Book Review: The Why Axis: Hidden Motives and the Undiscovered Economics of Everyday Life. An experiment within preschools looking at the effectiveness of two different teaching approaches – a focus on social skills, including deferred gratification, compared with a focus on early academic skills.

THE WHY - GBV

You Notice Unusual Body Language and Eye Contact. Those with hidden motives make a habit out of lying. Liars will try to remain cool, calm and collected, but their body language and eye contact can give them away. They will seem uncomfortable, have a hard time looking you in the eye, and may be fidgety. Excessive blinking is also a sign of lying.
