**NATIONAL BESTSELLER** • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment Weekly  
McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heart-breaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naïveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

**The Call of the Wild Penguin**

Jack London's "The Call of the Wild" has been broken down into several books. In this series, there will be a book for every chapter. This is *Weekly #1*, which is the 1st chapter (*Into the Primitive*) of *The Call of the Wild*. Be sure to look for your favorite chapters from this classic story. "The Call of the Wild," set in the late 1800s, takes the reader on an interesting adventure during the 1890s Klondike Gold Rush. Enjoy London's imagination as you discover what life was like for an in-demand dog during those times and how this dog responded to the challenges laid before him.

**CliffsNotes on London's *The Call of the Wild* & *White Fang*** Tin House Books

Kidnapped from his safe California home. Thrown into a life-and-death struggle on the frozen Arctic wilderness. Half St. Bernard, half shepherd, Buck learns many hard lessons as a sled dog: the lesson of the leash, of the cold, of near-starvation and cruelty. And the greatest lesson he learns from his last owner, John Thornton: the power of love and loyalty. Yet always, even at the side of the human he loves, Buck feels the pull in his bones, an urge to answer his wolf ancestors as they howl to him. Tor Classics are affordably-priced editions designed to attract the young reader. Original dynamic cover art enthusiastically represents the excitement of each story. Appropriate "reader friendly" type sizes have been chosen for each title—offering clear, accurate, and readable text. All editions are complete and unabridged, and feature Introductions and Afterwords. This edition of *The Call of the Wild* includes a Foreword, Biographical Note, and Afterword by Dwight Swain. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Into the Wild** New York : Grosset & Dunlap

*The Call of the Wild* - A dog named Buck gets stolen from his home in Santa Clara Valley, California, and sold into service as a sled dog in

Alaska. He becomes progressively feral in the harsh environment, where he is forced to fight to survive and dominate other dogs. *White Fang* - A wolf-dog raised in an Indian camp runs away only to face the violent world of wild animals and the equally violent world of humans. *White Fang* grows to become a savage, callous, morose, solitary, and deadly fighter. The story takes place in Yukon Territory and the Northwest Territories, Canada, during the 1890s Klondike Gold Rush. Jack London (1876-1916) was an American novelist, journalist, and social activist. His amazing life experience also includes being an oyster pirate, railroad hobo, gold prospector, sailor, war correspondent and much more. He wrote adventure novels & sea tales, stories of the Gold Rush, tales of the South Pacific and the San Francisco Bay area - most of which were based on or inspired by his own life experiences.

**White Fang & The Call of the Wild** Macmillan

The adventures of an unusual dog, part Saint Bernard and part Scotch shepherd, that is forcibly taken to the Klondike gold fields where he eventually becomes the leader of a wolf pack.

*Call of the Wild* DigiCat

*The Call of the Wild* brought him international acclaim when it was published in 1903. His story of the dog Buck, who learns to survive in the bleak Yukon wilderness, is viewed by many as his symbolic autobiography. "No other popular writer of his time did any better writing than you will find in *The Call of the Wild*," said H.L. Mencken. "Here, indeed, are all the elements of sound fiction." *White Fang* (1906), which London conceived as a "complete antithesis and companion piece to *The Call of the Wild*," is the tale of an abused wolf-dog tamed by exposure to civilization. Also included in this volume is "To Build a Fire," a marvelously desolate short story set in the Klondike, but containing all the elements of a classic Greek tragedy.

**Called By The Wild** Osmora Incorporated

*The Call of the Wild*—Selected by the Modern Library as one of the 100 best novels of all time "To this day Jack London is the most widely read American writer in the world," E. L. Doctorow wrote in *The New York Times Book Review*. Generally considered to be London's greatest achievement, *The Call of the Wild* brought him international acclaim when it was published in 1903. His story of the dog Buck, who learns to survive in the bleak Yukon wilderness, is viewed by many as his symbolic autobiography. "No other popular writer of his time did any better writing than you will find in *The Call of the Wild*," said H. L. Mencken. "Here, indeed, are all the elements of sound fiction." *White Fang* (1906), which London conceived as a "complete antithesis and companion piece to *The Call of the Wild*," is the tale of an abused wolf-dog tamed by exposure to civilization. Also included in this volume is "To Build a Fire," a marvelously desolate short story set in the Klondike, but containing all the elements of a classic Greek tragedy. "The quintessential Jack London is in the on-rushing compulsive-ness of his northern stories," noted James Dickey. "Few men have more convincingly examined the connection between the creative powers of the individual writer and the unconscious drive to breed and to survive, found in the natural world. . . . London is in and committed to his creations to a degree very nearly unparalleled in the composition of fiction."

**Call of the Wild Wind** University of Arizona Press

*The Call of The Wild* - By Jack London *The Call of the Wild* is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck, whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous, frigid Yukon during the days of the 19th century Klondike Gold Rushes. Published in 1903, *The Call of the Wild* is one of London's most-read books, and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel, suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence. London followed the book in 1906 with *White Fang*, a companion novel with many similar plot elements and themes as *The Call of the Wild*, although following a mirror image plot in which a wild wolf becomes civilized by a mining expert from San Francisco named Weedon Scott.

