And it will send the story into the past of the Hudson River Valley, from the late 1960's back to the anticommunist riots of the 1940's to the late seventeenth century, where the long-hidden secrets of three

extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature. *World's End Harem Vol. 1* Seven Seas Entertainment From the author of *Bunny*, which Margaret Atwood hails as "genius," comes a "wild, and exhilarating"

(Lauren Groff) novel about a theater professor who is convinced staging Shakespeare's most maligned play will remedy all that ails her—but at what cost? Miranda Fitch's life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage,

---

and a deepening dependence on painkillers. And now, she's on the verge of losing her job as a college theater director. Determined to put on Shakespeare's *All's Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda

sees her chance at redemption slip through her fingers. That's when she meets three strange benefactors who have an eerie knowledge of Miranda's past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what's coming to them, and the invisible

doubted pain that's kept her from the spotlight is made known. With prose Margaret Atwood has described as "no punches pulled, no hilarities dodged...genius," Mona Awad has concocted her most potent, subversive novel yet. *All's Well* is a "fabulous novel" (Mary Karr) about a woman at her breaking point and a formidable,

collective refusal

The Daily Show (The Book) Baen Books A memoir and cultural history the World's End, a West London area once home to bohemian artists and punk rock and now an outpost of neoliberalism. Charlie Gere's account of growing up in the World's End area of West London during the Cold War combines local history, cultural history, memoir, and a strong sense of the apocalyptic. Once a rundown part of

Chelsea at the wrong end of the King's Road, the World's End has long been a place for bohemian writers and artists, including Turner, Whistler, Beckett, Bacon, and Bacon's muse Henrietta Moraes, all of whom evinced an appropriate apocalyptic sensibility. After World War II, in which the area suffered severe bombing, it became a center of the counterculture that emerged from what Jeff Nuttall called "Bomb Culture," formed by the

---

threat of nuclear annihilation. The famous boutique Granny Takes a Trip opened there in 1966, joined later on by Hung On You, Puss Weber's Flying Dragon Tea Room, and the commune Gandalf's Garden. The area also featured trepanning aristocrats and pet lions, among other eccentricities. In the 1970s, the World's End was the center of punk rock. Gere's parents arrived as part of a wave of gentrification, and Gere, born and brought

up there, witnessed its social and cultural evolution. As an adolescent, he was traumatized by the prospect of nuclear war. He has lived long enough to see the World's End now bearing the marks of out-of-control neoliberalism and its grotesque accompanying inequality. But this too shall pass as worlds end.
