The Trivia Lover's Guide to the World: Geography for the ...

The Trivia Lover's Guide to the World encapsulates the Earth's geographical history from before the tectonic plates created the seven continents, through the wartime period of ever-changing country borders, and to the present day, where Maine is not the northernmost state in the US—it's Minnesota—and if one were to go straight south from Detroit, the first foreign country one would come across is Canada, not Mexico. In demystifying the geographical myths that many people have come ...
