**Colter** University of Texas Press

Noted nature writer Ted Williams invites readers along on a year-long immersion in the wild and fleeting moments of the natural world, from winter candy and spring quackers to summer's scarlet farewell and autumn reveilles. This beautifully crafted collection of short, seasonal essays combines in-depth information with evocative descriptions of nature's marvels and mysteries. Williams explains the weather conditions that bring out the brightest reds in autumn leaves, how hungry wolf spiders catch their prey, and why American goldfinches wait until late July or August to build their nests. In the tradition of Thoreau, Carson, and Leopold, Ted Williams's writing stands as a testament to the delicate balance of nature's resilience and fragility, and inspires readers to experience the natural world for themselves and to become advocates for protecting and preserving the amazing diversity and activity found there.

*The Wild Truth* ABDO

"Field Book of Western Wild Flowers" by J. J. Thonber, Margaret Armstrong. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. The World of the Salt Marsh Little, Brown

Bennington and Valentina are two teddy bears who are so excited to be on summer vacation, especially because they go to the beach! They do many fun activities like building a sandcastle, painting a picture, and rowing a boat about in the salt marsh. They meet some wonderful wildlife friends like Mr. Blue Crab, and they have a mystery to solve when something takes away their beautiful sandcastle. This book completes the Four Seasons series, all the illustrations are all done in HD nature photography.

Japan and the Culture of the Four Seasons Texas A&M University Press

Winner of the 2016 Story Prize A New York Times Book Review Editors' Choice 100 Recommended Books of 2016 -- San Francisco Chronicle "A literary titan...Bass is, hands down, a master of the short form, creating in a few pages a natural world of mythic proportions." -- New York Times Book Review Long considered one of the most gifted practitioners of the short story, Rick Bass is unsurpassed in his ability to perceive and portray the enduring truths of the human heart. Now, at last, we have the definitive collection of stories, new and old, from the writer Newsweek has called "an American classic." To read his fiction is to feel more alive -- connected, incandescently, to "the brief longshot of having been chosen for the human experience," as one of his characters puts it. These pages reveal men and women living with passion and tenderness at the outer limits of the senses, each attempting to triumph against fate. Bass provides searing insights into the complexity of family and romantic entanglements, and his lush and striking language draws us ineluctably into the lives of these engaging people and their vivid surroundings. The intricate stories collected in *For A Little While* -- brimming with magic and wonder, filled with hard-won empathy, marbled throughout with astonishing imagery -- have the power both to devastate and to uplift. Together they showcase an iconic American master at his peak.

Rhythm of the Wild National Geographic Books

A noted naturalist, novelist, and environmental activist chronicles his love affair with the mystique of the American West as he recalls his discovery of the Yaak Valley in Montana and the impact of the wild landscape on his career.

Hungry Coyote Columbia University Press

The author of *The Lives of Rocks* presents a detailed account of a year at Montana's Yaak Valley, where he and his family were surrounded by a natural world marked by such regional elements as huckleberries, grizzly bears, and an extensive winter.

Hookup Litres

A little over ten years ago, Janine Marsh and her husband Mark gave up their city jobs in London to chase the good life in the countryside of northern France. Having overcome the obstacles of starting to renovate her dream home - an ancient, dilapidated barn - and fitting in with the peculiarities of her new neighbours, Janine is now the go-to expat in the area for those seeking to get to grips with a very different way of life. In the Seven Valleys, each season brings new challenges as well as new delights. Freezing weather in February threaten the lives of some of the four-legged locals; snow in March results in a broken arm, which in turn leads to an etiquette lesson at the local hospital; and a dramatic hailstorm in July destroys cars and houses, ultimately bringing the villagers closer together. With warmth and humour, Janine showcases a uniquely French outlook as two eternally ambitious expats drag a neglected farmhouse to life and stumble across the hidden gems of this very special part of the world. Praise for Janine Marsh's *My Good Life in France*: 'Warm, uplifting, and effervescent ... Janine's voice and humor bubble right off the page, making you want to pack your bags and visit her fixer-upper home in rural France' - Samantha Verant, author of *Seven Letters from Paris* 'If you've ever dreamed of discovering "the real France", you won't want to miss this delightful book' - Keith Van Sickle, author of *One Sip at a Time: Learning to Live in Provence*

