Shortlisted for the 2017 International Man Booker Prize Shortlisted for the 2018 International Dublin Literary Award Islanders are never afraid, if they were, they wouldn't be able to live here. Born on the Norwegian island that bears her name, Ingrid Barrøy's world is circumscribed by storm-scoured rocks and the moods of the sea by which her family lives and dies. But her father dreams of building a quay that will end their isolation, and her mother longs for the island of her youth, and the country faces its own sea change: the advent of a modern world, and all its attendant unpredictability and violence. Brilliantly translated into English by Don Bartlett and Don Shaw, *The Unseen* is a profoundly moving exploration of family, resilience, and fate.

Wilbur H. "Ping" Ferry (1910-1995) was a self-styled "town crank," an influential and iconoclastic figure who seemingly knew everyone worth knowing in the mid-twentieth century. Businessman, thinker, activist, government advisor, and philanthropist, Ping's career was as varied as his pronouncements. In Victor Navasky's words, his ultimate importance was "the impossible example he set for the rest of us."

Against all odds, Leisa has returned home to Farhall with news of Garimore's treachery. But her reception is far from the hero's welcome she imagined. Instead, she finds herself a prisoner—to the growing fears and suspicions of a man she once considered a father. To escape, she must forsake everything she once believed in, and leave behind all hope of answers about her past. But if she stays, it means betraying the fragile trust of the man who saved her life in Garimore. Torn between her duty and her debt, Leisa is forced to flee with Kyrion, leaving behind the only home she can remember for the uncertain sanctuary of Dunmaren-Kingdom of Shadows, home of the night elves. There Leisa must confront her growing feelings for Kyrion, her fear of her own power, and the hostility of a people on the brink of war. When dire news arrives from Farhall, both Leisa and Kyrion must decide where their ultimate loyalties lie. Can Kyrion find a path to peace that does not require him to give up the only woman he has ever loved? Or will Leisa have no choice but to save the kingdom she still loves at the cost of her own heart? [The Unseen Archives](#) W. W. Norton & Company Who is really making EU laws and regulations? Formally, and according to most popular accounts, responsibility lies with European politicians who are directly elected (MEPs) or indirectly accountable to elected bodies at the European or national level (council). In practice, however, as this book shows, things can be very different. The real makers of European legislation and rules are frequently unelected and far from the public gaze. This book describes and evaluates the role of many such unseen lawmakers, including commission officials, experts from national governments and companies, lobbyists, secretaries of the council and others.

The manner in which Orthodoxy was introduced into East Africa during the twentieth century, and the way in which it has taken root and spread, can only be explained in terms of a Divine miracle. Orthodoxy has spread phenomenally throughout East Africa. From Uganda, it has spread into Kenya, Tanzania and all Africa. In recent years, the Orthodox Churches of Finland, Greece, Cyprus and America have assisted their sister Church in East

Africa. This help in no way detracts from the fact that the planting of Orthodoxy in East Africa was achieved by African men and African enterprise without any external missionary support. His Eminence Archbishop Makarios, Metropolitan of Zimbabwe, a native of Cyprus, began his missionary activity in East Africa as the Principal of the Patriarchal Seminary which was established in Kenya by His Beatitude Archbishop Makarios III of Cyprus. In 1992, he was elected and consecrated Bishop of Riruta. He continued as principal of the Patriarchal Seminary until September 1997. The following year, the Holy Synod of the Patriarchate of Alexandria elected him as Metropolitan of Zimbabwe. His collection of sermons and other discourses, delivered on various occasions, gives an insight into a work of transformation. Seventy years ago, authentic Orthodoxy did not exist in East Africa. Today, a network of hundreds of parishes extends across the length and breadth of this vast area of the continent. It is an event of no small significance in modern Christian history. These sermons serve to provide a witness to this remarkable phenomenon.

The moving story of a daughter's quest to discover the truth about her beloved father's hidden past. Ada Sibelius is raised by David, her brilliant, eccentric, socially inept single father, who directs a computer science lab in 1980s-era Boston. Home-schooled, Ada accompanies David to work every day; by twelve, she is a painfully shy prodigy. The lab begins to gain acclaim at the same time that David's mysterious history comes into question. When his mind begins to falter, leaving Ada virtually an orphan, she is taken in by one of David's colleagues. Soon she embarks on a mission to uncover her father's secrets: a process that carries her from childhood to adulthood. What Ada discovers on her journey into a virtual universe will keep the reader riveted until *The Unseen World's* heart-stopping, fascinating conclusion.

