The Virgin and the Gipsy is a short novel (or novella) by English author D.H. Lawrence. The tale relates the story of two sisters, daughters of an Anglican vicar, who return from finishing school overseas to a drab, lifeless rectory in the East Midlands, not long after the World War I. Their mother has run off with another man, a scandal that is not talked about by the family, especially the girls' father, who was deeply humiliated and only remembers his wife as she was when they first met many years before.

The Plumed Serpent (Quetzalcoatl) riverrun The novel has a contemporary setting during the period of the Mexican Revolution. It opens with a group of tourists visiting a bullfight in Mexico City. One of them, Kate Leslie, departs in disgust and encounters Don Cipriano, a Mexican general. Later she meets his friend, intellectual land-owner Don Ramon, and travels to Sayula, a small town set on a lake. Ramon and Cipriano are leading a revival of a pre-Christian religion and Kate becomes drawn into their cult. Gypsies and the British Imagination, 1807-1930, is the first book to explore fully the British obsession with Gypsies throughout the nineteenth century and into the twentieth. Deborah Epstein Nord traces various representations of Gypsies in the works of such well-known British authors John Clare, Walter Scott, William Wordsworth, George Eliot, Arthur Conan Doyle, and D. H. Lawrence. Nord also exhumes lesser-known literary, ethnographic,

and historical texts, exploring the fascinating histories of nomadic writer George Borrow, the Gypsy Lore Society, Dora Yates, and other rarely examined figures and institutions. Gypsies were both idealized and reviled by Victorian and early-twentieth-century Britons. Associated with primitive desires, lawlessness, cunning, and sexual excess, Gypsies were also objects of antiquarian, literary, and anthropological interest. As Nord demonstrates, British writers and artists drew on Gypsy characters and plots to redefine and reconstruct cultural and racial difference, national and personal identity, and the individual's relationship to social and sexual orthodoxies. Gypsies were long associated with pastoral conventions and, in the nineteenth century, came to stand in for the ancient British past. Using myths of switched babies, Gypsy kidnappings, and the Gypsies' murky origins, authors projected onto Gypsies their own desires to escape convention and their anxieties about the ambiguities of identity. The literary representations that Nord

examines have their roots in the interplay between the notion of Gypsies as a separate, often despised race and the psychic or aesthetic desire to dissolve the boundary between English and Gypsy worlds. By the beginning of the twentieth century, she argues, romantic identification with Gypsies had hardened into caricature—a phenomenon reflected in D. H. Lawrence's *The Virgin and the Gypsy*—and thoroughly obscured the reality of Gypsy life and history.

The two sisters, daughters of an Anglican vicar, return from overseas to a drab, lifeless vicarage in the post-First World War East Midlands. Their mother has run off. Their new home is dominated by a blind and selfish grandmother along with her mean spirited daughter. The two girls, Yvette and Lucille try their utmost to bring colour and fun into their lives. Out on a trip with some friends, Yvette encounters a Gypsy and his family. This

meeting reinforces her disenchantment with the oppressive domesticity of their home. It also awakens in Yvette a sexual curiosity she has not felt before, despite having admirers. She also befriends a married Jewish woman who has left her husband and is living with her paramour. When her father finds out about this friendship, he threatens her with "the asylum" and Yvette realizes that at his heart her father, too, is mean spirited and shallow. At the end of the novel, Yvette is rescued by the Gypsy during a surprise flood that washes through the home and drowns the grandmother. The rescuer who breathes life and warmth back into the virginal Yvette is the free-spirited Gypsy, whose name is finally revealed in the last line of the novel. A film adaptation was made in 1970, directed by Christopher Miles from a screenplay by Alan Plater starring Imogen Hassall, Joanna Shimkus, Franco Nero, Honor Blackman, Mark Burns and Fay Compton. It won a Golden Globe Nomination 1971. Also the film "Sky West and Crooked" (a.k.a. Gypsy girl) with Hayley Mills and Ian McShane is loosely based on this story. miner and his mother was a former pupil teacher who, owing to her family's financial difficulties, had to do manual work in a lace factory, Lawrence spent his formative years in the coal mining town of Eastwood, Nottinghamshire. The house in which he was born, in Eastwood, 8a Victoria Street, is now the D.H. Lawrence Birthplace Museum. His working-class background and the tensions between his parents provided the raw material for a number of his early works. Lawrence would return to this locality and often wrote about nearby Underwood, calling it; "the country of my heart," as a setting for much of his fiction. F. R. Leavis who asserted that the author had made an important contribution to the tradition of English fiction. Leavis stressed that *The Rainbow*, *Women in Love*, and the short stories and tales were major works of art. Later, the *Lady Chatterley Trial* of 1960, and subsequent publication of the book, ensured Lawrence's popularity (and notoriety) with a wider public. Lawrence spent most of his life in poverty owing to the reaction generated by his contemporary writers and critics in society and the legal suits against him and his publishers. The most of the critics who placed negative reviews were

those who were either directly or indirectly exposed by his works. Unlike other authors, DH Lawrence loved and married only once and remained faithful to his wife till his death in 1930.

