"Mermaids are protected by the government under the Endangered Species Act, which means you aren't able to kill them even in self-defense. This is especially problematic if you happen to live in the isolated fishing village of Siren Cove, where there exists a healthy population of mermaids in the surrounding waters that view you as the main source of protein in their diet. The only thing keeping these ravenous sea women at bay is the equally-dangerous supply of human livestock known as Food People. Normally, these "feeder humans" are enough to keep the mermaid population happy and well-fed. But in Siren Cove, the mermaids are avoiding the human livestock and have returned to hunting the frightened local fishermen. It is up to Doctor Black, an eccentric representative of the Food People Corporation, to investigate the matter and hopefully find a way to correct the mermaids' new eating patterns before the remaining villagers end up as fish food. But the more he digs, the

more he discovers there are far stranger and more dangerous things than mermaids hidden in this ancient village by the sea."--Page 4 of cover.

Everyone has secrets. Although, I was a master at concealing mine. But part of hiding was deception, and I'd become a veritable Pinocchio. He was like two different people-Eli and Dr. Paxton. While I knew the latter would turn out to be an incredible teacher, the idea of Eli being more threw me for a loop. I couldn't separate the two, and it seemed vastly inappropriate and strangely alluring. The practical side of me needed to win the war inside my mind. I had to please the teacher, not the man. But once I'd cross that line, there was no turning back.For either of us.

"What began in 1959 as a simple homage to the modernist poet H.D. (Hilda Doolittle) developed into an expansive and unique quest for a poetics that would fuel Duncan's great work into the 1960s and 1970s. A meditation on both the roots of modernism and its manifestation in the writings of H.D., Djuna Barnes, Ezra Pound, D.H. Lawrence, Gertrude Stein, William Carlos Williams, Virginia Woolf, and many others, Duncan's wide-ranging work is especially notable for illuminating the role women played in creating literary modernism"--Publisher description.

The imagery of Hell, the Christian account of the permanent destinations of the human soul after death, has fascinated people over the centuries since the emergence of the Christian faith. These landmark volumes provide the first large-scale investigation of this imagery found across the Byzantine and post-Byzantine world. Particular emphasis is placed on images from churches across Venetian Crete, which are comprehensively collected and published for the first time. Crete was at the centre of artistic production in the late Byzantine world and beyond and its imagery was highly influential on traditions in other regions. The Cretan examples accompany rich comparative material from the wider Mediterranean – Cappadocia, Macedonia, the Peloponnese and Cyprus. The large amount of data presented in this publication highlight Hell's emergence in monumental painting not as a concrete array of images, but as a diversified mirroring of social perceptions of sin.

This book is about representations of the devil in English and European literature. Tracing the fascination in literature, philosophy, and theology with the irreducible presence of what may be called evil, or comedy, or the carnivalesque, this book surveys the parts played by the devil in the texts derived from the Faustus legend, looks at Marlowe and Shakespeare, Rabelais, Milton, Blake, Hoffmann, Baudelaire, Goethe, Dostoevsky, Bulgakov, and Mann, historically, speculatively, and from the standpoint of critical theory. It asks: Is there a single meaning to be assigned to the idea of the diabolical? What value lies in thinking diabolically? Is it still the definition of a good poet to be of the devil's party, as Blake argued?

Jitterbug Perfume is an epic. Which is to say, it begins in the forests of ancient Bohemia and doesn ' t conclude until nine o ' clock tonight (Paris time). It is a saga, as well. A saga must have a hero, and the hero of this one is a janitor with a missing bottle. The bottle is blue, very, very old, and embossed with the image of a goat-horned god. If the liquid in the bottle actually is the secret essence of the universe, as some folks seem to think, it had better be discovered soon because it is leaking and there is only a drop or two left.

Unlike many books on painting that usually talk about art or painters, James Elkins' compelling and original work focuses on alchemy, for like the alchemist, the painter seeks to transform and be transformed by the medium. In *What Painting Is*, James Elkins communicates the experience of painting beyond the traditional vocabulary of art history. Alchemy provides a magical language to explore what it is a painter really does in her or his studio - the smells, the mess, the struggle to control the uncontrollable, the special knowledge only painters hold of how colours will mix, and how they will look. Written from the perspective of a painter-turned-art historian, *What Painting Is* is like nothing you have ever read about art.

Necrophilia Variations is a literary monograph on the erotic attraction to corpses and death. It consists of a series of texts that, like musical phrases, take up the theme and advance it by means of repetition, contrast, and variation. To love someone

dead is merely nostalgia, but to make love with someone dead is necrophilia, and this book is about that. Although a work of fiction, *Necrophilia Variations* uses literary means to probe the psychopathology of sexual perversion. Eros, the book asks, is naturally drawn to beauty, and yet nothing would seem to be less inherently beautiful than a cadaver. How is it that a necrophile ends up confusing the two, or making the leap, such that he finds beauty in what most people would find repugnant? How does he come to desire that which would seem to be intrinsically undesirable? Written in a style that ranges from the lugubrious to the ludicrous — from purple prose to black humor — *Necrophilia Variations* exhibits a world of depravity from the inside out. Each of its texts utilizes the first person — not because it is autobiographical but rather because it is personal, even intimate. Why intimate? Because that's how death is — near you, beside you, eventually inside you as well. It would be nice to say that that's how sex is too — intimate — but then it's no secret just how impersonal sex can be, especially when your lover is unconscious or worse. If you have ever contemplated the curious points of contact between eros and thanatos — if you have ever wondered why femmes fatales are alluring, or why sex can be made more exciting by games that simulate danger and pain, or why that bit of French slang that deems orgasm a "little death" seems so appropriate — then you may well enjoy this book.

The Dante Club Trine Day

All previous Biblical Hebrew lexicons have provided a modern western definition and perspective to Hebrew roots and words. This prevents the reader of the Bible from seeing the ancient authors' original intent of the passages. This is the first Biblical Hebrew lexicon that defines each Hebrew word within its original Ancient Hebrew cultural meaning. One of the major differences between the Modern Western mind and the Ancient Hebrew's is that their mind related all words and their meanings to a concrete concept. For instance, the Hebrew word "chai" is normally translated as "life", a western abstract meaning, but the original Hebrew concrete meaning of this word is the "stomach". In the Ancient Hebrew mind, a full stomach is a sign of a full "life". The Hebrew language is a root system oriented language and the lexicon is divided into sections reflecting this root system. Each word of the Hebrew Bible is grouped within its roots and is defined according to its original ancient cultural meaning. Also included in each word entry are its alternative spellings, King James translations of the word and Strong's number. Indexes are included to assist with finding a word within the lexicon according to its spelling, definition, King James translation or Strong's number.