The Wild Marsh Houghton Mifflin Harcourt

From the author of *The Old Ways* and *Underland*, an "eloquent (and compulsively readable) reminder that, though we're laying waste the world, nature still holds sway over much of the earth's surface." --Bill McKibben Winner of the Boardman Tasker Prize for Mountain Literature and a finalist for the Orion Book Award Are there any genuinely wild places left in Britain and Ireland? That is the question that Robert Macfarlane poses to himself as he embarks on a series of breathtaking journeys through some of the archipelago's most remarkable landscapes. He climbs, walks, and swims by day and spends his nights sleeping on cliff-tops and in ancient meadows and wildwoods. With elegance and passion he entwines history, memory, and landscape in a bewitching evocation of wildness and its vital importance.

The Wild Marsh Harper Collins

The grand finale of Karl Ove Knausgaard's masterful and intensely-personal series about the four seasons, illustrated with paintings by the great German artist Anselm Kiefer 2 June--It is completely dark out now. It is twenty-three minutes to midnight and you have already slept for four hours. What you will dream of tonight, no one will ever know. Even if you were to remember it when you wake up, you wouldn't have a language in which to communicate it to us, nor do I think that you quite understand what dreams are, I think that is still undefined for you, that your thoughts haven't grasped it yet, and that it therefore lies within that strange zone where it neither exists nor doesn't exist. The conclusion to one of the most extraordinary and original literary projects in recent years, *Summer* once again intersperses short vividly descriptive essays with emotionally-raw diary entries addressed directly to Knausgaard's newborn daughter. Writing more expansively and, if it is possible, even more intimately and unguardedly than in the previous three volumes, he mines with new depth his difficult memories of his childhood and fraught relationship with his own father. Documenting his family's life in rural Sweden and reflecting on a characteristically eclectic array of subjects--mosquitoes, barbeques, cynicism, and skin, to name just a few--he braids the various threads of the previous volumes into a moving conclusion. At his most voluminous since *My Struggle*, his epic sensational series, Knausgaard writes for his daughter, striving to make ready and give meaning to a world at once indifferent and achingly beautiful. In his hands, the overwhelming joys and insoluble pains of family and parenthood come alive with uncommon feeling.

MARSH HOUSE HMH

Pioneering essays that demonstrate the significance of the seasons for philosophy, environmental thought, anthropology, cultural studies, aesthetics, poetics, and literary criticism. Although the seasons have been a perennial theme in literature and art, their significance for philosophy and environmental theory has remained largely unexplored. This pioneering book demonstrates the ways in which inquiry into the seasons reveals new and illuminating perspectives for philosophy, environmental thought, anthropology, cultural studies, aesthetics, poetics, and literary criticism. The Seasons opens up new avenues for research in these fields and provides a valuable resource for teachers and students of the environmental humanities. The innovative essays herein address a wide range of seasonal cultures and geographies, from the traditional Western model of the four seasons -- spring, summer, fall, and winter -- to the Indigenous seasons of Australia and the Arctic. Exemplifying the crucial importance of interdisciplinary research, The Seasons makes a compelling case for the relevance of the seasons to our daily lives, scientific understanding, diverse cultural practices, and politics. Luke Fischer is an honorary associate of the philosophy department at the University of Sydney. His books include *The Poet as Phenomenologist: Rilke and the New Poems*. David Macauley is Associate Professor of Philosophy and Environmental Studies at Penn State Brandywine. His books include *Elemental Philosophy: Earth, Air, Fire, and Water as Environmental Ideas*, also published by SUNY Press.

Summer Britannica Digital Learning

Interweaving narratives of the residents of Midland, Texas, a widower, a spinster, a treasure hunter, and a local beauty with big dreams are all connected by place and human longing against a backdrop of greed, regret, and redemption.

A Thousand Deer Penguin

Excerpt from *Field Book of American Wild Flowers: Being a Short Description of Their Character and Habits, a Concise Definition of Their Colors, and Incidental References to the Insects Which Assist in Their Fertilization* quite recently, in a conversation about art with Mr. Fosdick, the artist, he remarked to me that those who followed our profession were legitimately and continually seeking after expression regardless of limitation. I have since thought this was a very happy truth. Perhaps, therefore, it is sufficient to account for the exist. Hence of a volume on our American ora, fully one half of which is pictures.

