Seattle Girl (A contemporary chick lit romance about love, dating...and my really big mouth) Harper Collins

Noting that there is a lot of controversy these days about marriage, but that everyone still likes a wedding, Charsley (sociology, U. of Glasgow) looses his discipline on his own culture, and examines both the secular and religious aspects of the betrothal period and the wedding day in Scotland. Being married himself, he draws on his own experience as well as that of wedding professionals and ministers and priests.
