When Stephenie Meyer's first novel, Twilight, was published in 2005, it received an astounding reception, selling millions of copies. The three sequels that followed—New Moon, Eclipse, and Breaking Dawn—became international bestsellers as well. The worldwide success of the movie adaptations further cemented the series as a cultural force. In The Twilight Saga: Exploring the Global Phenomenon, Claudia Bucciferro has assembled a collection of essays that examine the series from a variety of perspectives. The essays in this volume consider both the books and the movies, emphasizing the relationship between the texts, the audience, the entertainment industry, and other aspects of the multimillion-dollar

franchise. Making sense of how the popular franchise fits within larger contexts, this collection addresses Twilight from an interdisciplinary framework, including insights from history, philosophy, literature, sociology, fan studies, intercultural communication, film studies, and more.

The Twilight saga, a series of five films adapted from Stephenie Meyer's four vampire novels, has been a sensation, both at the box office and through the attention it has won from its predominantly teenaged fans. This series has also been the subject of criticism and sometimes derision - often from critics and on occasion even from fans. However, it also offers rich opportunities for analytic and critical attention, which the contributors to Screening Twilight demonstrate with energy and style. Through examining Twilight, the book unpacks how this popular group of films work as cinematic texts, what they have to say about cinema and culture today, and how fans may seek to re-read or subvert these messages. The chapters address Twilight in the context of the vampire and myth, in terms of genre and reception, identity, gender and sexuality, and through re-viewing the series fandom. Screening Twilight is also a revelation of how a popular cinematic phenomenon like Twilight rewards close attention from contemporary critical scholars of cinema and culture.