On the Marsh Harlequin

Where the Crawdads Sing The Wild Marsh

Describes the habitat, food habits, and social behaviors of meerkats, and explains how they protect themselves from predators.

The Dare Three Rivers Press

From winter hunts to picnic foraging, Coyote makes his deliberate way through the seasons in his urban habitat. His adventures come to life in this lavishly illustrated tale. Down at the lake, Coyote is hunting, eager to fill his empty belly. When winter ice crackles, springtime frogs warble, summer thunderclouds threaten, and autumn leaves tumble, Coyote searches for his next meal. He stalks voles, rabbits, snakes, and geese, but there's no guarantee he'll catch his dinner. If his stomach growls, he'll steal vegetables from a tidy garden or nibble snacks from a trash can, maybe even leftovers from a family's picnic. Coyotes live on the plains and in deserts, on farms and in woodlands; they even live in towns and cities. In *Hungry Coyote*, lush, lifelike illustrations by natural history artist Laurie Caple accompany Cheryl Blackford's poetic imagining of a year in the life of an urban coyote. Across the pages, Coyote sneaks, skulks, and scurries in his constant quest to feed himself and his growing family. While Coyote hunts nearby, people enjoy a city park. At the lake, in the marsh, among the trees, children jump, twirl, and play, oblivious to his secret life. But if they listen closely they might overhear Coyote's wild nighttime conversations with his mate and pups. Is he planning his next hunt? Cheryl Blackford is the author of three third-grade nonfiction books and the middle-grade novel *Lizzie and the Stolen Baby*. Laurie Caple has created artwork for more than twenty books as well as

The Major Eights 4: Starstruck University of Georgia Press

NOW A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, hailed by The New York Times Book Review as “ a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature. ” For years, rumors of the “ Marsh Girl ” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

[Fog at Hillingdon](#) Michael O'Mara Books

"Elegant representations of nature and the four seasons populate a wide range of Japanese genres and media. In Japan and the Culture of the Four Seasons, Haruo Shirane shows how, when, and why this practice developed and explicates the richly encoded social, religious, and political meanings of this imagery. Shirane discusses textual, cultivated, material, performative, and gastronomic representations of nature. He reveals how this kind of 'secondary nature,' which flourished in Japan's urban environment, fostered and idealized a sense of harmony with the natural world just at the moment when it began to recede from view. Illuminating the deeper meaning behind Japanese aesthetics and artifacts, Shirane also clarifies the use of natural and seasonal topics as well as the changes in their cultural associations and functions across history, genre, and community over more than a millennium. In this book, the four seasons are revealed to be as much a cultural construction as a reflection of the physical world."--Back cover.

Bennington and Valentina Bears at the Beach Simon and Schuster

Describes how California winemaker Sam Sebastiani restored a field on his property to its natural condition, a freshwater marsh, with the help of Ducks Unlimited, creating a ninety-acre preserve that is home to 156 species of birds and other wildlife.

The Girls Are Never Gone Milkweed Editions

“ Hoffman certainly knows how to enchant ” (The New York Times Book Review) in this breathtaking conclusion to the Practical Magic series—a spellbinding and bewitching novel that asks how far will you go to change your fate? For over three-hundred years a curse has kept the Owens family from love—but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man ’ s life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. A heartfelt and satisfying conclusion to a beloved series, The Book of Magic celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love.

Seasons of the Estuary Biome U of Nebraska Press

The Yaak Valley of northwestern Montana is one of the last great wild places in the United States, a land of black bears and grizzlies, wolves and coyotes, bald and golden eagles, wolverine, lynx, marten, fisher, elk, and even a handful of humans. It is a land of magic, but its magic may not be enough to save it from the forces threatening it now. The Yaak does have one trick up its sleeve, though: a writer to give it voice. In Winter Rick Bass portrayed the wonder of living in the valley. In The Book of Yaak he captures the soul of the valley itself, and he shows how, if places like the Yaak are lost, we too are lost. Rick Bass has never been a writer to hold back, but The Book of Yaak is his most passionate book yet, a dramatic narrative of a man fighting to defend the place he loves.
