Arcadia Publishing

Nine books in one! Uncle John has pulled together the most revealing lists, facts, and findings from the past 10 years into one easy-to-read book. Our readers asked for it, and here it is: Uncle John's first collection of his greatest short facts and quick reading material. Open up to any page of Extraordinary Book of Facts and you might find a list of, say, obscure words ('exocannibals' eat enemies; 'indocannibals' eat friends). Flip to another page and there's a whole bunch of facts about how long things take (a yak's gestation period: 258 days). On another page: kid facts (the average four-year-old laughs 400 times per day; grownups, about 15). So be smarter and laugh a lot more with this amazing collection that features thousands of great facts, plus word origins, myth-conceptions, conspiracy theories, and much, much more! Arranged for simple and speedy reference, this book is the perfect companion for trivia buffs and knowledge junkies everywhere!

Florida is a state of transplants. Even people who relocated here decades ago still claim their birthplace as their home. They might change their mind if they knew that the Sunshine State owns one of the richest histories in the nation. Decades before the Pilgrims, the Spanish celebrated Thanksgiving in Florida. Centuries before the first St. Patrick's Day Parade in New York, the holiday was celebrated in St. Augustine, where urban renewal was underway when Jamestown settlers arrived. Author James Clark offers a lifetime of places to explore and thousands of facts to fascinate, tracing the state's long history from Pensacola to the Florida Keys.

Weird-o-Pedia White Owl

The Great Book of Alaska is an entertaining, instructive and interesting Trivia & Facts book about the Last Frontier state. You'll learn more about Alaska's history, pop culture, folklore, sports, and so much more!

In a quiet, unnoticeable revolution, multitudes of coffee shops have opened in recent years around the world. The popular instant and drip coffees have been replaced by espresso, macchiato and cappuccino - as good as those served in the best coffee shops in Italy. The expansion of a flourishing coffee market was followed by the development of espresso machines, moka pot, French press and other newfangled equipment. This rapid development created a gap between those who wanted to learn and understand the coffee world and the availability of reading material. The aim of this book is to fill that gap. I hope you'll enjoy reading this guide and that it will improve your coffee enjoyment. To all coffee lovers everywhere, cheers!

====="The more you read this guide, the more you notice details. If you only glance at the pages about roasting and profiles, it looks interesting, but if you come back to them a second or third time, you will notice many more details. Warmly recommended !!!"Morio12====="I indulged myself last week with Shlomo Stern's coffee guide book. I began to read it. It is very impressive and user friendly. He writes in depth at the right places, and skims the details which are less important. The book is an comprehensive survey of coffee, its history, types and varieties , ways of brewing(including a short discussion of grinding and brewing machines) , and even harps on beliefs pertaining to coffee, including 'coffee reading'.Very nice as a present to someone starting out in the field, and recommended!"Moti R.====="I read Shlomo Stern's book 'A Coffee Lover's Guide to Coffee'.I recommend it warmly. It is written with a love for coffee.Shlomo, who does not deal in coffee for a living, has investigated the world of coffee and written about it in full and interesting detail, and every coffee lover will find subjects that will interest him, and answers to questions he has obviously asked before. All about coffee, and nothing is missing!More power to Shlomo, with much respect!!"

A whirlwind tour through 150 years of Canadian history This chronological look at the story of Canada features a single milestone for every year from the country's founding in 1867 up to its 150th anniversary in 2017. Each of these noteworthy events — such as the formation of the Group of Seven or the first Canadian in space — has shaped the course of Canada's unique narrative story. Topics range from politics, sports, business and arts and culture, and include significant events both at home and in world affairs. Sidebars containing short biographies, quotes, important firsts and trivia provide additional information. With this terrific book, kids can embark on an extraordinary journey through time, for a fascinating bird's-eye view of Canada's rich history!

[Fascinating Facts about Famous Fiction Authors and the Greatest Novels of All Time](#) Chronicle Books

NATIONAL BESTSELLER • A witty, charming, and engaging dive into trivia's colorful history, from America's highest-earning game show contestant of all time "Insightful, informative, and written with a strong dose of humor and humility. . . . I loved this book."—Will Shortz, crossword editor, The New York Times Ken Jennings is trivia's undisputed king—and as he traces his rise from an anonymous computer programmer to nerd folk icon, he explores his newly conquered kingdom: the world of trivia itself. Trivia, he has found, is centuries older than his childhood obsession with it. Whisking us from the coffeehouses of seventeenth-century London to the Internet age, Jennings chronicles the ups and downs of the trivia fad: the quiz book explosion of the Jazz Age; the rise, fall, and rise again of TV quiz shows; the nostalgic campus trivia of the 1960s; and the 1980s, when Trivial Pursuit® again made it fashionable to be a know-it-all.

Jennings also investigates the shadowy demimonde of today's trivia subculture, guiding us on a tour of trivia across America. He goes head-to-head with the blowhards and diehards of the college quiz-bowl circuit, the slightly soused faithful of the Boston pub trivia scene, and the raucous participants in the annual Q&A marathon in Stevens Point, Wisconsin, "The World's Largest Trivia Contest." And, of course, he takes us behind the scenes of his improbable 75-game run on Jeopardy! But above all, *Brainiac* is a love letter to the useless fact. (Who knew that there's a crater on Venus named after Laura Ingalls Wilder? Ken Jennings, that's who.) Engaging and erudite, *Brainiac* is an irresistible celebration of nostalgia, curiosity, and geeky obsession—in a word, trivia.

The Bookish Life of Nina Hill Sourcebooks Casablanca

A treasury of trivia—plus recipes—for lovers of good old-fashioned comfort food. Who pitted the first cherries and nestled them into pie crust? Was a meatloaf sandwich the result of a late-night refrigerator run? And does anyone really crave green bean casserole, complete with fried onions on top? In this era when every roast chicken needs a pedigree of a free-range home and antibiotic-free past, it's time to celebrate the very basics of American cooking, the joy of Velveeta and pleasures of Jell-O. In this book, Ann Treistman takes readers on a journey through a 1950s kitchen, and shares some surprising facts about culinary history. (For example, deviled eggs were first prepared in ancient Rome.) For anyone who loves to make, bake—or eat—food, this is not only a fun read, but also includes fifty retro recipes, for mac and cheese and much, much more.

Olivia Bean, Trivia Queen Lak Publishing

This entertaining book takes us on a fascinating exploration of the world of food. Take a journey with the dynamic father and daughter duo, geographer Gary Fuller and chef Tracy Reddekopp, as they travel around the globe to trace the enduring links of geography and food. Food and its preparation and enjoyment define the major cultural regions of the world and how these regions have changed over time. The authors believe that the peoples of the world have begun to reunite after millennia of dispersal. The sharing of foods and food traditions are prime examples of this global connection. Enriching the trip with thirty-five recipes to extend the experience into our kitchen, homes, and families, the authors also make geography fun by asking trivia questions that turn out to be far from trivial. Among the questions asked and answered are: What landlocked country in South America developed a plant that revolutionized food production in Europe? What bird on the island of Mauritius gave us an expression about mortality? On what Native American reservation, and in what kind of business, do we find the Code Talkers Museum? Why could vanilla be grown only in Mexico until the mid-nineteenth century? What famous Italian-American was given a nickname derived from a Pan American airliner? (Answers: Bolivia, the potato, "Dead as a dodo," the Navajo reservation in a Burger King; the plant could only be pollinated naturally by a Mexican bee, Joe DiMaggio, the Yankee Clipper)
