The West And The World  
The Western world, also known as the West, refers to various regions, nations and states, depending on the context, most often consisting of the majority of Europe, Australasia, and the Americas. There are many accepted definitions, all closely interrelated. The Western world is also known as the Occident (from the Latin word occidens, "sunset, West"), in contrast to the Orient (from the Latin ...

The world and the West: Toynbee, Arnold Joseph ...  
The rest of the West, however, remained sparsely populated. For many decades, most Americans knew of the Great Plains simply as the Great American Desert, an inhospitable area of poor soil, little water, hostile Indians, and general inaccessibility. But the years following the American Civil War changed that conception. In 1862 the

Homestead Act was passed by Congress; in 1869 the first ...

Western world - Wikipedia

In sociology, the East – West dichotomy is the perceived difference between the Eastern and Western worlds. Cultural rather than geographical in division, the boundaries of East and West are not fixed, but vary according to the criteria adopted by individuals using the term. Historically, Asia (excluding Siberia) was regarded as the East, and Europe was regarded as the West.

A young Teslamancer, an optimistic underdog, a seasoned explorer and a strongman aristocrat out of his depth find themselves flung into an adventure none of them signed up for. In a land that holds secrets best left forgotten, the four heroes must use their unique abilities to find glory, get revenge, and for some, simply find a way home.
