Amazon.com: Customer reviews: The Wealth and Poverty of ...

The creation and accumulation of wealth by some individuals causes others to be poor, so runs the theory. Poverty is the consequence of an unequal distribution of income; the prosperity of some comes at the expense of others. The acceptance of this fallacy has given rise to our conflict society,...

The Wealth and Poverty of Nations - Wikipedia

Hailed as “ the guide to capitalism, ” the New York Times bestseller Wealth and Poverty by George F. Gilder is one of the most famous economic books of all time and has sold more than one million copies since its first release. In this influential classic, Gilder explains and makes the case for supply-side economics, proves the moral superiority of free-market capitalism, and shows why supply-side economics are more effective at decreasing poverty than government-regulated markets.