Allow your children to experience the adventure, freedom, and wonder of childhood with this practical guide that provides all the information, inspiration, and advice you need for creating a modern, quality homeschool education. Inspired by the spirit of Henry David Thoreau—"All good things are wild and free"—mother of five Ainsley Arment founded Wild + Free. This growing online community of mothers and families want their children to receive a quality education at home by challenging their intellectual abilities and nurturing their sense of curiosity, joy and awe—the essence of a positive childhood. The homeschool approach of past generations is gone—including the stigma of socially awkward kids, conservative clothes, and a classroom setting replicated in the home. The Wild + Free movement is focused on a love of nature, reading great books, pursuing interests and hobbies, making the entire world a classroom, and prolonging the wonder of childhood, an appealing philosophy that is unpacked in the pages of this book *The Call of the Wild and Free* offers advice, information, and positive encouragement for parents considering homeschooling, those currently in the trenches looking for inspiration, as well as parents, educators, and caregivers who want supplementary resources to enhance their kids' traditional educations.

**THE WOLF TRILOGY: Call of the Wild, White Fang & The Son of the Wolf** e-artnow

Once upon a time, humans lived in intimate relationship with nature. Whether disillusioned by the dominant church or unfulfilled by traditional expressions of faith, many of us long for a deeper spirituality. Victoria Loorz certainly did. Coping with an unraveling vocation, identity, and planet,

Loorz turned to the wanderings of spiritual leaders and the sanctuary of the natural world, eventually cofounding the Wild Church Network and Seminary of the Wild. With an ecospiritual lens on biblical narratives and a fresh look at a community larger than our own species, Church of the Wild uncovers the wild roots of faith and helps us deepen our commitment to a suffering earth by falling in love with it--and calling it church. Through mystical encounters with wild deer, whispers from a scrubby oak tree, wordless conversation with a cougar, and more, Loorz helps us connect to a love that literally holds the world together--a love that calls us into communion with all creatures.

#### **The Call of the Wild - Spotlight Edition** HarperCollins

Jack London's dual-novel compilation of 'The Call of the Wild' and 'White Fang' delves deep into the wild and untamed landscapes of the Yukon and the Klondike during the gold rush era. London's prose is stark yet rich with vivid imagery, perfectly capturing the raw, brutal beauty of the natural world and the struggle for survival. Through the eyes of his animal protagonists, Buck and White Fang, London paints a powerful narrative on the primal instincts and the fight for dominance in a harsh, unforgiving environment. Both novels exemplify London's signature naturalism style, blending realism with themes of individualism, instinct, and the conflict between civilization and the untamed wilderness. His exploration of the human-animal relationship is thought-provoking and resonates with readers of all ages. Jack London's own experiences as a sailor, prospector, and adventurer undoubtedly influenced the authenticity and ruggedness of his writing. His passion for nature and adventure shines through in 'The Call of the Wild' and 'White Fang,' making them timeless classics that continue to captivate audiences seeking a deeper understanding of the natural world and man's place within it.

#### **The Call of the Wild and Selected Stories** Houghton Mifflin Harcourt

People have long used wild plants as food and medicine, and for a myriad of other important cultural applications. While these plants and the foraging activities associated with them have been dismissed by some observers as secondary or supplementary--nor even backward--their contributions to human survival and well-being are more significant than is often realized. *Eating on the Wild Side* spans the history of human-plant interactions to examine how wild plants are used to meet medicinal, nutritional, and other human needs. Drawing on nonhuman primate studies, evidence from prehistoric human populations, and field research among contemporary peoples practicing a range of subsistence strategies, the book focuses on the processes and human ecological implications of gathering, semidomestication, and cultivation of plants that are unfamiliar to most of us. Contributions by distinguished cultural and biological anthropologists, paleobotanists, primatologists, and ethnobiologists explore a number of issues such as the consumption of unpalatable and famine foods, the comparative assessment of aboriginal diets with those of colonists and later arrivals, and the apparent self-treatment by sick chimpanzees with leaves shown to be pharmacologically active. Collectively, these articles offer a theoretical framework emphasizing the cultural evolutionary processes that transform plants from wild to domesticated--with many steps in between--while placing wild plant use within current discussions surrounding biodiversity and its conservation. *Eating on the Wild Side* makes an important contribution to our understanding of the links between biology and culture, describing the interface between diet, medicine, and natural products. By showing how various societies have successfully utilized wild plants, it underscores the growing concern for preserving genetic diversity as it reveals a fascinating chapter in the human ecology.

CONTENTS

#### **The Call of the Wild** LUNA

At an obscure South Carolina nursing home, a lost world reemerges as a disabled elderly woman undergoes newfangled brain-restoration procedures and begins to explore her environment with the assistance of strap-on robot legs. At a deluxe medical spa on a nameless Caribbean island, a middle-aged woman hopes to revitalize her fading youth with grotesque rejuvenating therapies that combine cutting-edge medical technologies with holistic approaches and the pseudo-religious dogma of Zen-infused self-help. And in a rinky-dink mill town, an adolescent girl is unexpectedly inspired by the ravings and miraculous levitation of her fundamentalist friend's weird grandmother. These are only a few of the scenarios readers encounter in Julia Elliott's debut collection, *The Wilds*. In these genre-bending stories, teetering between the ridiculous and the sublime, Elliott's language-driven fiction uses outlandish tropes to capture poignant moments in her humble characters' lives. Without abandoning the tenets of classic storytelling, Elliott revels in lush lyricism, dark humor, and experimental play.