Statistical approaches to processing natural language text have become dominant in recent years. This foundational text is the first comprehensive introduction to statistical natural language processing (NLP) to appear. The book contains all the theory and algorithms needed for building NLP tools. It provides broad but rigorous coverage of mathematical and linguistic foundations, as well as detailed discussion of statistical methods, allowing students and researchers to construct their own implementations. The book covers collocation finding, word sense disambiguation, probabilistic parsing, information retrieval, and other applications.

For a brief explosive period in the mid-1970s, the young and the unemployed of Italy's cities joined the workers in an unexpectedly militant movement known simply as *Autonomy* (*Autonomia*). Its "politics of refusal" united its opponents behind draconian measures more severe than any seen since the war. Nanni Balestrini, the poet of youth rebellion, himself a victim of that repression, has invented a

remarkable fictional form to express the hopes and conflicts of the movement. In spare but vivid prose, *The Unseen* follows Autonomy's trajectory through the eyes of a single working-class protagonist—from high-school rebellion, squatting and attempts to set up a free radio station to arrest and the brutalities of imprisonment. This is a powerful and gripping novel: a rare evocation of the intensity of commitment, the passion of politics.

The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In 1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.'s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through the extra work he asked for, knowing that he was really competing with kids from other, harder schools. Cedric Jennings's driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on his intelligence and his determination to maintain hope in the unseen—future of acceptance and reward. In this updated edition, *A Hope in the Unseen* chronicles Cedric's odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, *A Hope in the Unseen* weaves a crucial new thread into the rich and ongoing narrative of the American experience.

"A basic resource for serious teachers, pastors, scholars, or lay people interested in learning about the theology of the New Testament"--Provided by publisher.

In *The Unseen Realm*, Dr. Michael Heiser examines the ancient context of Scripture, explaining how its supernatural worldview can help us grow in our understanding of God. He illuminates intriguing and amazing passages of the Bible that have been hiding in plain sight. You'll find yourself engaged in an enthusiastic pursuit of the truth, resulting in a new appreciation for God's Word. Why wasn't Eve surprised when the serpent spoke to her? How did descendants of the Nephilim survive the flood? Why did Jacob fuse Yahweh and his Angel together in his prayer? Who are the assembly of divine beings that God presides over? In what way do those beings participate in God's decisions? Why do Peter and Jude promote belief in imprisoned spirits? Why does Paul describe evil spirits in terms of geographical rulership? Who are the "glorious ones" that even angels dare not rebuke? After reading this book, you may never read your Bible the same way again.

Endorsements "There is a world referred to in the Scripture that is quite unseen, but also quite present and active. Michael Heiser's *The Unseen Realm* seeks to unmask this world. Heiser shows how important it is to understand this world and appreciate how its contribution helps to make sense of Scripture. The book is clear and well done, treating many ideas and themes that often go unseen themselves. With this book, such themes will no longer be neglected, so read it and discover a new realm for reflection about what Scripture teaches." --Darrell L. Bock, Executive Director for Cultural Engagement, Senior Research Professor of New Testament Studies, Howard G. Hendricks Center for Christian Leadership and Cultural Engagement "How was it possible that I had

never seen that before?' Dr. Heiser's survey of the complex reality of the supernatural world as the Scriptures portray it covers a subject that is strangely sidestepped. No one is going to agree with everything in his book, but the subject deserves careful study, and so does this book." --John Goldingay, David Allan Hubbard Professor of Old Testament, School of Theology, Fuller Theological Seminary "This is a 'big' book in the best sense of the term. It is big in its scope and in its depth of analysis. Michael Heiser is a scholar who knows Scripture intimately in its ancient cultural context. All--scholars, clergy, and laypeople--who read this profound and accessible book will grow in their understanding of both the Old and New Testaments, particularly as their eyes are opened to the Bible's 'unseen world.'" --Tremper Longman III, Robert H. Gundry Professor of Biblical Studies, Westmont College

*We Come Unseen*, first published in 2001, follows the careers of six Royal Navy submariners from their graduation from Dartmouth's Britannia Royal Naval College in 1963, just after the Cuban Missile Crisis, to the fall of the Berlin Wall in 1989. Between these dates, it seemed that nuclear war was never far away - and Jim Ring explains not only the nuclear threat and its beginnings in the last days of the Second World War, but why the Polaris and Trident submarines ('capable of inflicting the damage of the bombs that fell on Hiroshima and Nagasaki many times over'), and their accompanying attack submarines, were critical to avoiding war. Alongside a gripping narrative of the Cold War game of hide-and-seek played out under the waves of the northern seas, Ring gives an account of the history of submarine warfare from its earliest, pre-nuclear days to the 1982 combat in the Falklands. 'A welcome acknowledgement of one of the Cold War's little-known aspects.' Alan Judd, Sunday Telegraph 'An extraordinary story . . . one of the most significant naval books of the year.' Ship's Telegraph 'A remarkable story.' Navy News
