“A gritty, twist-filled thriller” of crime and corruption by a two-time Edgar Award winner (The Wall Street Journal). John Shannon is a petty thief on the run. A three-time loser framed for a murder he didn’t commit, he knows the cops are closing in on him and that he’s facing life in prison—or death by lethal injection. Then, as if out of nowhere, a bizarre text message draws him to a meeting in the dark of night. A foreigner who calls himself the Identity Man offers Shannon an incredible chance to start again: a new face, a new home, a new beginning. Soon Shannon finds himself living a life he never dreamed possible. In a ruined city trying to rebuild, he finds work as a carpenter and a wood carver. He meets the beautiful Teresa Grey and for the first time falls in love with the sort of woman who could make him a better man. It seems too good to be true—and it is. It turns out this ruined city is crawling with corruption. There are crooked politicians, gangsters, dirty cops everywhere—and, for some reason he doesn’t understand, all of them seem to want Shannon dead . . . “Klavan builds slow-burning tension like nobody’s business, and Shannon’s struggle to redeem himself is powerful and compelling.” —Booklist

Follow Andrew Klavan to a deeper, richer understanding of the words of Jesus. Andrew Klavan believed what he read in the Gospels, but he often struggled to understand what Jesus really meant. So he began a journey of wrestling with the beautiful and often strange words of Jesus. He learned Greek in order to read the Gospels in their original languages, and he vowed to set aside any preconceptions about what the Scriptures say. But it wasn't until he began exploring how some of history's greatest writers wrestled with the same issues we confront today--political upheaval, rejection of social norms, growing disbelief in God--that he found a new way of understanding what Jesus meant. In The Truth and Beauty, Klavan combines a decades-long writing career with a lifetime of reading to discover a fresh understanding of the Gospels. By reading the words of Jesus through the life and work of writers such as William Wordsworth and John Keats, Mary Shelley and Samuel Taylor Coleridge--the English romantics--Klavan discovered a way to encounter Jesus in a deeper and more profound way than ever before. For readers seeking to find renewed meaning in the words of Jesus--and for those who are striving for belief in a materialistic world--The Truth and Beauty offers an intimate account of one man's struggle to understand the Gospels in all their strangeness, and so find his way to a life that is, as he says, "the most creative, the most joyful, and surely the most true." “ We've all been desperate to learn what heavy use of social media does to adolescents. Now, thanks to Twenge's careful analysis, we know: It is making them lonely, anxious, and fragile—especially our girls. If you are a parent, teacher, or employer, you must read this fascinating book. ” —Jonathan Haidt, author of *The Anxious Generation*

Born after 1995, they grew up with cell phones, had an Instagram page before high school, and cannot remember a time before the Internet. They are iGen. Now, here is crucial reading to understand how these children, teens, and young adults are vastly different from their millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. As this new group of young people grows into adulthood, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world. *As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC, PBS, CNN, and NPR*
