  
The Trivia Lover's Guide to the World encapsulates the Earth's geographical history from before the tectonic plates created the seven continents, through the wartime period of ever-changing country borders, and to the present day, where Maine is not the northernmost state in the US—it's Minnesota—and if one were to go straight south from Detroit, the first foreign country one would come across is Canada, not Mexico. In demystifying the geographical myths that many people have come ...