*The Virgin and the Gipsy* is a short novel (or novella) by English author D.H. Lawrence. It was written in 1926 and published posthumously in 1930. The story is a romance of blossoming spirit. The character of young Yvette contains the spirit of youthful unrest, curiosity, free-thinking and unprejudiced innocence. Yvette represents the desire for experience and freedom that Lawrence recognized as dominating the imaginations of the younger generation in England. The theme of aspiration for authentic experience is carried by her rebellious attitude and is further developed in her natural attraction to the gipsy man. Her day-to-

day experience and the responses of her family are intended to contrast the inexperience and desires of youth with the limitations imposed by the strictures of conventional society. Social propriety for its own sake, a propriety that imposes inhibitions and crushes the possibilities of genuine free-thinking and loving experience, is one of the main enemies in Lawrence's work. Even Mrs. Fawcett is shocked at the notion Yvette could be attracted by the gipsy despite the fact that she herself is living with a younger man even before her divorce has come through. The gipsy represents male sexuality as well as individual freedom. The theme of virginity, and its almost unconscious aspiration for experience, is synonymous with the collective desires for the entire society before it has been perverted by an education made of prejudice and inhibitions. The virgin is inexperienced, and is

therefore purely free to see the world as it is before others have had time to cause damage. Lawrence portrays Yvette as unrestrained in a positive sense: She visits the gypsies and the unmarried couple without thinking about any social consequences. She has an innate curiosity for an interesting and genuine life. The themes of her purity and innocence equate closely with a being absolutely untainted by prejudices or judgment. At home, the stifling environment created by her Aunt Cissie and the indolent, annoying Mater drive Yvette to search for uncharted social waters. She is not ashamed of her response to nature when she confesses her strong attraction to the gypsy during conversations with her sister Lucille as well as Mrs. Fawcett and Mr. Eastwood.

Take a mining townlet

population of ten

thousand people, and three generations behind it. This space of three generations argues a certain well-established society. The old "County" has fled from the sight of so much disembowelled coal, to flourish on mineral rights in regions still idyllic. Remains one great and inaccessible magnate, the local coal owner: three generations old, and clambering on the bottom step of the "County," kicking off the mass below. Rule him out. A well established society in Woodhouse, full of fine shades, ranging from the dark of coal-dust to grit of stone-mason and sawdust of timber-merchant, through the lustre of lard and butter and meat, to the perfume of the chemist and the disinfectant of the doctor, on to the serene gold-tarnish of bank-managers, cashiers for the firm, clergymen and such-like, as far as the automobile refulgence of the general-manager of all the collieries.

now lead at the rectory. In

particular, Yvette's desperation is compounded by the fact that she has "borrowed" a little money from a charity fund that her family manages. Her relationship with both her father and aunt suffer: She sees her father as a mean-spirited and cowardly person for the first time when he reacts savagely to her petty crime. But even so, the girls try their utmost every day to bring colour and fun into their lives. They go on outings with the Framleys, their neighbourhood friends. On one such outing, Yvette encounters a gipsy man and his family. She and the other girls have their fortunes told by the gipsy man's wife, a magnetic and strong woman who seems to see easily through them. The gipsy man also sees deeply into Yvette and the impression he makes on her this first time is unforgettable. This first meeting reinforces her disenchantment with the oppressive domesticity of the rectory. It also awakens in her a sexual curiosity she has not felt or thought much about before despite her having admirers. While on a second visit to the gipsy family, she befriends a married Jewish woman who has left her husband and who is now living with her paramour, impatiently waiting for her divorce to come through. Yvette does not pass judgment on

anyone new she meets, neither the gipsy nor the Jewish woman, because she is young and modern-minded. But when her father finds out about this friendship, he threatens her with "the asylum", and Yvette realizes that, at his heart, her father too is mean-spirited, bigoted, provincial and shallow. Apparently, her father believes that one cannot associate with a wealthy divorced woman who is merely marrying a handsome man, who happens to be a war hero, as an excuse to dump her first and older husband. The novel has a surprise twist at the end. A huge flood surges through the vale, coming from a burst dam at a nearby reservoir. It just so happens that the gipsy man is approaching the rectory house. Nobody is at home but Yvette and her blind grandmother. In the nick of time, the brave gipsy man rescues Yvette despite the fact that the surprise flood washes most of the rectory away, drowning the grandmother. A moving scene ensues as the gipsy hero breathes life and warmth back into the virginal Yvette, who feels the powerful attraction of his manhood and strength. She falls asleep and the gipsy disappears. Her family returns home to find her safe, and they adulate the gipsy as her savior. The Virgin and the Gypsy
